Foundation Stones to Happiness and Success Associate Professor of Philosophy James Allen,2014-09-25 It is wise to know what comes first and what to do first To begin anything in the middle or at the end is to make a muddle of it The athlete who began by breaking the tape would not receive the prize He must begin by facing the starter and toeing the mark and even then a good start is important if he is to win The pupil does not begin with algebra and literature but with counting and ABC So in life the businessmen who begin at the bottom achieve the more enduring success and the religious men who reach the highest heights of spiritual knowledge and wisdom are they who have stooped to serve a patient apprenticeship to the humbler tasks and have not scorned the common experiences of humanity or overlooked the lessons to be learned from them

As a Man Thinketh & Foundation Stones to Happiness and Success James Allen,2019-11-19 This little volume the result of meditation and experience is not intended as an exhaustive treatise on the much written upon subject of the power of thought It is suggestive rather than explanatory its object being to stimulate men and women to the discovery and perception of the truth that They themselves are makers of themselves by virtue of the thoughts which they choose and encourage that mind is the master weaver both of the inner garment of character and the outer garment of circumstance and that as they may have hitherto woven in ignorance and pain they may now weave in enlightenment and happiness James Allen

(2 Books) Wallace D. Wattles, 2017-03-06 It is popularly supposed that a greater prosperity for individuals or nations can only come through a political and social reconstruction This cannot be true apart from the practice of the moral virtues in the individuals that comprise a nation Better laws and social conditions will always follow a higher realisation of morality among the individuals of a community but no legal enactment can give prosperity to nay it cannot prevent the ruin of a man or a nation that has become lax and decadent in the pursuit and practice of virtue The moral virtues are the foundation and support of prosperity as they are the soul of greatness They endure for ever and all the works of man which endure are built upon them Without them there is neither strength stability nor substantial reality but only ephemeral dreams To find moral principles is to have found prosperity greatness truth and is therefore to be strong valiant joyful and free JAMES ALLEN Bryngoleu Ilfracombe England **Happy Warriors** Mitch Horowitz, 2024-03-05 In Happy Warriors iconic voice of esoteric spirituality Mitch Horowitz provides an enthralling literary survey of the lives and ideas of the most remarkable figures in positive mind spirituality opening a fresh window on the history and practice of New Thought Writing with drama erudition
