Programme et invention dans l'art de la Renaissance Michel Hochmann,2008 la Renaissance la peinture n'est plus simplement l'affaire des artistes Les princes et les mécènes engagent souvent des rudits qui fournissent aux peintres ce que l'on nomme habituellement une *invenzione* autrement dit un sujet ou un programme Aussi depuis la fin du XIXe siècle la question du programme iconographique est au cœur des réflexions en l'histoire de l'art en particulier sur cette période On a ainsi beaucoup cherché à identifier les sources textuelles et figuratives le sens voire les messages cachés propres aux œuvres d'art en précisant les liens qu'ils pouvaient entretenir avec la culture de leur époque ou avec les intentions de leurs commanditaires Mais la notion de programme ne rend pas nécessairement justice à la liberté de l'artiste face à un sujet littéraire qu'il interprète plus qu'il n'illustre En privilégiant plusieurs axes de réflexion la laboration de l'*invenzione* les relations entre les lettrés et les artistes les changes avec les modèles rhétoriques et poétiques les formes de réception ou encore les rapports entre les éléments d'ornement et l'histoire représentent les différentes contributions de cet ouvrage ont pour ambition de mieux définir les limites de la notion de programme et de mieux appréhender dans son acception artistique celle d'*Invention* En outre ces approches permettront de distinguer ce qui échappe au lettré et appartient en propre à l'artiste *Dictionnaire des dates, des faits, des lieux et des hommes historiques* A. L. d'Harmonville,1845 *Supplement to The Letters of Horace Walpole* Horace Walpole,1925 **De Arte Graphica (Paris, 1668)** Charles-Alphonse Dufresnoy,2005 Edition commentée de ce poème latin de 549 vers sur l'art de la peinture qui connut un succès considérable aux XVIIe et XVIIIe siècles *The Iconology of Abstraction* Krešimir Purgar,2020-06-15 This book uncovers how we make meaning of abstraction both historically and in present times and examines abstract images as a visual language The contributors demonstrate that abstraction is not primarily an artistic phenomenon but rather arises from human beings' desire to imagine understand and communicate complex ineffable concepts in fields ranging from fine art and philosophy to technologies of data visualization from cartography and medicine to astronomy The book will be of interest to scholars working in image studies visual studies art history philosophy and aesthetics **L'invention de la peinture** Béatrice Fontanel,Claire d'Harcourt,1993 Papyrus

Experiencing Medieval Art Herbert L. Kessler,2019-09-10 Across the nine thematic chapters of Experiencing Medieval Art renowned art historian Herbert L Kessler considers functional objects as well as paintings and sculptures the circumstances processes and materials of production the conflictual relationship between art objects and notions of an ineffable deity the context surrounding medieval art and questions of apprehension aesthetics and modern presentation He also introduces the exciting discoveries and revelations that have revolutionized contemporary understanding of medieval art and identifies the vexing challenges that still remain With 16 color plates and 81 images in all including the stained glass of Chartres Cathedral the mosaics of San Marco and the Utrecht Psalter as well as newly discovered works such as the frescoes in Rome s aula gotica and a twelfth century aquamanile in Hildesheim Experiencing Medieval Art makes the complex history of medieval art accessible for students of art history and scholars of medieval history theology and literature **"Painting, Politics and the Struggle for the ?ole de Paris, 1944?1964 "** Natalie Adamson,2017-07-05 Painting Politics and the Struggle for the ole de Paris 1944 1964 is the first book dedicated to the postwar or nouvelle ole de Paris It challenges the customary relegation of the ole de Paris to the footnotes not by arguing for some hitherto hidden merit for the art and ideas

associated with this school but by establishing how and why the ole de Paris was a highly significant vehicle for artistic and political debate The book presents a sustained historical study of how this school was constituted by the paintings of a diverse group of artists by the combative field of art criticism and by the curatorial policies of galleries and state exhibitions By thoroughly mining the extensive resources of the newspaper and art journal press gallery and government archives artists writings and interviews with surviving artists and art critics the book traces the artists exhibitions and art critical debates that made the ole de Paris a zone of aesthetic and political conflict Through setting the ole de Paris into its artistic social and political context Natalie Adamson demonstrates how it functioned as the defining force in French postwar art in its defence of the tradition of easel painting as well as an international point of reference for the expansion of modernism In doing so she presents a wholly new perspective on the vexed relationships between painting politics and national identity in France during the two decades following World War II
