I Found God In Soviet Russia:

I Found God in Soviet Russia John H. Noble, 2019-12-06 I Found God in Soviet Russia first published in 1959 is a profoundly moving account of author John Noble's religious epiphany while confined in a brutal Soviet prison following World War II The book also recounts Noble's harrowing survival of the massive Allied fire bombing of Dresden where he and his family took shelter in the cellar of their home which was partially destroyed during the raid Following World War II Noble along with his father were arrested in East Germany and held in several prison camps in Germany including the infamous Nazi era Buchenwald Noble is eventually transferred to Vorkuta in far northern Russia where he works in a coal mine Sustained by his faith and devotion to God Noble recounts his experiences stories of his captors and fellow inmates and the deep faith shown by many of the other prisoners Of special note is a chapter devoted to three nuns who as punishment for refusing to work were placed outdoors in sub zero weather in only lightweight clothing Miraculously the nuns came through the ordeal without frostbite and were thereafter excused from work details Following an imprisonment of nearly 10 years Noble was eventually released to the West and would go on to lecture about his experiences for the remainder of his life I Found God in Soviet Russia complements the author's other book entitled I Was a Slave in Russia which details the day to I Found God in Soviet Russia John H. Noble, Glenn D. Everett, 1960 day life in the Soviet gulag Soviet Russia John H. Noble, Glenn D. Everett, 1976 I Found God in Soviet Russia John Noble, Glenn D. Everett, 1962 Found God in Soviet Russia John H. Noble, G. D. Everett, 1970 I Found God in Soviet Russia, Etc John H. Noble, Glenn D. I Found God in Soviet Russia. By John H. Noble and Glenn D. Everett, Etc John Helmut Everett, 1962 NOBLE, Glenn D. EVERETT, 1960 I Found God in Soviet Russia, With an Introduction by Billy Gtaham, Reprinted John Noble, Billy Gtaham, 1970 Suppressed Terror Bettina Greiner, 2014-04-24 At the end of World War II the Soviet secret police installed ten special camps in the Soviet occupation zone later to become the German Democratic Republik Between 1945 and 1950 roughly 154 000 Germans were held incommunicado in these camps Whether those accused of being Nazis spies or terrorists were indeed guilty as charged they were indiscriminately imprisoned as security threats and denied due process of the law One third of the captives did not survive To this day most Germans have no knowledge of this postwar Stalinist persecution even though it exemplifies in a unique way the entangled history of Germans as perpetrators and victims How can one write the history of victims in a society of perpetrators This is only one of the questions Displaced Terror History and Perception of Soviet Special Camps in Germany raises in exploring issues in memory culture in contemporary Germany The study begins with a detailed description of the camp system against the backdrop of Stalinist security policies in a territory undergoing a transition from war zone to occupation zone to Cold War hot spot The interpretation of the camps as an instrument of pacification rather than of denacification does not ignore the fact that while actual perpetrators were a minority the majority of the special camp inmates had at least been supporters of Nazi rule and

were now imprisoned under life threatening conditions together with victims and opponents of the defeated regime Based on their detention memoirs the second part of the book offers a closer look at life and death in the camps focusing on the prisoners self organization and the frictions within these coerced communities. The memoirs also play an important role in the third and last part of the study Read as attempts to establish public acknowledgment of violence suffered by Germans they mirror German memory culture since the end of World War II An American Stand Eric R. Crouse, 2010-07-17 Margaret Chase Smith was the first woman in American history elected in both the House of Representatives and the Senate the first politician to take a public stand against McCarthyism and the first woman of a major political party to run for president of the United States An American Stand Senator Margaret Chase Smith and the Communist Menace 1948 1972 explores her engagement with the masculine issue of national defense An unyielding foe of global communism this Republican senator was the first female Cold Warrior During the Korean War she voiced strident anti communist rhetoric in her newspaper column Her energetic support for nuclear superiority in the fifties and sixties caused Nikita Khrushchev to describe her as Satan in the guise of a woman In the face of growing opposition to America's involvement in Vietnam Smith remained committed to a clear stand against violent communist expansion This book examines the exposition of the communist menace and the Cold War as a fight between good and evil without sanitization of communist leaders ruthless actions For Smith and many others America's fight against global communism despite appalling sacrifices of lives and money made sense because they believed that communism was a vicious expansionist system with little respect for human life and freedom A Long Walk To Church Nathaniel Davis, 2018-10-08 Making use of the formerly secret archives of the Soviet government interviews and first hand personal experiences Nathaniel Davis describes how the Russian Orthodox Church hung on the brink of institutional extinction twice in the past sixty five years In 1939 only a few score widely scattered priests were still functioning openly Ironically Hitler's invasion and Stalin's reaction to it rescued the church and parishes reopened new clergy and bishops were consecrated a patriarch was elected and seminaries and convents were reinstituted However after Stalin's death Khrushchev resumed the onslaught against religion Davis reveals that the erosion of church strength between 1948 and 1988 was greater than previously known and it was none too soon when the Soviet government changed policy in anticipation of the millennium of Russia's conversion to Christianity More recently the collapse of communism has created a mixture of dizzying opportunity and daunting trouble for Russian Orthodoxy The newly revised and updated edition addresses the tumultuous events of recent years including schisms in Ukraine Estonia and Moldova and confrontations between church traditionalists conservatives and reformers The author also covers battles against Greek Catholics Roman Catholics Protestant evangelists and pagans in the south and east the canonization of the last Czar the church's financial crisis and hard data on the slowing Russian orthodox recovery and growth Institutional rebuilding and moral leadership now beckon between promise and possibility Blissful Blindness Dariusz Tołczyk, 2023-09-05 The most heinous Soviet crimes

the Red Terror brutal collectivization the Great Famine the Gulag Stalin's Great Terror mass deportations and other atrocities were treated in the West as a controversial topic With the Cold War dichotomy of Western democracy versus Soviet communism deeply imprinted in our minds we are not always aware that these crimes were very often questioned dismissed denied sometimes rationalized and even outright glorified in the Western world Facing a choice of whom to believe the survivors or Soviet propaganda many Western opinion leaders chose in favor of Soviet propaganda Even those who did not believe it behaved sometimes as if they did Blissful Blindness explores Western reactions and lack thereof to Soviet crimes from the Bolshevik revolution to the collapse of Soviet communism in order to understand ideological political economic cultural personal and other motivations behind this puzzling phenomenon of willful ignorance But the significance of Dariusz Tolczyk s book reaches beyond its direct historical focus Written for audiences not limited to scholars and specialists this book not only opens one s eyes to rarely examined aspects of the twentieth century but also helps one see how astonishingly relevant this topic is in our contemporary world **Reports and Documents** United States. Congress, 1964 **Change?** Robin Boisvert, C. J. Mahaney, 1993 Originally titled From glory to glory T p verso **Days of the Living Christ** W. Cleon Skousen, 2018-12-21 No other life has had such an amazing impact upon the human race as did our Savior Jesus Christ From His birth in a humble stable until His death upon the cross of Golgotha He left all of us simple teachings direct commandments and profound doctrines which have altered the history of the world He performed astounding miracles that left His disciples and other onlookers stunned and speechless He condemned the hypocrisy of the religious leaders of the day who would eventually conspire and arrange His death at the hands of the Romans The culminating act of His ministry was the priceless gift of His eternal Atonement which opened the floodgates of the resurrection ending the final and icy grip of death upon all mankind One day we too will participate in the glorious experience of the resurrection when all tears will be dried and fears will cease In a matter of just three years His brief ministry changed the course of history Gone was the harsh and rigid Mosaic law replaced by the higher law of love for friends and enemies alike His life is an example to all All of these magnificent scriptural accounts and doctrines can be found within the pages of Days of the Living Christ Citizenship Without Illusions David T. Koyzis, 2024-11-26 In this practical guide on political engagement and citizenship David Koyzis present a case for political engagement as a way to love our neighbors without full devotion to parties or ideologies Using examples from various eras and places he explores topics like how to vote citizenship under less than ideal circumstances More Steve Allen on the Bible, Religion and Morality Steve Allen, 2010-12 The popularity of Book One led Allen and more to take another good look at the Scriptures to interest the average reader in reasonable analysis of the most influential document in Western civilization Includes direct quotes from Catholic Protestant and Judaic biblical scholars Return from the Archipelago Leona Toker, 2000 Comprehensive historical survey and critical analysis of the vast body of narrative literature about the Soviet gulag Leona Toker organizes and characterizes both fictional narratives and survivors memoirs as

she explores the changing hallmarks of the genre from the 1920s through the Gorbachev era Toker reflects on the writings and testimonies that shed light on the veiled aspects of totalitarianism dehumanization and atrocity Identifying key themes that recur in the narratives arrest the stages of trial imprisonment labor camps exile escapes special punishment the role of chance and deprivation Toker discusses the historical political and social contexts of these accounts and the ethical and aesthetic imperative they fulfill Her readings provide extraordinary insight into prisoners experiences of the Soviet penal system Special attention is devoted to the writings of Varlam Shalamov and Aleksandr Solzhenitsyn but many works that are not well known in the West especially those by women are addressed Consideration is also given to events that recently brought many memoirs to light years after they were written The Third Thousand Years W. Cleon Skousen, 1964-01-01 From the days of Father Abraham to the rise of King David were ten turbulent centuries filled with pathos and drama These were the times of many notable personalities from the Old Testament This is the epoch of the famous patriarchs Abraham Isaac and Jacob Their exemplary lives as they stood true and faithful in the midst of adversity are especially poignant today They were followed by the exciting and tumultuous life of Joseph who rose to become prime minister of Egypt and saved that nation from starvation and ruin through his prophetic gifts From the desert and thundering slopes of Mount Sinai then came the amazing life of Moses who rose out of his own fear to become one of the greatest prophets and leaders ever known who used the power of the priesthood to unleash an astonishing flood of miracles that exceeded any other epoch until the ministry of Jesus Christ He was soon followed by the great Ephraimite general Joshua who in his old age lead the children of Israel forth in battle as they conquered the land of Palestine which had been promised to them by the Lord However Israel s rise to greatness was short circuited by several hundred years of iniquity as they turned from the Lord and wallowed in sin Fortunately the Lord did not forsake them as he sent messages of light and hope to many prophets and judges such as Gideon Deborah Ruth and Samuel whose lives still inspire us today Eventually the children of Israel began to see glimpses of a new golden epoch of righteousness and prosperity through the influence of the prophet Samuel and the rise of King Saul and King David All of these great names belong to the thrilling third thousand years of human history The Third Thousand Years like its predecessor The First 2 000 Years makes the Old Testament come alive with new understanding Obscure and misunderstood passages of scripture can now be understood through the additional light of modern revelation The text is carefully documented so that every important point is correlated with appropriate passages in the scriptures Helpful maps charts and illustrations are also included to enhance our understanding of this fascinating and dynamic epoch of history This eBook includes the original index illustrations footnotes table of contents and page numbering from the printed format
