*Liddesdale and Kershope Forest* Ordnance Survey, Ordnance Survey Staff, 2000-12      *Liddesdale and Kershope Forest* Ordnance Survey, 2015-10-29      Liddesdale and Kershope Forest Great Britain. Ordnance Survey, Ordnance Survey Staff, 2000-10-26 This map is part of the Ordnance Survey's Explorer series designed to replace the old Pathfinder map series. At 1:25,000 scale this detailed map shows a host of attractions including gardens which are open to the public, nature reserves and country parks as well as all official footpaths, bridleways, roads and lanes. Other facilities covered include camping and caravan sites, picnic areas and viewpoints, selected places of interest, rights of way information for England and Wales, National Trail and Recreational Path routes and selected tourist information. The main advantages of this map are the geographical design of the sheetlines to capture the best local coverage and the coverage of a larger area for value for money. The series is aimed mainly at the experienced map user but can be used by tourists and locals alike.      *Guide to Excursion to Canobie, Liddesdale, and Keelder Castle. Forestry Commission, 1970      **King Arthur's Battle for Britain** Eric Walmsley, 2013-01-01 For the first time, convincing locations have been found for all King Arthur's battles. The inspiration for King Arthur's Battle for Britain came from Eric's discovery of an ancient Latin text in the British Library that listed the twelve battles of King Arthur. This presented an immediate challenge because only a few of the battle sites mentioned had been previously identified. After a decade searching mountains and moors throughout Britain, guided by references from early sources, Eric believes he has found convincing locations for all of Arthur's battles. By developing an imaginary scenario for each battle in the chronological order of the text, a believable storyline has emerged depicting Arthur's struggle to defend his country against nine different enemies, including dissident Britons as well as the invading Angles and Saxons. Eric has also discovered that it was Arthur's own kith and kin who plotted his demise at the battle of Camlann. By linking clues interwoven with early poetry and legendary texts, Eric has been able to suggest the name of the Romano-British city most likely to have been King Arthur's Camelot and has also identified the site of Arthur's military headquarters in the

west His search for new evidence confirms the location of Camlan and reveals the real Isle of Avalon where Arthur was finally laid to rest King Arthur s Battle for Britain will appeal to anyone interested in the Arthurian period and the legend of King Arthur Eric has been inspired by Geoffrey Ashe s The Quest for Arthur s Britain and John Morris The Age of Arthur
