PASHCOW,2014-05 I think most of us will agree that unstinting love is the basis of true happiness a prize easier searched for than won Most lovers spar in feigned conflict to enhance a sexual affair This fantasy of two loving strangers joined by time and space is a test of that belief the tale centers on the ingenuity of a modern cancer researcher Dr Carl Daley whose ultimate victory is based on the brilliance of the 1902 work of Dr Richard Davis whose brilliant theories went far beyond the available necessary equipment to bring the cure to fruition It is by no means a medical or sci fi text but an adventure related to the unknown Uncanny circumstances bring together this astute modern day doctor trapped in a cobweb spun in the time of 1903 and the attractive sister of Dr Davis Through the mysterious magic of space and time they become lifelong lovers bound together by a tragedy Her adventure s some hilarious during her age defying transition from sleepy 1902 Hanover Virginia to the combustive life of modern New York is the spice of an exhilarating heartwarming narrative of love hate compassion and nail biting suspense This happy narrative is interspersed with the scheming plot of a pharmaceutical company corruption of 1903 and the threat of a modern worldwide terrorist attack No obstacle or hurdle can dampen this couple s resolve for a match made in heaven **Stray Horse** Bonnie Bryant,2013-02-27 Something s wrong at home and

Three Pretty Maids Amy Ella Blanchard,1897 What Do We Tell the Children? Joseph M. Primo,2013-09-17 One out of seven children will lose a parent before they are 20 The statistics are sobering but they are also a call for preparedness However pastors and counselors of all

types are often at a loss when dealing with a grieving child Talking to adults about death and grief is difficult it s all the more challenging to talk to children and teens The stakes are high grieving children are high risk for substance abuse promiscuity depression isolation and suicide Yet despite this most of these kids grow up to be normal or exceptional adults But their chance to become healthy adults increases with the support of a loving community Supporting grieving children requires intentionality open communication and patience Rather than avoid all conversations on death or pretend like it never happened normalizing grief and offering support requires us to be in tune with kids through dialogue as they grapple with questions of how and why When listening to children in grief we often have to embrace the mystery offer love and compassion and stick with the basics The author says We don t have to answer the why and how for them but we can assure our children that God is with us as we suffer We can do so by doing good for others and pointing out all of those moments when someone has done something good for us I believe that most of the time that s as far as we will get and that is okay
