Orman,2023-03-14 Our societies today are experiencing polarizing viewpoints brazen criminal activity pandemics war and natural disasters that have people crying out for relief These events have been experienced throughout history however The Holy Bible records specific pleas made by people to God for relief of their circumstances This work looks at those pleas and how they apply to our lives today **I Love Ice Cream!** Ollie Jackson,Jaxon Marketing,2017-11-03 I Love Ice Cream Journal or Notebook White with Strawberry Ice Cream and Cone Each Page has Ice Cream Cone on top border and pink lines 200 pages which includes front and back Genius After Psychoanalysis K. Daniel Cho,2024-11-14 Develops a new psychoanalytic theory of genius a concept that is often invoked and pervasive in popular culture but which is rarely scrutinized in depth In the absence of this scrutiny genius has come to be understood as exceptional talent or intelligence an elitist notion Genius After Psychoanalysis intervenes in this debate by offering a new account of genius Drawing on the work of Sigmund Freud and Jacques Lacan K Daniel Cho argues that genius is not exceptional talent or intelligence but is related to and illuminated by the psychological concept of sublimation where the unpleasures that arise when our intellectual products fail become themselves pleasurable Beginning with a close examination of Freud s work on Leonardo da Vinci Cho analyzes film art our relationship to nature politics group psychology love and philosophy to demonstrate that genius far from an elitist notion is universally available through a different approach to ideas of imperfection disappointment and failure Genius After Psychoanalysis is a bold new intervention on a culturally central but understudied topic **Liberal Bullies** Luke Conway,2024-06-20 The political left has an urgent and rising problem with authoritarianism An alarmingly high percentage of self identified progressives are punitive bullying and intolerant of disagreement and the problem is getting worse Using his own cutting edge research leading psychologist Luke

Conway shows that it's not just right wing extremists who long for an authority figure to crush their enemies silence opponents and restore order it's also those who preach be kind and celebrate their inclusivity A persistent proportion of left wingers demonstrate authoritarian tendencies and they're becoming more emboldened as they gain cultural and political power On a range of scientific and social issues they are increasingly advocating censorship over free debate disregarding the rule of law and dehumanising their opponents These tendencies are part of an accelerating threat circle of mutual hatred and fear between left and right that could tear apart our basic democratic norms Concluding with an eloquent call for firm but rational resistance to this rising tide of liberal bullying Conway presents a way forward for our hyper partisan era
