and I was allowed to do a lot of things most kids did not get to do I always wanted to be a pilot so one day while I was in college I stopped by the Air Force recruiter to see what I would have to do to become a pilot for them The recruiter gave me some tests and I passed them I then took a physical but I did not pass the eye test I decided to stay in school When I passed the test to get into the Air Force the recruiters would not let me go One day during the Christmas break he called me and said he could get me into weather if I would enlist before the end of the year I was tired of school so I signed up I did not tell my parents until the day before I was to leave for basic training and that was a big mistake They were very upset I was leaving school for the Air Force I had already signed up so I had to go When I got to basic training the T I thought it was very funny when I told him what I was going to do in the Air Force He told me they would decide what I would do and to just forget what my recruiter had said Up to that time in my life I was a big shot and I did what I wanted to do No one was going to stop me The Air Force changed my thinking about that very quickly I became a government issue G I and they owned me After basic I was sent to school in the intelligence field I hated that so I asked to be transferred and I ended up at Carswell AFB as a fire fighter My time at Carswell AFB was some of the most exciting times I had in my life I went on hundreds of emergencies and chased a bunch of aircraft down the runway in my time at the base but I am only going to tell you about the ones I can remember I do want to say these stories are how I remember them I hope they are how they happened To be honest I did not like everything in the Air Force I complained like all G I s I found out the world did not evolve around me My life in the Air Force was a good one I was glad I got to do it I grew up a lot during my short career I was never a hero My mission was to put out fires and that is what the Air Force paid me to do I hope I earned my pay I did learn in the Fire Department to make every day count as it could be your last one
