2012 and the End of the World Matthew Restall, Amara Solari, 2011-01-16 Did the Maya really predict that the world would end in December of 2012 If not how and why has 2012 millenarianism gained such popular appeal In this deeply knowledgeable book two leading historians of the Maya answer these questions in a succinct readable and accessible style Matthew Restall and Amara Solari introduce explain and ultimately demystify the 2012 phenomenon They begin by briefly examining the evidence for the prediction of the world s end in ancient Maya texts and images analyzing precisely what Maya priests did and did not prophesize The authors then convincingly show how 2012 millenarianism has roots far in time and place from Maya cultural traditions but in those of medieval and Early Modern Western Europe Revelatory any myth busting while remaining firmly grounded in historical fact this fascinating book will be essential reading as the countdown to December 21 2012 begins

The Manifesto, 1887 *Unity*, 1905 Apocalypse Jukebox Edward Whitelock, David Janssen, 2008-12-23 From its indefinite beginnings through its broad commercialization and endless reinterpretation American rock and roll music has been preoccupied with an end of the world mentality that extends through the whole of American popular music In Apocalypse Jukebox Edward Whitelock and David Janssen trace these connections through American music genres uncovering a mix of paranoia and hope that characterizes so much of the nation s history From the book s opening scene set in the American South during a terrifying 1833 meteor shower the sense of doom is both palpable and inescapable a deep foreboding that shadows every subsequent development in American popular music and as Whitelock and Janssen contend stands as a key to understanding and explicating America itself Whitelock and Janssen examine the diversity of apocalyptic influences within North American recorded music focusing in particular upon a number of influential performers including Bob Dylan Leonard Cohen John Coltrane Devo R E M Sleater Kinney and Green Day In Apocalypse Jukebox Whitelock and Janssen reveal apocalypse as a permanent and central part of the American character while establishing rock and roll as a true reflection of that character

The Paul Virilio Reader Paul Virilio, 2004 If nothing else the war in Iraq and the 1991 Gulf War have taught us much about media and technology as key players in how war is waged packaged for public consumption and exported in real time to the rest of the globe A critic of the art of technology Paul Virilio has keenly observed that media images quite often constitute a strategy of war and that accident is becoming indistinguishable from attack For more than fifty years Virilio has offered incisive and provocative criticism on technology and its moral political and cultural implications Yet until now much of his work originally published in French remains elusive in full English translation The Paul Virilio Reader collects for the first time English extracts reflecting the entire range of Virilio s diverse career The book s introduction demonstrates that Virilio has produced an important if controversial theory at the speed of light that uncannily illuminates the impact of new information and communications technologies in a world that collapses time and distance as never before The inventor of dromology which views speed as a defining concept for

contemporary civilization Virilio is noted for his proclamation that the logic of ever increasing acceleration lies at the heart of the organization and transformation of the contemporary world Arranged chronologically the Reader illustrates the development and interconnectedness of Virilio's work Each extract is prefaced by bibliographical and contextual commentary and the book includes an innovative guide to reading Virilio **The Works of President Edwards ...** Jonathan Edwards, 1852 The Last Myth Matthew Barrett Gross, Mel Gilles, 2012-03-06 During the first dozen years of the twenty first century apocalyptic anticipation in America has leapt from the cultish to the mainstream Today nearly 60 percent of Americans believe that the events foretold in the book of Revelation will come true But many secular readers also seem hungry for catastrophe and have propelled books about peak oil global warming and the end of civilization into bestsellers How did we come to live in a culture obsessed by the belief that the end is near The Last Myth explains why apocalyptic beliefs are surging within the American mainstream today Demonstrating that our expectation of the end of the world is a surprisingly recent development in human thought the book reveals the profound influence of apocalyptic thinking on America's past present and future *LUTHER (Vol. 1-6)* Hartmann Grisar, 2020-07-15 Luther is a six volume biography of Martin Luther German professor of theology and the Church reformer famous for his Ninety five Theses of 1517 and recognized as a seminal figure in the Protestant Reformation The aim of the work was to present accurate historical and psychological portrait of Luther's personality which is still a mystery from many points of view While presenting Luther's psychological picture the author chooses to do so in Luther's own words analyzing his writings and letters Analyzing Luther's writings he opts not to write about Luther's teachings and the history of dogma but reaches deeper in his endeavor to supply an exact portrayal of Luther as a whole which should emphasize various aspects of his mind and character *That's All I Know* Elisa Levi, 2025-05-20 Nineteen year old Little Lea lives in a rural town where life ends at the edge of the forest When a stranger loses his dog on the first day after the end of the world Little Lea warns him not to follow it into the forest that people who enter never come out Over a shared joint she tells him about the burning in her gut winding a tale of loss desire and conspiracies Little Lea sees the world through backcountry eyes that distrust the outsiders who come but who also get to leave When she isn't working at her mother's grocery store she cares for her empty headed younger sister Nora who only cries when she's in pain Meanwhile her friend Catalina does nothing but cry Little Lea wants Javier to love her and she doesn't want Marco who leaves weed and his best potatoes on her doorstep As the town prepares for their end of the world festival she faces her intensifying desire to leave that burning that unsettles her life she wants to be useful somewhere else even if it means being unloved unwanted unable to return That's all she knows In a formally ambitious sustained monologue meant to distract the man as the forest does its work Elisa Levi's *That's All I Know* explores the toll of caring for those who cannot care for themselves the fear of the unknown that anchors people to unfulfilling lives and the bravery it takes to stop deceiving oneself to give in to longing *Kieli, Vol. 9 (light novel)* Yukako Kabei, 2018-03-27 Kieli Harvey and their companions are
