I Just Want To Be A Christian:

I Just Want to be a Christian Rubel Shelly, 1986

What Jesus Wants You to Know Today: About Himself,

Christianity, God, the World, and Being Human Gina Lake, 2019-05-20 Have you ever wondered what Jesus would teach today or what he would share about his life two thousand years ago What would he say about how to solve the world's problems or about Christianity What would he say about God being human suffering and the meaning and purpose of life The answers to these questions and others are here in these pages Jesus exists and has always existed to serve humanity and one way he is doing this today is through this channel Gina Lake and others In *What Jesus Wants You to Know Today* Jesus answers many questions about his life and teachings and shares his perspective on the world He brings his message of love once again to the world and corrects the record by detailing the ways that Christianity has distorted his teachings He wants you to know that you too have the potential to be a Christ to be enlightened as he was and he explains how this is possible Knowing the truth is the beginning of changing the world Too many were and still are living according to false beliefs instead of the truth I came to earth to try to change that to be a voice in a vast desert of misunderstandings and I continue to be a voice for truth to the extent that I can from this dimension I never really left you I have never ceased being in service to humanity and your beautiful planet Jesus

The Act of Love Cache' Ivon e' Jhai e', 2023-03-28 Something is happening something very peculiar visions just won't let up Sapphire has been having these visions for far too long what is it about Why is it happening The mystery lingers on At only nine years old these mysteries are still happening Now that she is all grown up one discovery will lead her to the next discovery Sapphire feels like the light of the world has invoked her most inner spirits With a beyond ordinary gift that she inhabits her light team is constantly guiding her and also helping her to understand her purpose which pretty soon will lead her to her destiny Discovering something sweet and fragile a gift given from the unknown But despite of her beautiful nature she must go through the motions that are just ahead of her to fully understand the world around her With such a kind gentle soul and heart she will stop at nothing to help those along her journey and it's not always sweet It is ever so challenging She is aware that life is all about experiences but nothing is ever tickled sweet She will soon learn about a mission that has been written in the stars Sometimes things can be so simple dangerous weird and uncomfortable But it's a courageous thing to have the strength and power to fear nothing making the effort to see the intention through With the support of her friends things are about to become very strange for her snatching her out of her comfort zone It is up to Sapphire to show just how strong powerful and determined she is but even with that is a challenge within itself She will have to put all of her logical knowledge wisdom and faith to the test To see this intent through Although this may be dangerous a gamble and maybe even a struggle But in the end it will all turn out to be sweet But you'll just have to see to find out Drama lies drugs a violent history lust discovery faith true love trust murder and digging out the truth despite of the nature of the circumstance All simmer into this thing we all call life of experiences

Relations Board,1968 *God Now* C. Fred Alford,2019-11-07 In these short accessible essays Alford writes about the personal Why I Pray as well as the political Simone Weil and Donald Trump He makes some difficult theologians such as Karl Barth and S ren Kierkegaard accessible while not hesitating to criticize them Alford argues the genius of Christianity is in God making himself vulnerable so as to know what it is to be human otherwise God stands at a terrible distance from humanity From this perspective Christianity is about the teachings of Christ and God s willingness to suffer The resurrection so central to most Christians becomes less important Myriad religious thinkers are considered including Albert Camus Thomas Merton Reinhold Niebuhr Rudolf Bultmann and Paul Tillich among others including Simone Weil Also addressed is

the relationship between religion and psychology as well as the status of natural law Notable is the author's attitude which combines respect for great thinkers and a willingness to call them out as wrong confused or misguided Unafraid of atheism Alford thinks many of the so called new atheists judge religion as though it were a science a confusion of categories Once a philosopher of science he knows the scope and limits of scientific explanation better than most

Christian America? Christian Smith, 2000-04-13 In recent decades Protestant evangelicalism has become a conspicuous and to many Americans worrisome part of this country's cultural and political landscape But just how unified is the supposed constituency of the Christian Coalition And who exactly are the people the Christian Right claims to represent In the most extensive study of American evangelicals ever conducted Christian Smith explores the beliefs values commitments and goals of the ordinary men and women who make up this often misunderstood religious group The result is a much needed contribution to the discussion of issues surrounding fundamental American freedoms and the basic identity of the United States as a pluralistic nation Based on data from a three year national study including more than 200 in depth interviews of evangelicals around the country Christian America assesses the common stereotype of evangelicals as intolerant right wing religious zealots seeking to impose a Christian moral order through political force What Smith finds instead are people vastly more diverse and ambivalent than this stereotype suggests On issues such as religion in education family values Christian political activism and tolerance of other religions and
