## License To Lie:

A Right to Lie? Catherine J. Ross, 2021-11-30 Do the nation's highest officers including the President have a right to lie protected by the First Amendment? If not, what can be done to protect the nation under this threat? This book explores the various options.

*Truth, Trust and Medicine* Jennifer C. Jackson, 2001 Investigates trust and honesty in medicine and the doctor-patient relationship, raising questions of patients' autonomy and self-determination. Of interest to those working in medical ethics and applied philosophy and for medical practitioners.

*The Adult Handbook* Romano A. Keaulana, 2011-01-11 The first book of its kind. The Adult Handbook for Female and male is made just for you now. For the new young adult age 16 and over. What you don't know yet can hurt you. What you already know can be emotional baggage. What you do with what you already know can be iffy. What you don't know about yourself could fill a book. This book is your helpmate with a bit of a guiding light of information designed for you to pick and choose which way you want to go in life. Being prepared is one or half part of success; the other half is you making your move into life. Part of life's experiences is taking chances, so knowing possibilities and being prepared somewhat is just a helping hand that typically only a minority of the advantaged ones usually have. Here's your chance to be just as well guided as the select few. I wish you well and that this book gives you what you need to go through life as a happier person who will set the goals for reaching the Golden Rule and the Silver Rule.

Written with great clarity, This is Political Philosophy is accessible and engaging to those who have little or no prior knowledge of political philosophy and is supported with supplemental pedagogical and instructor material on the This Is Philosophy series site. **License to Lie** Terry Ambrose, 2012-12-01 Two experts in the art of communications. Both are driven by their goals and they're on opposite sides of the law. But when her father is kidnapped, they join forces and learn that with 5,000,000 and their lives on the line, it's hard to trust each other or themselves.

*Truth, Trust and Medicine* Jennifer Jackson, 2002-01-04 Truth, Trust and Medicine investigates trust and honesty in medicine. It looks at the doctor-patient relationship, raising questions which disturb notions of patients' autonomy and self-determination, such as withholding information and consent and covert surveillance in care units. It will be of interest to those working in medical ethics and applied philosophy and a valuable resource for practitioners of medicine.
