Linguistics Structures And Linguistic Laws:

Linguistic Structures and Linguistic Laws Ferenc Kovacs, 1971-12-31 This monograph has as its objective to give a critical survey of the development of the theories concerning the essence the function and the most characteristic determining features of language and to explore and evaluate the motive forces responsible for this development The author explains mainly the progressive elements of the theoretical foundations and methodological procedures of different times and schools trends and places them in the process which presents the course of development of linguistic theory as an organic whole He deals in detail with the foreign mainly American and Hungarian monographic publications based on so called modern methodologies and in the light of the facts of language points out the theoretical gnoseological philosophical errors which of course are errors from the point of view of general linguistics too He relies on a Marxist based interpretation of the modern concept of natural and social law for the formulation of his own conception of linguistic law which includes also his own view of linguistics structures

Linguistic Structures and Linguistic Laws Ferenc Kovács, 1971 **Structures of Language: Notes Towards a Systematic Investigation** Joan Casser, 2022-11-14 This annotated commentary delineating Michel P cheux s materialist discourse theory anticipates the formation of a real social science to supersede the metaphysical meanings always already there instituted by empirical ideology Structures of Language presents P cheux s consequential work in respect of Ferdinand de Saussure s epistemological breakthrough that founded the science of linguistics the theoretical separation of sound from meaning Noam Chomsky s generative grammar John Searle s philosophy of language B F Skinner s indwelling agents J L Austin s speech situations Jacques Lacan s symbolic order and other influential linguistic researchers are cited to explain imaginary semantic systems The broader implications for structural metaphysics in language use are tacitly conveyed

Selected Papers in Structural Linguistics Bohumil Trnka, 2015-03-10 No detailed description available for Selected Papers in Structural Linguistics **LAWS, LANGUAGE and LIFE** Howard Hunt Pattee, Joanna Rączaszek-Leonardi, 2012-12-09 Howard Pattee is a physicist who for many years has taken his own path in studying the physics of symbols which is now a foundation for biosemiotics By extending von Neumann s logical requirements for self replication to the physical requirements of symbolic instruction at the molecular level he concludes that a form of quantum measurement is necessary for life He explains why all non dynamic symbolic and informational controls act as special allosteric constraints on dynamical systems Pattee also points out that symbols do not exist in isolation but in coordinated symbol systems we call languages Such insights turn out to be necessary to situate biosemiotics as an objective scientific endeavor By proposing a way to relate quiescent symbolic constraints to dynamics Pattee s work builds a bridge between physical biological and psychological models that are based on dynamical systems theory Pattee s work awakes new interest in cognitive scientists where his recognition of the necessary separation the epistemic cut between the subject and object provides a basis for a complementary third way of relating the purely symbolic computational models of cognition and the

purely dynamic non representational models This selection of Pattee s papers also addresses several other fields including hierarchy theory artificial life self organization complexity theory and the complementary epistemologies of the physical and biological sciences

Structure of Language and Its Mathematical Aspects ,1961 **Law, Language and the Multilingual State** Claudine Brohy,Theo du Plessis,Joseph-G. Turi,José Woehrling,2013-07-03 The theme of the conference Language Law and the Multilingual State was determined to investigate the state juridical challenges facing multilingual societies Several related issues were addressed such as minority and indigenous languages globalisation and diversity language rights language ideology and language legislation

Dependency Structures from Syntax to Discourse Hongxin Zhang,2023-09-28 Based on the large corpora of journalistic English this title examines dependency relations and related properties at both syntactic and discourse levels seeking to unravel the language patterns of real life usage With a focus on rank frequency distribution the author investigates the distribution of linguistic properties units from the perspectives of properties motifs and sequencings At the syntactic level the book analyses the following three dimensions various combinations of a complete dependency structure valency and dependency distance At the discourse level it proves that the elements can also form dependency relations by exploring 1 the rank frequency distribution of Rhetorical Structure Theory relations their motifs discourse valency and discourse dependency distance 2 whether there is top down organisation or an inverted pyramid structure at all the three discourse levels and 3 whether discourse dependency distances and valencies are lawfully distributed following the same distribution patterns as those at the syntactic level This book will be of great value for scholars and students of quantitative linguistics and computational linguistics and its practical insights will also benefit professionals of language teaching and journalistic writing

A Dictionary of Language David Crystal,2001-06 No ordinary dictionary David Crystal s Dictionary of Language includes not only descriptions of hundreds of languages literally from A to Z Abkhaz to Zyryan and definitions of literary and grammatical concepts but also explanations of terms used in linguistics language teaching and speech pathology If you are wondering how many people speak Macedonian Malay or Makua or if you re curious about various theories of the origins of language or if you were always unsure of the difference between structuralism semiotics and sociolinguistics this superbly authoritative dictionary will answer all of your questions and hundred of others

Solan,2012-03-08 This book provides a state of the art account of past and current research in the interface between linguistics and law It outlines the range of legal areas in which linguistics plays an increasing role and describes the tools and approaches used by linguists and lawyers in this vibrant new field Through a combination of overview chapters case studies and theoretical descriptions the volume addresses areas such as the history and structure of legal language its meaning and interpretation multilingualism and language rights courtroom discourse forensic identification intellectual property and linguistics and legal translation and interpretation Encyclopaedic in

scope the handbook includes chapters written by experts from every continent who are familiar with linguistic issues that arise in diverse legal systems including both civil and common law jurisdictions mixed systems like that of China and the emerging law of the European Union **Investigations of Explanatory Strategies in Linguistics** Lukáš

Zámečník, 2023-07-24 Linguistic theories often suffer from the dilemma that their explanatory power is based on extra linguistic assumptions The book delineates the essence of linguistic theory and linguistic explanation and in doing so proposes a solution to the dilemma Simultaneously the book is one of the first attempts to profile the philosophy of linguistics as a distinct sub discipline of the contemporary philosophy of science **Legal Linguistics Beyond Borders: Language**

and Law in a World of Media, Globalisation and Social Conflicts Friedemann Vogel, 2019-07-31 The world of law has changed in the last decades it has become more globalized multilingual and digital The sections and contributions of this volume continue the interdisciplinary discussion about the challenges of this change for theory and practice of law and for the International Language and Law Association ILLA relaunched in 2017 First the book gives a broad overview to the research field of legal linguistics its history research directions and open questions in different parts of the world United States Africa Italy Spain Germany Nordic countries and Russia The second section consists of contributions about the relation of language law and justice in a globalized world with a focus on multilingual and supranational law in the EU The third section focuses on digitalization and mediatization of the law the last section reports about the discussion at the ILLA relaunch conference in 2017 **Ignorance of Language** Michael Devitt, 2006-04-27 What is linguistics about What role

should linguistic intuitions play in constructing grammars What is innate about language Arguing that linguistics is about linguistic reality and is not part of psychology this book offers answers to these questions It is intended for those working on language and the mind *Basic concepts, theories and problems: alternative approaches* Joshua A. Fishman, 2019-01-14 No

detailed description available for Basic concepts theories and problems alternative approaches *The arc and the machine* Caroline Bassett, 2013-07-19 The Arc and the machine is a timely and original defence of narrative in an age of information Stressing interpretation and experience alongside affect and sensation it convincingly argues that narrative is key to contemporary forms of cultural production and to the practice of contemporary life Re appraising the prospects for narrative in the digital age it insists on the centrality of narrative to informational culture and provokes a critical re appraisal of how innovations in information technology as a material cultural form can be understood and assessed The book offers a careful exploration of narrative theory a sophisticated critique of techno cultural writing and a series of tightly focused case studies All of which point the way to a restoration of a critical rather than celebratory approaches to new media The scope and range of this book is broad its argumentation careful and exacting and its conclusions exciting **The Logic of Language**

Michael Shapiro, 2022-08-21 This book serves as a basis for the exploration of language in a more systematic way By surveying the several major divisions of language phonology morphology syntax lexis tropology and explicating the way in

which sound and meaning cohere in them this text lays bare for students scholars and advanced readers alike the lineaments of an understanding of what makes language the sign system par excellence in the service of its most important function as the instrument of cognition and of communication This book is intended as a companion volume to Shapiro s The Speaking Self Language Lore and English Usage The two volumes taken in tandem will provide a solid grounding in the observational science of linguistics linking theory with practice in a way that will expand one s understanding of language as a global phenomenon

The Language of the New Testament Stanley E. Porter, Andrew Pitts, 2013-02-21 In The Language of the New Testament Stanley E Porter and Andrew W Pitts assemble an international team of scholars whose work has focused on the Greek language of the earliest Christians Each essay moves forward the current understanding of the context history or development of the language of the New Testament The first section of the volume focuses on the social contexts and registers that provide the environment for language use and selection The second section deals with issues surrounding the history of the Greek language and how its development has impacted the Greek found within the New Testament

Structural and Functional Properties of Collocations in English Sabine Bartsch, 2004 **Structure and the Whole** Patrick Sériot, 2014-04-01 This book identifies the Romantic notion of the whole as the fundamental epistemological source of the notion of structure in the thinking of the Prague Linguistic Circle primarily its Russian representatives and studies what amounted to the slow painful process of disengagement from the organicist metaphor in an intellectual world very different from Saussure s
