

The background of the book cover is a painting. It depicts a single red apple hanging from a dark, leafy branch. The apple is positioned in the center of the frame. A long, thin, golden arrow points horizontally across the middle of the image, passing behind the apple. The sky is a deep blue with some lighter, wispy clouds. In the upper right corner, a small, pale yellow crescent moon is visible. The overall style is that of a classical oil painting.

A Meditation on Going Home Delbert L. Wiens, 2024-10-31 Delbert Wiens was born during the depression to an ethnic German speaking Mennonite family As an adult he became the righteous older sibling who wanted oddly to identify with his elders Returning home to Corn Oklahoma with a severe case of culture shock after living in Vietnam he wrote New Wineskins for Old Wine to tell Mennonites they were succumbing to evangelical forms of modernism Unfortunately the relentlessness of his analysis convinced many that he had a dangerous mind This book tells the story of his recovery of the wisdom of his elders In response Wiens develops metaphors like concrete and abstract to clarify how civilizations evolve He centers his attempt to tell stories that like biblical narratives and parables evoke traditional attitudes and lifestyles Phrases like mutual aid and ethnic cliches like Gottesfurcht honoring God and Gelassenheit letting go and letting God are used to describe their qualities and virtues The final chapters use a more abstract style to trace some of the positive and negative consequences of progress This book circles around its center chapters 4-9 that describes the faithfulness and character of his elders May these meditations better evoke the desire to imitate them

Our Only Hope Margaret B Adam, 2014-08-28 The most popular source of theological hope for modern Christians is that of Jurgen Moltmann Preachers teachers and lay people reflect Moltmann's influence with their hope in a this worldly eschatology and suffering God However an exclusive reliance on that hope deprives the church of crucial resources in the face of global economic environmental and military crises Our Only Hope explores Moltmannian hope and considers its costs before looking elsewhere for additional contributions from Thomas Aquinas theological virtue of hope to nihilism and beyond in order to encourage the church to sustain and practise hope in Jesus Christ our only hope

Globalisation and its Discontents John Wiseman,2000-06-13 Most analyses of globalization convey the message that it is an unstoppable force sweeping away national sovereignty and inevitably creating a brave new world of borderless and boundless consumerism In such a context politics and democracy become irrelevant This collection of essays develops a more critical and grounded analysis of the nature and implications of globalization Many of the contributions to this book conclude that there are real political choices to be made Even though the economic context has changed politics still matters

Meaning, and Argument in Eric Weil's Logic of Philosophy Sequoya Yiaueki, 2023-04-12 This volume investigates Eric Weil's innovative conceptualization of the place of violence in the philosophical tradition with a focus on violence's relationship to language and to discourse. Weil presents violence as the central philosophical problem. According to this reading, the western philosophical tradition commonly conceptualizes violence as an expression of error or as a consequence of the weakness of will. However, by doing so, it misses something essential about the role that violence plays in our conceptual development as well as the place violence holds in our discursive practices. The author draws comparisons between Weil's work and that of Robert Brandom. Brandom's inferentialism creates a sophisticated program at the junction of pragmatics and semantics, philosophy of language, logic, and philosophy of mind. The monograph builds on these insights in order to show how an inferentialist reading of Eric Weil is fruitful for both Weilian studies and for inferentialism. This volume will notably be of interest to scholars in philosophy, argumentation theory, and communication studies. **The Spectator**
