Femmes Face À la Guerre Alison S. Fell, 2009. Historical and literary scholars have become increasingly interested in women's roles in and approaches to war. In times of conflict French and francophone women have made crucial contributions in aid of the patrie but wars have also set women against the governing powers frequently forcing them to choose between their concerns as women and the economic and social demands of their belligerent nations. This volume the proceedings of the 9th UK Women in French conference entitled *Les femmes et la guerre* brings together scholars from different academic disciplines history sociology politics literary criticism and gender studies who explore the impact of war upon women in French and francophone societies. Les critiques littéraires et les historiens s'intéressent de plus en plus aux rôles des femmes pendant les périodes de guerre. Les femmes françaises et francophones ont par leurs actions cruciales aidé la patrie en temps de guerre cependant les conflits ont galement opposé les femmes leur gouvernement en les obligeant souvent à choisir entre leurs intérêts en tant que femmes et les exigences économiques et sociales de leur pays belligérant. Ce volume reproduisant les actes du 9e colloque britannique organisé par Women in French intitulé *Les femmes et la guerre* rassemble des spécialistes de diverses disciplines histoire sociologie sciences politiques critique littéraire et études de genre pour analyser les effets de la guerre sur les femmes en France et dans les pays francophones.

Ce volume collectif se questionne comment les contacts et les conflits entre l'Orient et l'Occident se reflètent dans les textes narratifs des femmescrivains. Elles explorent dans quelle mesure les images de soi et de l'autre les images orientales et occidentales des femmes et des rôles stéréotypés du genre entrent en contact ou en conflit dans ces textes et quelles conséquences cela a sur l'identité des femmes dans l'entre-deux entre la culture d'origine et la culture d'
