Life Changes Through Time:

Dinosaurs Ever Evolving Allen A. Debus, 2016-06-21 From their discovery in the 19th century to the dawn of the Nuclear Age dinosaurs were seen in popular culture as ambassadors of the geological past and as icons of the life through time narrative of evolution They took on a more foreboding character during the Cold War serving as a warning to mankind with the advent of the hydrogen bomb As fears of human extinction escalated during the ecological movement of the 1970s dinosaurs communicated their metaphorical message of extinction urging us from our destructive path Using an eclectic variety of examples this book outlines the three fold evolution of dinosaurs and other prehistoric monsters in pop culture from their poorly understood beginnings to the 21st century

Dream It First Jacqueline R. Robertson, 2012-03 This inspiring book is not just another how to book that you will find in the psychology finance business or self help aisles of your local book store nor will it be placed solely on the philosophy or spiritual shelves However the compelling messages in this fascinating book can easily be found in any of these venues The universal messages throughout this groundbreaking book are centered on the mysterious theory of the 80 20 law which approximately 80 percent or more of today's population isn't familiar with In today's society there is an esoteric 20 percent group of successful dreamers and thinkers who understand the workings of this positive spiritual law and use it to manage their personal problems achieving their dreams and goals by using only their own resources You can now step away from the trivial many and become a part of the vital few who have it all You will find the answers you seek in Dream It First The 80 20 Law to Manifestation of Dreams and Goals So dreamers let's get started About the Author Jacqueline R Robertson is a motivational and business speaker who writes from Highland California She is an entrepreneur licensed real estate broker paralegal and has worked in the field of occupational therapy for over 25 years Her published author's blog on the affect of the 80 20 law in our lives attracts readers daily from around the world Publisher's website www.SBPRA.com JacquelineRRobertson

Mismeasuring Our Lives Jean-Paul Fitouss, Joseph E. Stiglitz, Amartya Kumar Sen, 2011-04-22 In February of 2008 amid the looming global financial crisis President Nicolas Sarkozy of France asked Nobel Prize winning economists Joseph Stiglitz and Amartya Sen along with the distinguished French economist Jean Paul Fitoussi to establish a commission of leading economists to study whether Gross Domestic Product GDP the most widely used measure of economic activity is a reliable indicator of economic and social progress The Commission was given the further task of laying out an agenda for developing better measures Mismeasuring Our Lives is the result of this major intellectual effort one with pressing relevance for anyone engaged in assessing how and whether our economy is serving the needs of our society The authors offer a sweeping assessment of the limits of GDP as a measurement of the well being of societies considering for example how GDP overlooks economic inequality with the result that most people can be worse off even though average income is increasing and does not factor environmental impacts into economic decisions In place of GDP Mismeasuring Our Lives introduces a bold new array of concepts from sustainable measures of economic welfare to measures of savings and wealth to a green GDP At a time when policymakers worldwide are grappling with unprecedented global financial and environmental issues here is an essential guide to measuring the things that matter
