Basic Library Skills, 5th ed. Carolyn Wolf, 2010-03-22 This brand new edition of Wolf's acclaimed work provides a self-contained short course in essential library skills for patrons of college high school and public libraries. The intent is to provide a quick and easy way to learn to do library research. The exercises contained herein give students hands-on experience by applying rules stated in the text to situations that approach real research problems. Subjects addressed include a brief tour of the library card catalogs and cataloging systems, filing rules, online public access catalogs, subject searching, bibliographies, book reviews, and parts of a book, dictionaries, encyclopedias, handbooks, atlases, gazetteers, periodicals, newspapers, online database searching, and reference sources, literature and criticism, e-books, government information and government documents, biographies, business career and consumer information, non-print materials, and special services, online computer use in libraries and schools, and hints for writing term papers. Instructors considering this book for use in a course may request an examination copy here *Library Research Skills* ABC-CLIO, LLC, Linworth Publishing, Incorporated, 1995

Library 1 Joanne Kim, Sourcebook for Research in Music, Third Edition Allen Scott, 2015-06-01 Since it was first published in 1993, the Sourcebook for Research in Music has become an invaluable resource in musical scholarship. The balance between depth of content and brevity of format makes it ideal for use as a textbook for students, a reference work for faculty and professional musicians, and as an aid for librarians. The introductory chapter includes a comprehensive list of bibliographical terms with definitions, bibliographic terms in German, French, and Italian, and the plan of the Library of Congress and the Dewey Decimal music classification systems. Integrating helpful commentary to instruct the reader on the scope and usefulness of specific items, this updated and expanded edition accounts for the rapid growth in new editions of standard works in fields such as ethnomusicology, performance practice, women in music, popular music, education, business, and music technology. These enhancements to its already extensive bibliographies ensure that the Sourcebook will continue to be an indispensable reference for years to come **Serving Library Users from Asia** John Hickok, 2019-06-12 Asian populations are among some of the fastest growing cultural groups in the US. While books on serving other target groups in libraries have been published, e.g., disabled, Latino seniors, etc., few books on serving library users of Asian heritage have been written. Thus, the timely need for this book. Rather than a generalized overview of Asians as a whole, this book has 24 separate chapters, each on 24 specific Asian countries, cultures of East, Southeast, and South Asia, with a wealth of resources for understanding, interacting with, and serving library users of each culture. Resources include cultural guides, both print and online, language helps, with sample library vocabulary, Asian booksellers, nationwide cultural groups.

professional literature and more Resources and suggestions are given for all three types of libraries public school and academic making this book valuable for all librarians The demographics of each Asian culture numbers and distribution plus history of immigration and international student enrollment is also featured As a bonus each chapter spotlights a US public school and academic library providing model outreach to Asian library users Additionally this book provides a detailed description and analysis of libraries in each of the 24 Asian countries The history development facilities conditions technology classification systems and more of public school and academic libraries are all discussed with detailed documentation Country conditions influencing libraries and library use are also described literacy levels reading cultures languages and writing systems educational systems and more Based on the author s 15 years of research and travels to Asia this work is a must have for all librarians
