End Of A Journey

Robert Gore-Langton

End Of A Journey:

Journey's End Robert Gore-Langton, 2013-06-20 R C Sherriff's *Journey's End* is a syllabus text and the most famous play about World War One. First staged in 1928, this book tells the story of what went into the making of this extraordinary and powerful trench drama. It outlines Sherriff's career from humble insurance clerk to infantry officer and his unforgettable 10 months on the western front before he was invalided home. Lucky to be alive, Sherriff poured into his first professional play his personal experience of living in a front line dug out. Using his diary and letters home, the book charts his emotional life under fire and relates it directly to the play, its events and its characters. It also tells the story of *Journey's End*'s incredible box office success across the world, a triumph which made its shy young author famous overnight. Taking in the history of the show right up to the most recent productions, *Journey's End: The Classic War Play Explored* is a meditation on *Journey's End*'s achievement as a war document, its fascination for audiences when it was first staged, and its continuing grip on theatregoers and students today.

Dead-end Journey Hana Weiner, Dalia Ofer, 1996 This book tells the story of over 1 000 Jewish refugees and their unfinished voyage to Palestine.

The State of Afterness Assaf Shelleg, 2025-03-25 The State of Afterness traces the histories and cultural histories of contemporary music in Israel since the 1980s and through the 2020s. With afterness defined as the state of being unconditioned by territorialism while opting for previously unavailable temporalities and ethnographies, Assaf Shelleg studies the compositional approaches that record the attenuation of territorial nationalism and assembles a network of composers trained in the post-ideological climate of the 1970s and 80s. This network features operas, electronic music, orchestral and chamber and ensemble works by Chaya Czernowin, Betty Olivero, Luciano Berio, Leon Schidlowsky, Josef Bardanashvili, and Arik Shapira, in addition to Jewish oral musical traditions and novels by David Grossman, A. B. Yehoshua, Yishai Sarid, and Ruby Namdar. While in previous eras the statist subject superseded or subsumed any competing political project, since the 1980s such self-referential acts have been losing their ability to confer homogeneity and project the monologic of national Hebrew culture and its telos. As a result, Shelleg writes, the composers discussed in this book do not form a cohesive group; yet they share constituent cultural and historical sensibilities: they opt for diasporism irrespective of their compositional approaches but refrain from universalizing Jewish diasporas as did classic Zionism; they display postmodern patrimonies but reject their essentialist qualities; they admonish their country's ethocracy and democratic façade; they denationalize Holocaust memorialization; and they narrate the failure of territorial nationalism. In this sense, the state of afterness is a drama still etched in our everyday.
