Raped in Prison A Horror Story By Russell Dan Smith In this powerful memoir Russell Dan Smith chronicles his life as a child prisoner among adults and explains the turbulent atmosphere of life in prisons He details the assault he faced as a child among older prisoners Smith had enemies among prisoners and prison administrators which necessitated an extraordinary step by federal officials to step in to protect Smith from both The brutalities he faced lead Smith to for his own organization to end molestation in prisons throughout the world The Puzzle of Prison Order David Skarbek,2020 Many people think prisons are all the same rows of cells filled with violent men who officials rule with an iron fist Yet life behind bars varies in incredible ways In some facilities prison officials govern with care and attention to prisoners needs In others officials have remarkably little influence on the everyday life of prisoners sometimes not even providing necessities like food and clean water Why does prison social order around the world look so remarkably different In The Puzzle of Prison Order David Skarbek develops a theory of why prisons and prison life vary so much He finds that how they re governed sometimes by the state and sometimes by the prisoners matters the most He investigates life in a wide array of prisons in Brazil Bolivia Norway a prisoner of war camp England and Wales women s prisons in California and a gay and transgender housing unit in the Los Angeles County Jail to understand the hierarchy of life on the inside Drawing on economics and a vast empirical literature on legal systems Skarbek offers a framework to not only understand why life on the inside varies in such fascinating and novel ways but also how social order evolves and takes root behind bars **The American Prison Business** Jessica Mitford,2023-02-14 First published in 1974 The American Prison Business studies the lunacies the delusions and the bizarre inner workings of the American prison business From the first demonstration that the penitentiary is an American invention that was initiated by the late eighteenth century reformers to the startling revelations in the chapter called Cheaper than Chimpanzees of how pharmaceutical companies lease prisoners as human guinea pigs every page stimulates and surprises the reader as Jessica Mitford describes inter alia the chemical surgical and psychiatric techniques used to help violent prisoners to be reborn why businessmen tend to be more enthusiastic than the prisoners they employ in the rent a con plan and the Special Isolation Diet which tastes like inferior dog food Jessica Mitford s financial analysis of the prison business is a scoop Her hard eyed examination of how parole really works is a revelation As the prison abolition movement continues to gain momentum this book will provide food for thought for legislators officials and students of sociology law criminology penology and history **Prisoner Voices from Death Row** Reena Mary George,2016-03-03 Death penalty has produced endless discourses not only in the context of prisons prisoners and punishment but also in various legal aspects concerning the validity of death penalty the right to life and torture Death penalty is embedded in Indian law however very little is known about the people who are on death row barring a few media reports on them The main objective of this book is to enquire whether the dignity of prisoners is upheld while they confront the criminal justice system and whilst surviving on death row Additionally it explores the lived experiences and perceptions of prisoners on death row as they create meaning out of their

world With this rationale 111 prisoners on death row in India and some of their family members were interviewed The theoretical underpinnings of phenomenology and symbolic interactionism coupled with data analysis lead to an understanding of the prisoners on death row with special reference to their demographic profile and the impact of death sentence on their families George s research highlights three salient features namely poverty social exclusion and marginalisation are antecedent to death penalty death penalty is a constructed account by the state machinery and prisoners on death row situate dignity higher in the juxtaposition of death and dignity **A Prisoner's Wisdom** Ian McTavish,2012-04-18 Follow Ian McTavish s journey from the emotional state that caused him to commit the crime that sent him to prison to the spiritual enlightenment and soul transformation he gained both in and out of prison The true life stories depicted in this book are written with simplicity and understanding that are applicable to everyday living Learn and journey with author Ian Mctavish as he faces many challenges along the way in a prison environment that any reader can relate to The tests he encounters unfold like a video game getting harder and harder as he ascends to different levels of spirituality shedding many layers of his ego and proving that the circumstances of your life are purely manifestations of your inner thoughts **Prisoners I Once Loved** Nandi Sojourner Crosby,2023-07-05 Step into a world where human connections defy the boundaries of steel bars and concrete walls In Prisoners I Once Loved A Memoir Dr Nandi a distinguished sociology professor invites you on an enthralling journey through three decades of heartwarming and heartrending relationships with prisoners As you immerse yourself in the pages of this anthology prepare to be captivated by the richness of these extraordinary stories Discover how Dr Nandi s journey began with the simple act of writing to a pen pal Follow her path as she delves deep into the lives of those in prison ultimately embracing an unconventional marriage that defies societal norms Dr Nandi s remarkable writing style sets her apart as she unapologetically lays bare her own imperfections and boundless generosity Her words vividly depict the tangled emotions that arise when incarcerated individuals and compassionate outsiders dare to forge bonds that change lives This anthology is a celebration of the resilience of the human spirit Within its pages you ll encounter moments that tug at your heartstrings both heartbreaking and heartwarming Tragic stories of loss intertwine with triumphant tales of redemption demonstrating the transformative potential of empathy Prepare to be moved as Prisoners I Once Loved reveals the power of genuine care and understanding Through these touching narratives Dr Nandi reminds us that we are all connected and that it is through our shared humanity that we can make a difference even in the most unlikely of places **American Prisons** David Musick,Kristine Gunsaulus-Musick,2017-05-18 Imprisonment has become big business in the United States Using a history of ideas approach this book examines the cultural underpinnings of prisons in the United States and explores how shared ideas about imprisonment evolve into a complex loosely connected nationwide system of prisons that keeps enough persons to populate a small nation behind bars razor wire and electrified fences Tracing both the history of the prison and the very idea of imprisonment in the United States this book provides

Qualitative Research in Criminology Jody Miller, Wilson R.

Palacios, 2017-12-02 This volume investigates the significant role qualitative research plays in expanding and refining our understandings of crime and justice. It features seventeen original essays that discuss the relationship between methodology and theory. The result is a theoretically engaged volume that explores the approaches of qualitative scholars in the collection and treatment of data in criminological scholarship. Among the key issues addressed in the volume are methodological rigor in qualitative research, movement between method, theory building, theoretical refinement and expansion, diversity of qualitative methodologies, from classic field research to contemporary innovations and considerations of the future of qualitative criminological research. Qualitative research use has expanded rapidly in the last twenty years. This latest volume of *Advances in Criminological Theory* presents a cogent appraisal of qualitative criminology and the ways in which rigorous qualitative research contributes to theorizing about crime and justice. Voices from American Prisons Kaia

Stern, 2014-06-20 *Voices From American Prisons* Faith, Education and Healing is a comprehensive and unique contribution to understanding the dynamics and nature of penal confinement. In this book, author Kaia Stern describes the history of punishment and prison education in the United States and proposes that specific religious and racial ideologies, notions of sin, evil, and otherness continue to shape our relationship to crime and punishment through contemporary penal policy. Inspired by people who have lived, worked, and studied in U.S. prisons, Stern invites us to rethink the current punishment crisis in the United States. Based on in-depth interviews with people who were incarcerated, as well as extensive conversations with students, teachers, corrections staff, and prison administrators, the book introduces the voices of those who have participated in the few remaining post-secondary education programs that exist behind bars. Drawing on individual narrative and various modern-day case examples, Stern focuses on dehumanization, resistance, and community transformation. She demonstrates how prison education is essential, can provide healing, and yet is still not enough to interrupt mass incarceration. In short, this book explores the possibility of transformation from a retributive punishment system to a system of justice. The book's engaging human accounts and multidisciplinary perspective will appeal to criminologists, sociologists, historians, theologians, and scholars of education alike. *Voices from American Prisons* will also capture general readers who are interested in learning about a timely and often silenced reality of contemporary modern society. *Laura lives herself* Younger

Galt, 2021-03-03 A story about a young entrepreneur called Laura who dedicates herself to her company with joy and enthusiasm. Her cheerful sister Flora, whose entrepreneurial spirit constantly brings her into conflict with the law, her entrepreneurial friend Taio, who may soon become more than that, her lawyer who helps Laura avoid the pitfalls of state arbitrariness, and her friend Minda, who shows that the prohibitions affecting Laura have significance for everyone. A story that shows that only a free market economy and personal freedom allow the release of creative abilities and the voluntary cooperation of people for the benefit of all. A plea for a self-determined life free from state and social paternalism. The

Abolition of Prison Jacques Lesage de La Haye, 2021-07-13 The Abolition of Prison provides a reflection from a longtime prison abolitionist psychoanalyst and former prisoner on the history theory and practice of anti prison activism in France and globally over the last fifty years This book powerfully makes the case for the end of prisons punishment and guilt and instead suggests we work towards social change care collectivity The book weaves together Lesage de La Haye s own experiences in prison as a psychiatrist and as a social theorist with the simple argument that if we take the reasons for prison and punishment at their word we must evaluate the system as a complete failure So then why continue to support it and funnel money into it

Embodied Learning in Educational Theatre Nancy Smithner, 2025-04-29 This book explores embodied teaching practices through applied and physical theatre drawing extensively on the author s rich experience teaching in diverse urban environments including schools colleges and prison settings It presents a groundbreaking conceptualization of embodied practice aimed at fostering personal and social growth through educational theatre Each chapter delves into theories of social transformation supported by qualitative data from student reflections to provide both theoretical and practical insights These insights illustrate how physicalized pedagogy can be effectively used to engage students with socially transformative ideas and identities It also emphasizes the significant role of the facilitator in this process highlighting how they can create an environment that fosters ethical and multicultural awareness in both formal educational settings such as classrooms and informal settings like community workshops By promoting an ethos of inclusivity and ethical consideration it argues that facilitators can help students navigate and engage with complex social issues through the medium of theatre An accessible and compelling text it aims to inspire educators to adopt innovative methods that promote deeper engagement and understanding among students

Muslims in Prison J. Beckford, D. Joly, F. Khosrokhavar, 2016-01-12 The growth of Islam in Europe is reflected in the increasing numbers of Muslims in British and French prisons but authorities have responded differently to the challenges presented by Muslim prisoners in each country The findings of three years of intensive research in a variety of prisons show that British prisons facilitate and control the practice d of Islam whereas French prisons discourage it and thereby sow the seeds of extremism The policy implications of these ironic findings are examined in detail
