Lisbon Paul Buck, 2002 A guide to the history and culture of Lisbon

The Palgrave Handbook of Literature and the City Jeremy Tambling, 2017-02-17 This book is about the impact of literature upon cities world wide and cities upon literature It examines why the city matters so much to contemporary critical theory and why it has inspired so many forms of writing which have attempted to deal with its challenges to think about it and to represent it Gathering together 40 contributors who look at different modes of writing and film making in throughout the world this handbook asks how the modern city has engendered so much theoretical consideration and looks at cities and their literature from China to Peru from New York to Paris from London to Kinshasa It looks at some of the ways in which modern cities whether capitals shanty towns industrial or rust belt have forced themselves on people s ways of thinking and writing

Out of the Shadows Neill Lochery, 2017-02-23 Out of the Shadows is a full account of post authoritarian democratic Portugal 1974 to Present following the Carnation Revolution which began on April 25th 1974 and based on documentary sources personal accounts and unpublished documents from the National Archive in Kew Lisbon and Portugal s best days are behind them is a common theme put forward by writers who focus their attention on the golden era of Portuguese discoveries the Empire and the role of Lisbon as a major Atlantic power Neill Lochery s book demonstrates that Portugal is not suffering from such inevitable decline In 1974 a dramatic overnight coup led to the fall of the Estado Novo dictatorship in Portugal in Lisbon the events became known as the Carnation Revolution As the colonies collapsed the United States helped airlift 13 000 refugees from Angola back to Portugal as US Secretary of State Henry Kissinger maneuvered to advance the moderate side of the government in Lisbon over the radicals and thus guarantee US interests As Neill Lochery argues one of the major misunderstandings of the post revolution era in Portugal has been the concentration on domestic over international factors in helping to shape its story Having emerged from its twentieth century financial crisis and bail out and thus out of the shadows he argues that Portugal is a country of huge relevance to the present day and of great future significance to the European continent Indeed the strengthening of bonds between Portugal and its European neighbours can be seen to be more important than ever given the heightened tensions in European politics the refugee crisis and the prospect of a changing European Union

Fado and the Place of Longing Richard Elliott, 2017-07-05 Fado often described as urban folk music emerged from the streets of Lisbon in the mid nineteenth century and went on to become Portugal s national music during the twentieth It is known for its strong emphasis on loss memory and nostalgia within its song texts which often refer to absent people and places One of the main lyrical themes of fado is the city itself Fado music has played a significant role in the interlacing of mythology history memory and regionalism in Portugal in the second half of the twentieth century Richard Elliott considers the ways in which fado songs bear witness to the city of Lisbon in relation to the construction and maintenance of the local Elliott explores the ways in which fado acts as a cultural product reaffirming local identity via

recourse to social memory and an imagined community while also providing a distinctive cultural export for the dissemination of a remembered Portugal on the global stage
