aside Other dads played catch I sat aside Other dads would twirl their children in their arms suspend them in the air and run around in the yard I sat and stared Then it hit me my boys often call without a reason to tell me they love me Griffin likes to lie on the couch and play a game he made up called Five Kisses It used to be called Three Kisses but he wanted more Instead of self pity I try as best I can to live with self worth It has had a domino effect on my soul As the last tile lands forward the words on it read Not today MS Not today Blame games were a symptom of the past Spirituality has played a major role in turning grief into accepting I have everything else left to live for smiles to share and love to let grow this was and is my new awakening Like many ill or infirmed the seasons change but hearts and minds may be frozen In my heart In my soul In dark evenings of emptiness inside sunny days where I closed the blinds the miracle of spirituality found the quiet of my soul and memories of what I hope to never endure again Ultimately like rivers and streams all things run into one and passes through illness from times long since passed Each room every bed and endless ticking of the room s clock began from the basement of time A fly on the wall could tell countless stories of pain and suffering of waiting and wondering of tears and sorrow Of a belief of a better tomorrow Those before me leave fingerprints revealing it was their time and place Some of those fingerprints come to life under every room s bright hospital lights Beneath the lights are the echoes of their words I am haunted by hospitals

Viljoen,2021-11-30 Life is a primary theme in Scripture expressed in the rich diversity of the various books corpora and genres of Scripture Much has been published on what Scripture teaches about life and death To date however no comprehensive biblical theology in which the concept of life is traced throughout the different books and corpora of the Old and New Testament has been published It is this lacuna that this book aims to fill assuming that such an approach can provide a valuable contribution to the theological discourse on life and related concepts The primary aim of this book is to give an indication of the different nuances of the concept of life in the various books and corpora of the Old and New Testament by providing the reader with a book by book overview of the concept of life in Scripture The secondary aim is to give an indication of the overall use and function of the

**Wilhelm Dilthey: Selected Works, Volume VI** Wilhelm Dilthey, 2019-11-12. This book completes a landmark six-volume translation of the major writings of Wilhelm Dilthey (1833-1911), a philosopher and historian of culture who continues to have a significant influence on philosophy, hermeneutics, and the theory of the human sciences. These volumes make available to English readers texts that represent the full range of Dilthey's work. The works in this volume present Dilthey's most deeply held views about philosophy and how it can guide human practices. *System of Ethics* (1890) argues that Humean sympathy motivates us only externally and must be replaced with the internally motivated fellow feeling of solidarity that respects others as ends in themselves. *The Essence of Philosophy* (1907) demonstrates how philosophy has developed from its traditional metaphysical role to the epistemological and encyclopedic functions that ground and order the natural and human sciences. The work also discloses an orientational function of philosophy that is explored further in *The Types of World View and Their Development* (1911). Philosophical world views are important in that they address the existential needs and riddles that grow out of life experience and are not solved by any of the sciences. In addition, the book features three other significant essays: *Present Day Culture and Philosophy* (1898) concerns the challenges to philosophy posed by contemporary culture; *Dream* (1903) is about the thinkers portrayed in Raphael's *School of Athens* and Dilthey's worries about them breaking up into three divergent groups; Finally, *The Problem of Religion* (1911) considers how religiosity can still inform lived experience in secular times.

**The Spectator**, 1897 **Life of Sir Walter Scott** Francis Turner Palgrave, 1871 *The World's Best Poetry ...: The higher life* John Vance Cheney, Sir Charles G. D.

Roberts, Charles Francis Richardson, Francis Hovey Stoddard, John Raymond Howard, 1904 **Attention Equals Life** Andrew Epstein, 2016-06-10. Poetry has long been thought of as a genre devoted to grand subjects, timeless themes and sublime beauty. Why then have contemporary poets turned with such intensity to documenting and capturing the everyday and mundane? Drawing on insights about the nature of everyday life from philosophy, history and critical theory, Andrew Epstein traces the modern history of this preoccupation and considers why it is so much with us today. *Attention Equals Life* argues that a potent hunger for everyday life explodes in the post-1945 period as a reaction to the rapid, unsettling transformations of this epoch which have resulted in a culture of perilous distraction. Epstein demonstrates that poetry is an important and perhaps unlikely cultural form that has mounted a response and even a mode of resistance to a culture suffering from an acute crisis of attention. In this timely and engaging study, Epstein examines why a compulsion to represent the everyday becomes predominant in the decades after modernism and why it has so often sparked genre-bending formal

experimentation With chapters devoted to illuminating readings of a diverse group of writers including poets associated with influential movements like the New York School language poetry and conceptual writing the book considers the variety of forms contemporary poetry of everyday life has taken and analyzes how gender race and political forces all profoundly inflect the experience and the representation of the quotidian By exploring the rise of experimental realism as a poetic mode and the turn to rule governed everyday life projects Attention Equals Life offers a new way of understanding a vital strain at the heart of twentieth and twenty first century literature It not only charts the evolution of a significant concept in cultural theory and poetry but also reminds readers that the quest to pay attention to the everyday within today s frenetic world of and social media is an urgent and unending task
