Rev. James W. Moore, 2011-10-01 Everyone is guided by the voices of people in our lives grandparents parents teachers pastors friends Their words are woven into our life's fabric and influence how we live and the choices we make As Christians we are blessed also to hear the amazing voices of those who lived centuries ago the voices found in Scripture Author James W Moore says When faced with choices and decisions when trying to sort out priorities when my heart is sad or glad when challenges and problems thrust themselves into my life when I need a word of assurance or when faced with a new opportunity I hear the voice of Jesus I hear the voice of Mary I hear the voices of Abraham and Micah and Esther and the apostle Paul and many other biblical voices whispering or shouting to me powerful words that shape and direct my life *I Hear Voices and That's a Good Thing* celebrates the voices of the Bible who continue every day to strengthen and encourage us when we not only hear but listen to them **Can't You Hear Them?** Simon McCarthy-Jones, 2017-04-21 What's wrong with you People who hear voices will often hear this alienating question and are treated ineffectively with anti psychotic drugs Recounting the stories of voice hearers this book suggests that we should instead ask What happened to you and offers an alternative approach to auditory hallucinations *Hearing Voices* Simon McCarthy-Jones, 2012-04-05 A comprehensive exploration of the history phenomenology meanings and causes of hearing voices that others cannot hear auditory verbal hallucinations *Hearing Voices, Demonic and Divine* Christopher C. Attribution Non Commercial No Derivative 4 0 license Experiences of hearing the voice of God or angels demons or other spiritual beings have generally been understood either as religious experiences or else as a feature of mental illness Some critics of traditional religious faith have dismissed the visions and voices attributed to biblical characters and saints as evidence of mental disorder However it is now known that many ordinary people with no other evidence of mental disorder also hear voices and that these voices not infrequently include spiritual or religious content Psychological and interdisciplinary research has shed a revealing light on these experiences in recent years so that we now know much more about the phenomenon of hearing voices than ever before The present work considers biblical historical and scientific accounts of spiritual and mystical experiences of voice hearing in the Christian tradition in order to explore how some voices may be understood theologically as revelatory It is proposed that in the incarnation Christian faith finds both an understanding of what it is to be fully human a theological anthropology and God s perfect self disclosure revelation Within such an understanding revelatory voices represent a key point of interpersonal encounter between human beings and God

Quant,2016-02-23 Short stories that lead the reader into unusual and unexpected conclusions about the human condition many of them based on the minutiae of village life and the countryside The Voices Within Charles Fernyhough,2016-10-04 A luminous exploration of the nature of thoughts from daydreams to the voices in our heads At the moment you caught sight of this book what were you thinking Was your thought a stream of sensations Or was it a voice in your head Did you ask yourself I wonder what that s about Did you answer And what does it mean if you did When someone says they hear voices in their head they are often thought to be mentally ill But as Charles Fernyhough argues in The Voices Within such voices are better understood as one of the chief hallmarks of human thought Our inner voices can be self assured funny profound hesitant or mean they can appear in different accents and even in sign language We all hear them and we needn t fear them Indeed we cannot live without them we need them whether to make decisions or to bring a book s characters to life as we read Studying them can enrich our understanding of ourselves and our understanding of the world around us it can help us understand the experiences of visionary saints who might otherwise be dismissed as schizophrenics to alleviate the suffering of those who do have mental health problems and to understand why the person next to us on the subway just burst out

laughing for no apparent reason Whether the voices in our heads are meandering lazily or clashing chaotically they deserve to be heard Bustling with insights from literature film art and psychology The Voices Within offers more than science it powerfully entreats us all to take some time to hear ourselves think     **Hearing Voices** A. **Crowman** David Rae, 2020-03-13 Touch the light Hold the light The light burns The light runs away Hold the light Lock the light away The great spirit Vatu keeps the Sun in a box where no thief can steal it Once a year the box is opened and life springs across the dark lands The whole world belongs to Vatu He is darkness he is master of all There is no hiding from him But Uta must try for his daughter's sake She is sick from darkness and yet she glows with a mysterious light If Vatu can find them he will destroy them or worse drag them back into his mad dark world Torn between duty and mercy between justice and freedom Uta tries to escape but it seems inevitable that the darkness will reclaim him For the greatest mercy and the greatest punishment Uta can suffer is to return to his true self

Simple Things Charles Preston Fletcher, 2012-10-01 This collection of simple poetry is a pleasant journey of deeper self awareness and gratitude on the road to self discovery You will learn a little more of how to find and fully appreciate the joy and fun in life as the topics of love gratitude hope and inspiration are more deeply explored God gives us strength through the struggle between good and evil In this struggle is where the best in life is found The more we look the more we begin to clearly see that the joys in life abound If we are lucky God lets us all start out our lives with a strong sense of curiosity while knowing that we are loved We find the best in life by strengthening three aspects of our faith The strength of our faith in God the strength of our faith in others and the strength of our faith in ourselves Both our love and our

faith are strengthened by never giving up At some point in our lives many of us come to realize that it is the strength we find in the selfless love of Jesus Christ that is all that's held us up The greatest value in the Christian life is the gift of eternal life The second greatest value in the Christian life is in the living of it Curtis H West M L S The journey of self discovery can be frightening exhilarating confusing liberating and often best undertaken accompanied by a caring voice Charles Preston's poetry shinningly serves as such a voice for all who wish to begin a journey of their own Suzanne Beeson Ph D HSPP

*Torch Singing* Stacy Holman Jones, 2007-07-08 In this innovative book Stacy Holman Jones presents torch singing as a much more complicated phenomenon than the familiar trope of a woman lamenting her victimhood With an ethnographer's eye she observes the bluesy torch singers asking if they are possibly performing critiques of the very lyrics they sing From this perspective we see the singer giving expression not only to desire but also to an incipient determination to resist and change Holman Jones also reveals points of contact in the opposition between spectators and performers emotion and intellect and love and power Instead of interpreting the expression of love as a woman's violent mistake as willing deception and passive fate Holman Jones allows us to hear an active search for hope

**Unhinged** Anna Berry, 2014-08-14 Despite all her best efforts to break the cycle of catastrophic destructive patterns of mental illness Anna Berry found herself at the end of her rope unemployed penniless homeless and in the throes of a psychotic episode that threatened to destroy her life Alone and unwell she manages to find her grip on life seeks the help she needs and embarks on a life and career that illustrate that mental illness does not have to be ruinous Unhinged A Memoir of Enduring Surviving and Overcoming Family Mental Illness is a powerful memoir that chronicles Berry's life as both a casualty and survivor of family mental illness From her point of rock bottom to her own

recovery as well as her efforts to help her still afflicted mother and brother find hope and healing we see how she struggles to recognize her own illness while coping with the fallout from her family's other victims In telling her story Berry uncovers the difficulties inherent in not only growing up with mental illness among family members but also the frustrations of not being able to recognize or handle the trajectory of her own illness Yet after successfully finding methods of treating her symptoms Berry goes on to become a successful journalist and author who now helps educate the public about mental health through her writing while also serving as her mother's court appointed legal guardian This story shows the devastating impact of mental illness on whole families but offers readers a message of hope and healing Berry's story is sure to resonate with the many people who deal with the mental illness of family members and their own struggles to cope with their own diagnoses
