The Edwardians Anne Gray, 2004 This catalogue accompanies the exhibition opening at the National Gallery of Australia in March 2004 that aims to reassess the art of the Edwardian period focusing in particular on the art of Australia Among Australia's most loved artists are those who went to Europe at the turn of the 19th century to study and live Many of them stayed abroad for two decades and like Australian film stars of today became absorbed onto the world stage This book places the work of these artists in the context of the British Irish and American artists with whom they exhibited and associated and demonstrates their parallel concerns in painterly approach and subject Opening with paintings by Whistler which were so influential on the artists of this period the exhibition focuses on figurative paintings by select British Irish American and Australian artists from 1900 to 1914 It also includes George Lambert's King Edward VII 1910 completed shortly before Edward's death and now held in the Commonwealth of Australia Collection In total the exhibition comprises approximately 140 paintings sculptures costumes and fan designs drawn from national and international collections

At the Temple of Art Colleen Denney, 2000 In the hands of an innovative team consisting of Sir Coutts Lindsay his wife Blanche Lindsay and two managers Charles Halle and Joseph Comyns Carr the gallery developed a reputation as a leading exhibition space for British and Continental artists during the late Victorian period What factors contributed to its rise to prominence on the London exhibition circuit How did it maintain that respected place in light of the diversification of showcases during this period Central to this book is a close examination of the paintings which were shown at the gallery during its fourteen year

run how they were received by the critics and which movements were represented Jacket

Life, Times and Work of William Gillies, 1898-1973 Andrew McPherson, 2024-11-30 For seventy years William Gillies has been seen as a placid painter of landscape and decorative still life Andrew McPherson explodes this view to reveal a modernist whose response to the instabilities and violence of modernity touched universals of human experience Gillies idiom was shaped by institutions for artistic production unique to Scotland But it was the politics of Scotland's connections to the rest of the British Isles that produced his mythic and misleading reputation New paintings and new meanings are uncovered placing the micro effects of modernity on mental health family and community in the wider contexts of war nationalism and public patronage McPherson also shows how this changing world led Gillies towards new applications of modernist expression Lavishly illustrated and referencing almost one thousand works this major reappraisal is an indispensable source on the cultural politics of a four nation state and the reception of modernism in Britain
