D. Riley, 2021-10-21 The epic saga of Jake Goodson comes to its conclusion in Volume Three of the trilogy *A Jeweler's Eye View* The spellbinding finale of the story begins with Jake Goodson and Sam Bailey in jail for the crime of a murder they didn't commit The incriminating testimonies and fabricated evidence brought against them are the result of the religious cult's efforts to destroy them At first they seem to succeed As the two men are left with the daunting task of exonerating themselves and even fighting for their very lives they relentlessly continue their attempt to rescue the children from the Ekklesia of Yahoeh The megalomaniacal leader of the Aryan sect allows his ambitions for power and religious supremacy to draw his followers into battle with all in the outside world who oppose him While Hightower convinces them that all outsiders are in league with the Devil and must be destroyed he focuses on removing everyone who gets in his way As a result he is brought face to face with Sam and Jake in a final epic battle Jake attempts to outflank Hightower by infiltrating the Ekklesia of Yahoeh and this has turned on him as he is now immersed in his own rite of exorcism The brainwashing strategies brought to bear against him invariably drive him deep into the psyche of his personal nightmares in ways that are completely unexpected As this exciting trilogy concludes the forces of good and evil are brought into a final showdown as the battle unfolds between the religious cult and the two men trying to rescue their children from its grip *How To Make Handmade Jewelry* HowExpert, Genny Wilson, 2011-10-27 If you want to learn how to make handmade jewelry get *How To Make Handmade Jewelry* written by a person who has real life experience creating many different types of handmade jewelries Ever wanted to make your own jewelry Well now you can with this detailed and instructive guide You'll amaze your friends and family when you tell them that amazing jewelry piece was made

Contemporary American Jewelry Design Ettagale Blauer,2013-06-29 The Phenomenon of Studio Goldsmithing When the history of art in the 1980s is written much of it will be etched in gold This is the time of the contemporary goldsmith an artist who chooses to work in precious metals rather than oils or marble The contemporary jeweler as artist has only recently become a re cognized force With rare exceptions the whole field is little more than thirty years old But it is only within the past fifteen years that these jewelers have entered the jewelry mainstream The phenomenon of contemporary goldsmithing embraces an eclectic group of artists each with a unique vision each taking a per sonal path to jewelry producing They have as little relationship to the typical mass produced jewelry as a champagne maker has to a bottler of orange soda They approach a piece of art not a piece of metal The work is personal and a perfect expression of the back to the land movement that spawned it Many of these goldsmiths were looking not merely for a way to make a living but for a way to make a life that was worthy of living Running a business while trying to remain a creative metalsmith at the same time is the ongoing challenge The jeweler artists have solved or resolved these often conflicting needs in slightly different ways and in a beautiful variety of techniques and styles Their meth ods their growth and their work are discussed here
