Forgotten Coast Coastal Traditions Of Britain And Ireland:

Forgotten Coast Robert Simper, 2002-06-01 **Sea Breezes** ,2003 **Coastal Works** Nicholas Allen, Nick Groom, Jos Smith, 2017-07-04 In all the complex cultural history of the islands of Britain and Ireland the idea of the coast as a significant representative space is critical For many important artists coastal space has figured as a site from which to braid ideas of empire nation region and archipelago They have been drawn to the coast as a zone of geographical uncertainty in which the self definitions of the nation founder they have been drawn to it as a peripheral space of vestigial wildness of island retreats and experimental living as a network of diverse localities richly endowed with distinctive forms of cultural heritage and as a dynamically interconnected ecosystem which is at the same time the historic site of significant developments in fieldwork and natural science This collection situates these cultures of the Atlantic edge in a series of essays that create new contexts for coastal study in literary history and criticism The contributors frame their research in response to emerging conversations in archipelagic criticism the blue humanities and island studies the essays challenging the reader to reconsider ideas of margin periphery and exchange These twelve case studies establish the coast as a crucial location in the imaginative history of Britain Ireland and the north Atlantic edge **Coastal Works** will appeal to readers of literature and history with an interest in the sea the environment and the archipelago from the 18th century to the present Accessible innovative and provocative **Coastal Works** establishes the important role that the coast plays in our cultural imaginary and suggests a range of methodologies to represent relationships between land sea and cultural work **Ships Monthly** ,2003 *The Prehistoric Settlement of Britain* Richard Bradley, 2014-10-24 This study first published in 1978 explores the evidence for pre Roman settlement in Britain Four aspects of the prehistoric economy are described by the author colonisation and clearance arable and pastoral farming transhumance and nomadism and hunting gathering and fishing These aspects have been brought together to formulate a structure which contains the evidence more naturally than chronological schemes that depend on assumed changes in population or technology The book draws upon environmental evidence and recent developments in archaeological fieldwork It also provides an extensive exploration of the published literature on the subject and the scope of the evidence Originally conceived as an ideas book rather than a final synthesis the author s intention throughout is to stimulate argument and research and not to replace one dogma with another **Coastal Environments in Popular Song** Glenn Fosbraey, 2022-12-30 This book examines how popular music is able to approach subjects of bio politics climate change solastalgia and anthropomorphisation alongside its more common diet of songs about love dancing and break ups all while satisfying its primary remit of being entertaining and listenable Nearly a thousand books have been published on bioethics since Van Rensselaer Potter s *Bioethics Bridge to the Future* 1971 with a marked increase in the past 20 years However not one of these books has focused itself on popular music something Christopher Partridge describes as central to the construction of our identities central to our sense of self central to our well being and therefore central to our social relations

This edited collection examines popular music through a range of topics from romance to climate change Coastal Environments in Popular Song is perfect for students scholars and researchers alike interested in bioethics social history and the history of music

The Lost Dark Age Kingdom of Rheged Ronan Toolis, Christopher Bowles, 2017-01-31 Trusty s Hill is an early medieval fort at Gatehouse of Fleet Dumfries and Galloway The hillfort comprises a fortified citadel defined by a vitrified rampart around its summit with a number of enclosures looping out along lower lying terraces and crags The approach to its summit is flanked on one side by a circular rock cut basin and on the other side by Pictish Symbols carved on to the face of a natural outcrop of bedrock This Pictish inscribed stone is unique in Dumfries and Galloway and southern Scotland and has long puzzled scholars as to why the symbols were carved so far from Pictland and even if they are genuine The Galloway Picts Project launched in 2012 aimed to recover evidence for the archaeological context of the inscribed stone but far from validating the existence of Picts in this southerly region of Scotland the archaeological context instead suggests that the carvings relate to a royal stronghold and place of inauguration for the local Britons of Galloway around AD 600 Examined in the context of contemporary sites across southern Scotland and northern England the archaeological evidence from Galloway suggests that this region may have been the heart of the lost Dark Age kingdom of Rheged a kingdom that was in the late sixth century pre eminent amongst the kingdoms of the north The new archaeological evidence from Trusty s Hill enhances our perception of power politics economy and culture at a time when the foundations for the kingdoms of Scotland England and Wales were being laid

Tijdschrift voor zeegegeschiedenis, 2003 *Archaeology After Interpretation* Benjamin Alberti, Andrew Meirion Jones, Joshua Pollard, 2016-06-16 A new generation of archaeologists has thrown down a challenge to post processual theory arguing that characterizing material symbols as arbitrary overlooks the material character and significance of artifacts This volume showcases the significant departure from previous symbolic approaches that is underway in the discipline It brings together key scholars advancing a variety of cutting edge approaches each emphasizing an understanding of artifacts and materials not in terms of symbols but relationally as a set of associations that compose people s understanding of the world Authors draw on a diversity of intellectual sources and case studies paving a dynamic road ahead for archaeology as a discipline and theoretical approaches to material culture

Europe's Lost Frontiers: Volume 1 Vincent Gaffney, Simon Fitch, 2022-08-11 Europe s Lost Frontiers was the largest directed archaeological research project in Europe investigating the inundated landscapes of the Early Holocene North Sea often referred to as Doggerland The first in a series of monographs presenting the results of the project this book provides the context of the study and method statements

The Folk Handbook John Morrish, 2007-07 Many of the great songs that have inspired performers around the world in the last 50 years come from the English folk song tradition This book provides words and melodies for nearly 100 songs along with an exploration of their history and meaning the context in which they arose and their value to writers and performers around the world

Coast: Our Island Story Nicholas Crane, 2010-10-31 Along our

shores towering cliffs from the age of the dinosaurs rise beside wide estuaries teeming with wildlife while Victorian ports share waterfronts with imposing fortifications And the people who have lived worked and played on this spectacular coast from Stone Age fishermen to seafarers chart makers and surfers have an incredible tale to tell Coast Our Island Story is an enthralling account sparkling with geography history adventure and eccentric characters told with Nick Crane s trademark charisma and wit

Luce Irigaray and Premodern Culture Elizabeth D. Harvey, Theresa Krier, 2004-08-02 The essays in this groundbreaking collection stage conversations between the thought of the controversial feminist philosopher linguist and psychoanalyst Luce Irigaray and premodern writers ranging from Empedocles and Homer to Shakespeare Spenser and Donne They explore both the pre Enlightenment roots of Luce Irigaray s thought and the impact that her writings have had on our understanding of ancient medieval and Renaissance culture Luce Irigaray has been a major figure in Anglo American literary theory philosophy and gender studies ever since her germinal works *Speculum of the Other Woman* and *This Sex Which Is Not One* were published in English translation in 1985 This collection is the first sustained examination of Irigaray s crucial relationship to premodern discourses underpinning Western culture and of the transformative effect she has had on scholars working in pre Enlightenment periods Like Irigaray herself the essays work at the intersections of gender theory historicism and language This collection offers powerful ways of understanding premodern texts through Irigaray s theories that allow us to imagine our past and present relationship to economics science psychoanalysis gender ethics and social communities in new ways

The Importance of British Material Culture to Historical Archaeologies of the Nineteenth Century Alasdair Mark Brooks, 2016 Britain was the industrial and political powerhouse of the nineteenth century the birthplace of the Industrial Revolution and the center of the largest empire of the time With its broad imperial reach and even broader indirect influence Britain had a major impact on nineteenth century material culture worldwide Because British manufactured goods were widespread in British colonies and beyond a more nuanced understanding of those goods can enhance the archaeological study of the people who used them far beyond Britain s shores However until recently archaeologists have given relatively little attention to such goods in Britain itself thereby missing what is often revealing and useful contextual information for historical archaeologists working in countries where British goods were consumed while also leaving significant portions of Britain s own archaeological record poorly understood *The Importance of British Material Culture to Historical Archaeologies of the Nineteenth Century* helps fill these gaps through case studies demonstrating the importance and meaning of mass produced material culture in Britain from the birth of the Industrial Revolution mid 1700s to early World War II By examining many disparate items such as ceramics made for export various goods related to food culture Scottish land documents and artifacts of death these studies enrich both an understanding of Britain itself and the many places it influenced during the height of its international power

The Tapestry of Culture Maxine Weisgrau, Abraham Rosman, Paula G. Rubel, 2023-07-10 When we think about society and culture often we think of our own culture the culture in

which we were raised or currently live as the default The eleventh edition of The Tapestry of Culture uses anthropological tools to translate the concepts ideas and behaviors of other cultures into language recognizable by today s students The book s comparative approach balances the history of ethnography fieldwork and anthropological with today s globalized world including the impact of climate change social movements social media and technology global health issues and shifting political landscapes New to the Eleventh Edition New Chapter 12 Global Health and Wellness examines the historical political and cultural issues that shape disease and health including inequalities in access to physical and mental health services the delivery of health care services and health intervention strategies New Chapter 11 Spaces and Places of Creative Expression explores how social media and internet technologies play a major role in how contemporary audiences view and understand creativity including music dance theater film painting and other performance styles Expanded discussion of the cultural construction of gender and sexuality as well as LGBTQ issues in activism explores gender and sexuality through queer studies and in postcolonial settings Chapter 7 New discussion of critical race theory highlights its contributions to analyzing multiple forms of racism and discrimination while providing an exploration of the challenges of multiculturalism in contexts of nationality ethnicity and political representation Chapter 14 New discussions of environmental anthropology political ecology climate change inequality social movements globalization and transnationalism highlight these contemporary issues as subjects of anthropological inquiry Chapter 1

From Hunter-Gatherers to Early Christians Julian Maxwell Heath, 2023-03-31 Jutting out some thirty miles into the Irish Sea from the western edge of Snowdonia the Llŷn Peninsula in north west Wales is renowned for its stunning beaches and countryside with much of its landscape designated as an Area of Outstanding Natural Beauty The peninsula is also home to a remarkable and abundant collection of archaeological sites and monuments some of national importance which bear witness to the ancient societies who once inhabited this narrow finger of land on the western fringe of Britain This abundantly illustrated book examines this rich corpus of archaeological evidence beginning with the faint but fascinating traces that Mesolithic hunter gatherers have left in the landscape of the Llŷn Peninsula and ending in the early medieval period with about 9 000 years of human habitation thus covered in its pages In the course of the book we will encounter a wealth of fascinating archaeological evidence which includes impressive megalithic tombs and an axe factory from the Neolithic burial mounds and mysterious standing stones from the Early Bronze Age rural settlements and magnificent hillforts occupied in the Iron Age and Romano British period and memorial stones erected by early Christian communities Much more besides will be found in the pages of this volume which throws considerable light on the ancient peoples of the Llŷn Peninsula and the rich archaeological heritage of this special part of the United Kingdom which has much to offer those who are interested in the distant lives of our ancestors
