O'Reilly, J. Kenner**

I Chose Life:

U-vacharta Ba-chayim David Birnbaum, Martin S. Cohen, In one of his most famous poems Robert Frost imagines himself standing at a crossroads in a yellow wood and having to decide which path forward to choose. The poem turns on the fact that neither path clearly recommends itself as the better one to choose; both are covered in yellow autumnal leaves; one is just as fair as the other and both lead to destinations that Frost cannot see. In just twenty lines the poet thus suggests the plight of moderns who must make decisions in life that may eventually be perceived as matters of great importance but that feel hardly even to matter much when they are actually being made. That is surely a challenge we all face but how exactly to deal with it is challenging to say. It surely seems exaggerated to conclude from the poet's reverie that our decisions in life don't really matter at all simply because we cannot say at the outset where they may ultimately lead us; much less that they have no real importance because we will end up in the same place anyway. Those conclusions both feel just a bit irrational but neither should we read the poem's famous conclusion that the poet's decision to travel the path less taken has ended up making all the difference in his life as suggesting that the wisest choices in life are invariably those spurned by the majority. Surely for all the oylem may be a goylem it can't always be unwise to make some specific decision in life merely because many others have previously chosen to make it. 2 Martin S. Cohen The Yiddish aphorism, one of my own father's favorites, conveys the same message as the one attributed possibly spuriously to Alexander Hamilton according to which the masses are asses. The Torah offers a different take on the decision to choose one path forward in life over another. Speaking from the edge of his own life, Moses begins by imagining two paths stretching forth before the Israelites as they contemplate their future. And he knows their names too: they are the paths of blessing and of curse: a blessing if you obey all the commandments of the Eternal your God that I am commanding you this day; and a curse if you do not obey the commandments of the Eternal your God and swerve off the path that I am commanding you today. Deuteronomy 11:26-28. Later in his speech, Moses returns to that same trope and describes that same choice in far greater detail. Behold, by commanding you today to love the Eternal your God and to walk in God's ways and to keep God's commandments and statutes and laws, I am placing before you today on the one hand life and goodness and on the other death and evil. And so shall you live and flourish as the Eternal your God blesses you in the land that you are now entering to possess. If however your heart should turn away and you stop obeying such that you actually turn to apostasy and prostrate yourself before alien gods and worship them, then I am telling you clearly today that you shall surely perish; that you will not live for long on the land that you are about to cross the Jordan to enter and possess. I call heaven and earth on this day as my witnesses that I am placing before you life and death, blessing and curse. Choose life so that you live you and your progeny. And love the Eternal your God by obeying God's voice and by cleaving unto God for it is God who grants you your life and who determines how long shall last the days you dwell on the land that the Eternal³ Prefaceswore to grant to your ancestors Abraham, Isaac and Jacob. Deuteronomy 30:15-20. The title of the volume

you are holding is taken from the end of this very passage where the Torah presents Moses instructing the people how to deal with the choice that lies before them. U va artaba ayyim choose life he commands and his meaning feels clear and unambiguous to secure a long life for yourself and your progeny choose to live in God's service choose to devote yourself to obeying God's voice and choose to cleave unto God all the days of your life. And the aggregate result of all that wise choosing will lead to the greatest choice of all the choice to embrace life at its fullest and richest both as individuals linked personally to the Almighty in covenantal intimacy and as citizens of a nation linked to the Almighty in exactly the same way. There are countless ways to respond to the injunction to choose life and each of the authors in this volume has chosen one to explore in his or her essay. Some are theoretical in nature and deal with the larger notion of how choice and obligation interact in the context of religion. Others are more practical and treat of the specific ways in which individuals might respond to the biblical obligation to choose life in the context of the consequential decisions that we find ourselves faced with in life. Still others are rooted in history and present the way the injunction to choose life was understood by different thinkers at different moments in Jewish history. And some have used the scriptural injunction to choose life as a jumping off point for considering the notion of free will itself and pondering how the theological notion that God is all knowing can be reconciled with the sense people have of being able freely to make real meaningful choices in life. The authors who have contributed essays to this volume address⁴ Martin S. Cohen all of these questions. Our authors come from a wide range of backgrounds many are congregational rabbis while others are teachers and academics and still others work in the Jewish world in different capacities. They are a disparate group our authors men and women older and younger staunchly traditionalist and more liberally oriented Israelis and Diaspora based. Yet for all they are different they are also united by the common belief that the written word and particularly in the form of the essay is a useful and satisfying medium in which to explore Judaism and Jewishness itself in a deep and meaningful way. This is not a book solely for Jews of any particular spiritual orientation nor for that matter is it a book solely for Jewish readers. Rather we hope that this anthology may open a door for all who possess the kind of curiosity about Jewish religion and culture that cannot be dealt with effectively by platitudes or even heartfelt oped pieces but rather by thoughtful text based studies intended to inform to persuade and to inspire. I feel privileged to present the work of these authors to the reading public and I hope our readers will likewise feel that this is a remarkable collection. Unless otherwise indicated all translations here are the authors' own work. Biblical citations of the NJPS refer to the complete translation of Scripture first published under the title Tanakh The Holy Scriptures by the Jewish Publication Society in 1985. The four letter Hebrew name of God is rendered in this volume almost always as the Eternal or Eternal God although authors have sometimes departed from this convention as dictated by the constraints of their own writing. I would like to take this opportunity to acknowledge the other senior editors of the Mesorah Matrix series David Birnbaum and Benjamin Blech as well as Saul J. Berman our associate editor. They and our able staff have all supported me as I've labored to bring this⁵

Let There Be Light Doug Irmen, 2021-05-21 The potentially catastrophic problems we face in the world today are the result of a massive spiritual failure Too many of us appear to have forgotten the real purpose we were born for in the first place which at its most basic level is to love and nurture ourselves and the earth But we're not really loving and nurturing when we cause the environment to decline and the climate to become inhospitable when we keep wasting money and resources by amassing petrifying weapons to fight horrific wars when we fail to take care of the weak and when we demonize each other with so much vitriol that nothing effective seems to get done We are out of control as a species Let There Be Light Saving Ourselves and Our Planet Through a Global Social Compact proposes that we tame the savageness of man by using the internet to adopt a universal Social Compact a grass roots spiritual and political movement that would operate as a Light Network to connect like minded people around the world in an urgent crusade to reverse the course their governments and societies have put them on Our Social Compact will funnel the core goodness we all have within us into a metaphorical ball of Light that beams out the conscience of mankind A conscience that says NO MORE to our current failure to get along and cooperate A conscience that will overwhelm our governments and societies with the message that NOW IS THE TIME for us to truly achieve the universal desire of mankind which is first of all to survive and then to come together to love and respect all life on earth The Light Network website www.lightnetwork.me is now under construction Although the Light Network will not be a formal legal entity its work will nonetheless be continuously felt throughout the world It will be a relentless force that tracks the issues that threaten our world and then shines its spiritual message onto the efforts that will be essential if we are to take back control of our destiny

anyone's relationship with their God **Fugitives of the Forest** Allan Levine, 2010-07-13 The heroic story of Jewish resistance and survival during the Second World War **Hearsay's Victims** Lewis Sano, 2019-09-09 The author has chosen to show the plight of ordinary men, women and children caught in the turmoil of human madness. One by one the main characters tell their harrowing stories to a listening priest. Then follows explanation of the psychological effects on emotionally damaged psyche because there is an aftermath. We can imagine that the purpose of this book is healing of the emotional pain that of the author and that of the public who have witnessed these horrors. This is not an easy read. Emotions run high. Nothing is spared to the reader. One is reminded of the Marquis de Sade or Kafka in extremism of the ordeal man is made to endure. Death in this book becomes a person exacting its measure on the innocent and the not so innocent. The Hutu are not the only ones to blame. Colonization of the country has had its effect on the different ethnic groups in Cyacu. And yet the book is not about hatred and revenge. It is about love, thy enemy and forgiveness. Man's greatness is in rising above the circumstances that drag him down.

The Blessing of Pain Scretta Hamilton, 2018-05-22 The Blessing of Pain isn't just a book but it's a part of me. The importance of writing this memoir is to shed light on issues that I've faced and to give a solution on how to overcome these particular struggles. This piece is known as my transparent treasure. I birthed this book through pain but produced power through the process. The Holy Spirit gave me wisdom on how to use my trials and victories as tools to empower others. With this being said I turned this book into a manual workbook and a guide to remind everyone that there is purpose for their pain. I covered topics such as rejection, molestation, rape, lies, character assassination, loneliness, sickness, relationship problems, drinking, hopelessness, brokenness, depression and much more. We as people face these mountains but sometimes we don't understand why or how to maneuver through them. This is where this book comes into handy. This manual consists of Godly wisdom to strategically triumph over obstacle that we may face. As you read, pay attention to my journey, complete the interactive part in each section and retain the information given. Then you will gain the victory when you encounter various trials. Remember there is a blessing for your pain and lessons you must maintain. After going through the process embrace all the wisdom you've gained.
