

# I SAW TOKYO BURNING

AN EYEWITNESS NARRATIVE FROM  
PEARL HARBOR TO HIROSHIMA

**ROBERT GUILLAIN**

TRANSLATED by WILLIAM BYRON

# I Saw Tokyo Burning

**William Nimmo**

## **I Saw Tokyo Burning:**

**I Saw Tokyo Burning** Robert Guillain, 1981      I Saw Tokyo Burning Outlet, Outlet Book Company Staff, Random House Value Publishing Staff, 1984-05-01      *I Saw Tokyo Burning* Robert Guillain, 1981      *I saw Tokyo burning (La guerre au Japon, engl.) An eyewitness narrative from Pearl Harbor to Hiroshima* Robert Guillain, 1981      *Downfall* Richard B. Frank, 2001-05-01 In a riveting narrative that includes information from newly declassified documents acclaimed historian Richard B Frank gives a scrupulously detailed explanation of the critical months leading up to the dropping of the atomic bomb Frank explains how American leaders learned in the summer of 1945 that their alternate strategy to end the war by invasion had been shattered by the massive Japanese buildup on Kyushu and that intercepted diplomatic documents also revealed the dismal prospects of negotiation Here also for the first time is a comprehensive account of how Japan's leaders were willing to risk complete annihilation to preserve the nation's existing order Frank's comprehensive account demolishes long standing myths with the stark realities of this great historical controversy      **Wings of Judgment** Ronald Schaffer, 1988-09-29 A disturbing and perceptive study of the strategy outcome and choices behind the American bombing policies of World War II The author analyses the explanations and moral arguments used by America's military leaders to justify the attacks on Dresden Berlin and Hiroshima      *Napalm* Robert M. Neer, 2013-04-01 Napalm was invented on Valentine's Day 1942 at a secret Harvard war research laboratory It created an inferno that killed over 87 500 people in Tokyo more than died in the atomic explosions at Hiroshima or Nagasaki and went on to incinerate 64 Japanese cities The Bomb got the press but napalm did the work Neer offers the first history      *Shōwa Japan: 1941-1952* Stephen S. Large, 1998      Japan in the Fascist Era E. Reynolds, 2004-07-15 In contrast to Euro centric works on comparative fascism that set Japan apart from Germany and Italy this book emphasizes parallels between Japan and its Axis Allies Romantic nationalist ideologies attracted a strong following in all three nations as they emerged as modern states in the late 1800s In both Germany and Japan these were from the beginning strongly racial in nature Spurred by grievances against the status quo powers all three took up aggressive policies in the 1930s producing a short lived fascist era Japan's prominent role demands a broader perspective and consideration of fascism as more than a purely European phenomenon      The Devil Reached Toward the Sky Garrett M. Graff, 2025-08-05 On the eightieth anniversary of the Hiroshima and Nagasaki bombings the Pulitzer Prize finalist whose work is oral history at its finest Pittsburgh Post Gazette delivers an epic narrative of the atomic bomb's creation and deployment woven from the voices of hundreds of scientists generals soldiers and civilians The building of the atomic bomb is the most audacious undertaking in human history a rush by a small group of scientists and engineers in complete secrecy to unlock the most fundamental power of the universe Even today eighty years later the Manhattan Project evokes boldness daring and the grandest of dreams bringing an end to World War II in the Pacific a conflict that already had stretched from Pearl Harbor to Guadalcanal to Leyte Gulf to Iwo Jima and Okinawa As Marines soldiers sailors and airmen

fight those battles men and women strive to discover the atom's secrets at laboratories and plants in places like Chicago Berkeley Oak Ridge Hanford and Los Alamos On August 6 1945 the world discovers what the end of the war and the new global age will look like Science and politics will never be the same again The road to the first atomic bomb ends in Hiroshima Japan but it begins in Hitler's Europe where brilliant physicists following the path that Einstein blazed are forced to flee fascism and antisemitism bringing to America their determination to harness atomic power before it falls into the Führer's arsenal The Devil Reached Toward the Sky traces the breakthroughs and the breakneck pace of atomic development in the years leading up to 1945 then takes us inside the B 29 bombers carrying Little Boy and Fat Man and finally to ground zero at Hiroshima and Nagasaki From Pulitzer Prize finalist Garrett M Graff The Devil Reached Toward the Sky is the panoramic narrative of how ordinary people grapple with extraordinary wartime risks sacrifices and choices that will transform the course of history Theorists and engineers dare to experiment with forces of terrifying power for the purpose of creating an atomic bomb knowing each passing day costs soldiers' lives but fearing too the consequences of their creation Hundreds of thousands of workers toil around the clock to produce uranium and plutonium in an endeavor so classified that most people involved learn the reality of their effort only when it is announced on the radio by President Truman The 509th Composite Group trains for a mission whose details are kept a mystery until shortly before takeoff when the Enola Gay and Bockscar are loaded with bombs the crew has never seen And the civilians of two Japanese cities that have been spared American attacks preserved for the sake of judging the power of the bomb on an intact city escape their pulverized homes into a greater hellscape Drawing from dozens of oral history archives and hundreds of books reports letters diaries and transcripts from across the US Japan and Europe Graff masterfully blends the memories and perspectives from the known and unknown key figures like J Robert Oppenheimer General Leslie Groves and President Truman the crews of the B 29 bombers and the haunting stories of the Hibakusha the bomb affected people Both a testament to human ingenuity and resilience and a compelling drama told by the participants who lived it The Devil Reached Toward the Sky is a singular profound and searing book about the inception of our most powerful weapon and its haunting legacy

The English-language Press Networks of East Asia, 1918-1945 Peter O'Connor, 2010-09-01 This study is the first to assess the combined significance of the English language newspapers of China Japan and Korea in the period 1918-45 It not only frames the English language press networks in the international media history of East Asia but also relates them to media developments in the British world linking Fleet Street to the Empire and Dominions and to the rise of the United States as a broker of international opinion on and in the Asia Pacific The English language newspapers occupied a narrow but significant segment of the public sphere in East Asia in the inter-war years As forums of opinion on Japanese Chinese and Western interests in East Asia they also served as vehicles of propaganda particularly during the crisis-ridden 1930s and the Pacific War With this examination of the media affiliations editorial line and access to official bodies in East Asia and the West of

most of the English language newspapers published in East Asia in the period under review the author demonstrates that these publications formed distinct networks in terms of the editorial positions they took vis a vis the key issues of the day especially Japan's imperial project in East Asia

**Stars and Stripes Across the Pacific** William Nimmo, 2001-09-30 In the late 19th century the United States began a period of increased engagement in the Western Pacific a situation that continues to this day Nimmo provides a study of U S diplomatic economic and military relations with the nations of East Asia and the Pacific from the late 1800s to 1945 In addition to interaction with China Korea and Japan the book includes U S involvement in Hawaii American Samoa Guam and the Philippines This one volume treatment ranging from the Spanish American War to the Second World War examines the continuity in U S policy during this crucial period Particular attention is devoted to the U S response to Japan's territorial aggression during this period primarily its undeclared wars against China in Manchuria in 1931 and in North and Central China from 1937 to 1945 This examination counters revisionist claims that the United States led Japan into war in 1941 and that war could have been avoided by the pursuit of a more conciliatory policy on the part of the U S It explores why it was necessary for the U S to demand unconditional surrender and refutes claims that Japan was a victim of the war The acquisition of U S territory in the Pacific initially began with the annexation of Hawaii and continued with the former possessions of Spain ceded in the Spanish American War Nimmo follows this story through the Philippine War efforts to promote Philippine independence the Commonwealth era and finally independence in 1946

**Honored and Dishonored Guests** Puck W. Brecher, 2020-05-11 The brutality and racial hatred exhibited by Japan's military during the Pacific War piqued outrage in the West and fanned resentments throughout Asia Public understanding of Japan's wartime atrocities however often fails to differentiate the racial agendas of its military and government elites from the racial values held by the Japanese people While not denying brutalities committed by the Japanese military Honored and Dishonored Guests overturns these standard narratives and demonstrates rather that Japan's racial attitudes during wartime are more accurately discerned in the treatment of Western civilians living in Japan than the experiences of enemy POWs The book chronicles Western communities in wartime Japan using this body of experiences to reconsider allegations of Japanese racism and racial hatred Its bold thesis is borne out by a broad mosaic of stories from dozens of foreign families and individuals who variously endured police harassment suspicion relocation starvation denaturalization internment and torture as well as extraordinary acts of charity The book's account of stranded Westerners from Tokyo Yokohama and Kobe to the mountain resorts of Karuizawa and Hakone yields a unique interpretation of race relations and wartime life in Japan

**Reconstructing Kobe** David W. Edgington, 2011-01-01 The Hanshin Earthquake was the largest disaster to affect postwar Japan and one of the most destructive postwar natural disasters to strike a developed country Although the media focused on the disaster's immediate effects the long term reconstruction efforts have gone largely unexplored Drawing on extensive fieldwork David Edgington records the first ten years of reconstruction and recovery and asks whether planners

successfully exploited opportunities to make a more sustainable and disaster proof city This book is an intricate investigation of one of the largest redevelopment projects in recent memory

**World War II in Asia and the Pacific and the War's Aftermath, with General Themes** Loyd Lee,1998-10-23 A companion to World War II in Europe Africa and the Americas this volume reevaluates the most enduring literature on basic aspects of the war in Asia and the Pacific It also covers themes pertaining to societies at war culture the arts and science and technology as well as international relations and the postwar world Included are not only grand strategy military and naval campaigns and matters of diplomacy but also resistance collaboration prisoners of war and broad topics of the home front including chapters on gender issues film literature popular culture and propaganda This volume and its companion provide the first comprehensive historiographic reference work on the war Each chapter describes the state of knowledge on the topic relating each bibliographic reference to the chapter s themes and issues and concludes with a bibliography Recent original scholarship is included when it aids new understanding and older works of enduring value also find a place The essays in this volume will interest scholars and college teachers as well as advanced students and serious amateurs seeking insight into the history of the war and its literature

The Yamato Dynasty Sterling Seagrave,Peggy Seagrave,2001-08-14 In The Yamato Dynasty Sterling Seagrave who divulged the secrets of Mao Tse tung and the ruthlessness of Chiang Kai shek in the New York Times bestseller The Soong Dynasty and his wife and longtime collaborator Peggy present the controversial never before told history of the world s longest reigning dynasty the Japanese imperial family from its nineteenth century origins through today In the first collective biography of both the men and women of the Yamato Dynasty the Seagraves take a controversial comprehensive look at a family history that crosses two world wars the bombing of Hiroshima and Nagasaki the American occupation of Japan and Japan s subsequent phoenix like rise from the ashes of the Second World War The Yamato Dynasty tells the story of the powerful men who have stood behind the screen the shoguns and financiers controlling the throne from the shadows taking readers behind the walls of privilege and tradition and revealing in uncompromising detail the true nature of a dynasty shrouded in myth and legend

**The Atomic Bomb: Voices from Hiroshima and Nagasaki** Kyoko Iriye Selden,Mark Selden,2015-03-04 This collection of factual reports short stories poems and drawings expresses in a deeply personal voice the devastating effects of the bombings of Hiroshima and Nagasaki

The Story of World War II Henry Steele Commager,Donald L. Miller,2010-05-11 Drawing on previously unpublished eyewitness accounts prizewinning historian Donald L Miller has written what critics are calling one of the most powerful accounts of warfare ever published Here are the horror and heroism of World War II in the words of the men who fought it the journalists who covered it and the civilians who were caught in its fury Miller gives us an up close deeply personal view of a war that was more savagely fought and whose outcome was in greater doubt than readers might imagine This is the war that Americans at the home front would have read about had they had access to the previously censored testimony of the soldiers on which Miller builds his gripping narrative Miller covers the entire war on land at sea

and in the air and provides new coverage of the brutal island fighting in the Pacific the bomber war over Europe the liberation of the death camps and the contributions of African Americans and other minorities He concludes with a suspenseful never before told story of the atomic bombing of Nagasaki based on interviews with the men who flew the mission that ended the war

*The War Below* James M. Scott, 2013-05-14 Beautifully researched and masterfully told Alex Kershaw New York Times bestselling author of *Escape from the Deep* this is the riveting story of the heroic and tragic US submarine force that helped win World War II in the Pacific Focusing on the unique stories of three of the war's top submarines *Silverback*, *Drum* and *Tang* *The War Below* vividly re-creates the camaraderie exhilaration and fear of the brave volunteers who took the fight to the enemy's coastline in World War II Award winning journalist James Scott recounts incredible feats of courage from an emergency appendectomy performed with kitchen utensils to sailors' desperate struggle to escape from a flooded submarine as well as moments of unimaginable tragedy including an attack on an unmarked enemy freighter carrying 1,800 American prisoners of war The casualty rate among submariners topped that of all other military branches The war claimed almost one out of every five submarines and a submarine crewman was six times more likely to die than a sailor onboard a surface ship But this valorous service accomplished its mission *Silverback*, *Drum* and *Tang* sank a combined sixty-two freighters tankers and transports The Japanese were so ravaged from the loss of precious supplies that by the war's end pilots resorted to suicidal kamikaze missions and hungry civilians ate sawdust while warships had to drop anchor due to lack of fuel In retaliation the Japanese often beat tortured and starved captured submariners in the atrocious prisoner of war camps Based on more than 100 interviews with submarine veterans and thousands of pages of previously unpublished letters and diaries *The War Below* lets readers experience the battle for the Pacific as never before

*Flyboys* James Bradley, 2003-09-30 Over the remote Pacific island of Chichi Jima nine American flyers Navy and Marine pilots sent to bomb Japanese communications towers there were shot down *Flyboys* a story of war and horror but also of friendship and honor tells the story of those men Over the remote Pacific island of Chichi Jima nine American flyers Navy and Marine pilots sent to bomb Japanese communications towers there were shot down One of those nine was miraculously rescued by a US Navy submarine The others were captured by Japanese soldiers on Chichi Jima and held prisoner Then they disappeared When the war was over the American government along with the Japanese covered up everything that had happened on Chichi Jima The records of a top secret military tribunal were sealed the lives of the eight *Flyboys* were erased and the parents brothers sisters and sweethearts they left behind were left to wonder *Flyboys* reveals for the first time ever the extraordinary story of those men Bradley's quest for the truth took him from dusty attics in American small towns to untapped government archives containing classified documents to the heart of Japan and finally to Chichi Jima itself What he discovered was a mystery that dated back far before World War II back 150 years to America's westward expansion and Japan's first confrontation with the western world Bradley brings into vivid focus these brave young men who went to war for

their country and through their lives he also tells the larger story of two nations in a hellish war With no easy moralizing Bradley presents history in all its savage complexity including the Japanese warrior mentality that fostered inhuman brutality and the U S military strategy that justified attacks on millions of civilians And after almost sixty years of mystery Bradley finally reveals the fate of the eight American Flyboys all of whom would ultimately face a moment and a decision that few of us can even imagine Flyboys is a story of war and horror but also of friendship and honor It is about how we die and how we live including the tale of the Flyboy who escaped capture a young Navy pilot named George H W Bush who would one day become president of the United States A masterpiece of historical narrative Flyboys will change forever our understanding of the Pacific war and the very things we fight for

## Enjoying the Beat of Appearance: An Psychological Symphony within **I Saw Tokyo Burning**

In a world used by monitors and the ceaseless chatter of quick communication, the melodic beauty and mental symphony developed by the prepared term often fade in to the back ground, eclipsed by the persistent noise and disruptions that permeate our lives. But, set within the pages of **I Saw Tokyo Burning** a marvelous fictional value filled with fresh feelings, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, this interesting masterpiece conducts visitors on a mental trip, well unraveling the concealed songs and profound affect resonating within each cautiously constructed phrase. Within the depths of the poignant examination, we will discover the book is main harmonies, analyze their enthralling publishing style, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
