**I dream a world where man  
No other man will scorn,  
Where love will bless the earth  
And peace its paths adorn  
I dream a world where all  
Will know sweet freedom's way,  
Where greed no longer saps the soul  
Nor avarice blights our day.  
A world I dream where black or white,**

**Whatever race you be,  
Will share the bounties of the earth  
And every man is free,  
Where wretchedness will hang its head  
And joy, like a pearl,  
Attends the needs of all mankind-  
Of such I dream, my world!**

## **I Dream A World:**

*I Dream a World* Beverly Soll, 2005-01-01 William Grant Still 1895 1978 dreamed of a world in which his eight operas for him the ultimate form of musical expression would be heard in the major opera houses in the United States devoting most of his career toward the pursuit of this goal The first part of *I Dream a World* creates a context for Still's operas and explores commonalities among them including structural elements and musical characteristics The second part traces the research composition and performances of the operas as a way of documenting the history of the composer and his contributions to American opera Although *I Dream a World* is not intentionally biographical it is very personal It is more than the story of William Grant Still's love of operatic music of the libretti that reflect his own life and philosophy and of the world he dreamed through his work It opens a window on Still the man as well as on Still the composer that offers important insights into the social milieu of this pioneering figure

**Sanctuary** Nicole A. Waligora-Davis, 2011-03-01 In 2005 hurricane Katrina and its aftermath starkly revealed the continued racial polarization of America Disproportionately impacted by the ravages of the storm displaced black victims were often characterized by the media as refugees The characterization was wrong headed and yet deeply revealing Sanctuary African Americans and Empire traces the long history of this and related terms like alien and foreign a rhetorical shorthand that has shortchanged black America for over 250 years In tracing the language and politics that have informed debates about African American citizenship Sanctuary in effect illustrates the historical paradox of African American subjecthood while frequently the target of legislation slave law the Black Codes and Jim Crow blacks seldom benefited from the actions of the state Blackness helped to define social cultural and legal aspects of American citizenship in a manner that excluded black people themselves They have been treated rather as foreigners in their home country African American civil rights efforts worked to change this Activists and intellectuals demanded equality but they were often fighting for something even more fundamental the recognition that blacks were in fact human beings As citizenship forced acknowledgement of the humanity of African Americans it thus became a gateway to both civil and human rights Waligora Davis shows how artists like Langston Hughes underscored the power of language to define political realities how critics like W E B Du Bois imagined democratic political strategies and how they and other public figures have used their writing as a forum to challenge the bankruptcy of a social economy in which the value of human life is predicated on race and civil identity

**The Promise of Patriarchy** Ula Yvette Taylor, 2017-09-05 The patriarchal structure of the Nation of Islam NOI promised black women the prospect of finding a provider and a protector among the organization's men who were fiercely committed

to these masculine roles Black women's experience in the NOI however has largely remained on the periphery of scholarship Here Ula Taylor documents their struggle to escape the devaluation of black womanhood while also clinging to the empowering promises of patriarchy Taylor shows how despite being relegated to a lifestyle that did not encourage working outside of the home NOI women found freedom in being able to bypass the degrading experiences connected to labor performed largely by working class black women and in raising and educating their children in racially affirming environments Telling the stories of women like Clara Poole wife of Elijah Muhammad and Burnsteen Sharrieff secretary to W D Fard founder of the Allah Temple of Islam Taylor offers a compelling narrative that explains how their decision to join a homegrown male controlled Islamic movement was a complicated act of self preservation and self love in Jim Crow America

 Jason Miller, 2015-02-03 Since Martin Luther King Jr's I Have a Dream speech some scholars have privately suspected that King's dream was connected to Langston Hughes's poetry Drawing on archival materials including notes correspondence and marginalia W Jason Miller provides a completely original and compelling argument that Hughes's influence on King's rhetoric was in fact evident in more than just the one famous speech King's staff had been wiretapped by J Edgar Hoover and suffered accusations of communist influence so quoting or naming the leader of the Harlem Renaissance who had his own reputation as a communist would only have intensified the threats against the civil rights activist Thus the link was purposefully veiled through careful allusions in King's orations In Origins of the Dream Miller lifts that veil and shows how Hughes's revolutionary poetry became a measurable inflection in King's voice He contends that by employing Hughes's metaphors in his speeches King negotiated a political climate that sought to silence the poet's subversive voice By separating Hughes's identity from his poems King helped the nation unconsciously embrace the incendiary ideas behind his poetry
