Femmes Et La Politique Au Niger:

Bargaining for Women's Rights Alice J. Kang, 2015-06-30 Gender relations in Muslim majority countries have been subject to intense debate in recent decades. In some cases Muslim women have fought for and won new rights to political participation, reproductive health and education. In others their agendas have been stymied. Yet missing from this discussion until now has been a systematic examination of how civil society groups mobilize to promote women's rights and how multiple components of the state negotiate such legislation. In *Bargaining for Women's Rights* Alice J. Kang argues that reform is more likely to happen when the struggle arises from within. Focusing on how a law on gender quotas and a United Nations treaty on ending discrimination against women passed in Niger while family law reform and an African Union protocol on women's rights did not, Kang shows how local women's associations are uniquely positioned to translate global concepts of democracy and human rights into concrete policy proposals. And yet drawing on numerous interviews with women's rights activists as well as Islamists and politicians she reveals that the former are not the only ones who care about the regulation of gender relations. Providing a solid analytic framework for understanding conflict over women's rights policies without stereotyping Muslims, *Bargaining for Women's Rights* demonstrates that contrary to conventional wisdom Islam does not have a uniformly negative effect on the prospects of such legislation.

Comprising over 30 chapters by a team of international contributors, the Handbook is divided into seven parts: Foundational texts in historical and contemporary contexts; Sex, sexuality and gender difference; Gendered piety and authority; Political and religious displacements; Negotiating law, ethics and normativity; Vulnerability, care and violence in Muslim families; Representation, commodification and popular culture. These sections examine key debates and problems including feminist and queer approaches to the Qur'an, hadith, Islamic law and ethics, Sufism, devotional practice, pilgrimage, charity, female religious authority, global politics of feminism, material and consumer culture, masculinity, fertility and the family, sexuality, sexual rights, domestic violence, marriage practices and gendered representations of Muslims in film and media. *The Routledge Handbook of Islam and Gender* is essential reading for students and researchers in religious studies, Islamic studies and gender studies. The Handbook will also be very useful for those in related fields such as cultural studies, area studies, sociology, anthropology and history.
