The capability of today's man has become so narrow that it is painful to imagine. Today's human life is reduced to working, eating, sleeping, and reproducing. First they placed today's man in a certain place, then gave him the wrong values: National values, patriotism, ideological values. They caught him at a certain point. They closed all avenues for him. They took away his chances. Today's man knows nothing about life. He sees nothing of creation. Today's man never knows how far the beauty of nature and divine creation is spread. He knows nothing. Because his whole life is spent fighting over things that are all lies and illusions, his life is wasted fighting and struggling with his comrades. He never gets anywhere. That is why he is in agony. Then few people take advantage of the facilities and the nations beat each other over the head; they are busy enjoying life and creation. The sole mission of humanity today is to provide land for certain groups to live on. Human slavery today has become so brilliant that it has almost assumed the color of sanctity and godliness. In the name of knowledge and education, he learns the art of slavery in the first half of his life, and in the second half he does his slavery. They call it alive. A Black Man's Notes on Ancient Egypt Karl C. Pierce, 2023-12-28. A Black Man's Notes on Ancient Egypt is Karl C. Pierce's personal study of his own black history from the beginning of mankind. Throughout the text, Pierce explores several familiar questions: Who were the early Humans? Where did they come from? What was the role of Africa and its people in the development of civilization? Why is Ancient Egypt so critical to this story? This story is unique as it is not told from an academic viewpoint but from that of a truth-seeking black man intent on solidifying his own knowledge of his ancestors to push back on this narrative of blacks as savages promoted for hundreds of years by European scholars whose writings are designed to continue the hundreds of years of disenfranchisement of blacks. About the Author: Karl C. Pierce grew up in Richmond, Ca, but lived his adult years in Oakland where he currently resides. He is the father of three adult daughters and the proud grandpa of two grandchildren. Pierce's education and work history are both in the Architectural Engineering Planning (AEP) fields, and he is now happily retired. He holds a degree in Urban Studies from San Jose State University. He is also a former member of the American Institute of Certified Planners (AICP). **Miracles, Messages & Metaphors** Norm Carroll, 2010.
