Human Communication Albert Silverstein, 2015-10-23 Originally published in 1974 This is an introductory text on the

basic processes in communication with each chapter written by an eminent theorist in one of the main disciplines dealing with communication. It both surveys the range of issues and presents the individual author's personal theoretical approach in each case. Though introductory, the chapters here while attempting to be representative and to avoid unnecessary jargon are careful to not oversimplify. Each author presents an original thesis providing a first-hand glimpse of scholarly work in the discipline, showing the great diversity among the approaches and levels of analysis used in the study of communication. Of great usefulness to students of psychology, language, linguistics, media, and social history.

The Interpretation of The Meaning of The Holy Quran Volume 37 - Surah Ta Ha verse 1 to 75 Nasoha Bin Saabin, I have written many books and articles on various topics but since 2013 I have devoted myself fully in writing the interpretation of the Holy Quran in English and with the grace of Allah I have completed the whole Quran on 29th October 2020 with 84 books. I believe there is a great need in the whole world for the correct interpretation of the Holy Quran to be written in English. Currently, there is a great misunderstanding about Islam among Muslims and non-Muslims globally. The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam, which leads to the wrong actions of Muslims. The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non-Muslims. The wrong actions of the Muslims have led to many miseries and wars among Muslims. The wrong actions of Muslims have also led to many wars and clashes between Muslims and non-Muslims. In order to avoid miseries, wars, and clashes from taking place between the whole mankind in the whole world, the whole mankind in the whole world need to understand the true teaching of Islam. There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran. The whole mankind is only able to read and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world, English. For this very reason, I have written the interpretation of the Holy Quran in English.
