

A close-up portrait of a woman with her eyes closed, her face adorned with delicate floral patterns. She is surrounded by a dense arrangement of dark, moody flowers and leaves, with some light-colored blossoms visible. The overall atmosphere is ethereal and dreamlike.

and thoughts of suicide were always close by Erin Manning wrote *The Perfect Mango* at an almost feverish pitch nineteen chapters in nineteen days a sort of self rescue operation where writing became a form of making and feeling life otherwise Throughout those nineteen days and although not able to fully articulate it to herself at the time Manning wrote her way into a composition that asks how else life might be lived And in the rhythms of that composition which was also a living Manning was and is able to refuse the category and norm and stillness of victim while still understanding the inheritances of violence in order to follow instead the more than I as well as the joy of the more than of experience in the making Twenty five years later Manning allows these earlier writings to find their way back into the world which is also a way of giving voice to those moments of messy survival while also asking us who share in and help to bear those moments as readers to consider other ways of listening to the urgency that is living To re publish the book now is to give it a place in the world in a way that honors its force as something that is always beyond anyone s claim to it even Manning s In this sense *The Perfect Mango* invites us with Manning to be in excess of ourselves and also to consider in Manning s words how to create conditions for living beyond humanism s fierce belief that we the privileged the neurotypicals the as yet unscathed the able bodied hold the key to all perspectives in the theatre of living Ultimately *The Perfect Mango* and Manning s reflections on its composition ask us to consider living in the fierce celebration of a world invented by those modes of life which tear at the colonial white neurotypical fabric of life as we know it *The Perfect Mango* is a book about the body about learning to see it as an entity that has no end something that is never permanently marked by the violence of history that can swim into a new skin The sexual trauma that haunts this book is being painted and purged across its pages and the young woman who refuses to remain caught in the capture of trauma is also learning to feed herself to become a body being that will endure in new forms and through new forms of mutual making I know this girl for she is many I love this girl as I love us all we misfits whose hurt provokes us to live through other styles and modes of becoming together Julietta Singh Afterward *The Perfect Mango* How to confront victimization while refusing the role of the victim How after trauma and abuse can one regain a sense of life s possibilities and plunge headlong into their pursuit without defensively hardening the boundaries of the self Without immunizing it against the outside knowing that it is in the great outside of the world s roil and commotion that potential radically resides tooth to jowl with continued danger How to grapple with the horrors of the past without paradoxically binding oneself to them in a Sisyphean attempt to exorcize them through feats of memory and analysis terminable or interminable How not to own the past but repossess the future of that past In *The Perfect Mango* Erin Manning charts a path of resistance resilience and journeying toward health that is starkly different from the currently dominant identity based strategies She writes survival in what can best be described as a fabulatory autobiography that is rooted in real events but opens them up to each other and out to a different future The path is signposted with a motto implicit here subsequently expressed in the title of one of her works of philosophy always more than one If this is me what else If this is life once more
