Horn, 2005-12-02 **Creating a Sustainable Vision of Nonviolence in Schools and Society** Singh, Swaranjit, Erbe, Nancy D., 2017-01-10 A nonviolent environment provides many benefits to its population. Although all industries can reap the rewards of nonviolence, its positive impacts can particularly be examined in applied disciplines like conflict resolution, child development, criminal justice, and social work. *Creating a Sustainable Vision of Nonviolence in Schools and Society* is a unique reference source that discusses the value that nonviolent spaces can add to educational institutions and societies. Featuring extensive coverage on relevant topics including conflict skills, intersectional dialogue, mentoring, co-existence, and police brutality, this is an outstanding resource of academic material for educators, academicians, graduate students, and researchers seeking to expand their knowledge on nonviolent methods and techniques for educational environments. *Economic, Social and Cultural Rights in International Law* Manisuli Ssenyonjo, 2016-10-06 Since the first edition published in 2009, there have been several important treaty developments, including the entry into force of the Optional Protocol to the International Covenant on Economic, Social and Cultural Rights (ICESCR) on individual communications and significant developments in the case law on economic, social and cultural (ESC) rights. The second edition addresses these developments and explores ESC rights from foundational issues to substantive rights and systems of protection. It has been fully updated to include new material and up-to-date coverage of the case law of human rights bodies and national courts on ESC rights. In addition to the rights to health, education, and work covered in the first edition, the second edition analyses new developments such as the rights to adequate food, water, and sanitation, adequate housing, social security, and cultural rights. It also considers several contemporary issues, including the extraterritorial human rights obligations of states in the area of economic, social and cultural rights, non-state actors, relationship of the ICESCR to other areas of international law, the Optional Protocol to the ICESCR, regional protection of ESC rights, more examples of the domestic protection of ESC rights, the protection of ESC rights of vulnerable groups, contemporary challenges to ESC rights, including poverty, corruption, armed conflicts, and terrorism. It concludes by exploring the possible establishment of a World Court of Human Rights. **Sociology** Ken Plummer, 2021-09-30 A lively, accessible, and comprehensive introduction to the diverse ways of thinking about social life. *Sociology: The Basics* has been translated into six languages.
