The Idea of Ancient Literary Criticism Yun Lee Too, 1999-02-11 Yun Lee Too offers a sustained reading of the social function of the body of texts we identify as ancient literary criticism with major implications for how we understand this discourse and also modern criticism and literary theory The author argues that when Greek and Roman authors discuss what and how to read in works they are attempting to create and maintain the political community and its identity by regulating the languages available to it Literary criticism is a process of discrimination between competing discourses serving as a strategy by which certain forms of speech or writing may be pronounced legitimate at the expense of others The volume traces ancient criticism from its origins in archaic Greek poetry through to the early Christian era As well as reading the familiar texts of ancient criticism Plato's Republic Aristotle's Poetics Longinus On the Sublime amongst others it shows how ancient law history and rhetoric participate in the critical process

The Temporal Mechanics of the Fourth Gospel Douglas Charles Estes,2008-03-31 Spiritual but broken theological but flawed these are the words critics use to describe the Gospel of John Compared to the Synoptics John s version of the life of Jesus seems scrambled especially in the area of time and chronology But what if John s textual and temporal flaws have more to do with our implicit assumptions about time than a text that is truly flawed This book responds to that question by reinventing narrative temporality in light of modern physics and applying this alternative temporal lens to the Fourth Gospel From the singularity in the epic prologue to the narrative warping of event like objects this work explodes the elemental temporalities simmering below the surface of a spiritual yet superior Gospel text Irving Howe and the Critics John Rodden,2005-01-01

Wright,2012-05-24 Some of the best evidence for the early development of literary criticism before Plato and Aristotle comes from Athenian Old Comedy Playwrights such as Eupolis Cratinus Aristophanes and others wrote numerous comedies on literary themes commented on their own poetry and that of their rivals and played around with ideas and theories from the contemporary intellectual scene How can we make use of the evidence of comedy Why were the comic poets so preoccupied with questions of poetics What criteria emerge from comedy for the evaluation of literature What do the ancient comedians

jokes say about their own literary tastes and those of their audience How do different types of readers in antiquity evaluate texts and what are the similarities and differences between popular and professional literary criticism Does Greek comedy have anything serious to say about the authors and texts it criticizes How can the comedians be related to the later literary critical tradition represented by Plato Aristotle and subsequent writers This book attempts to answer these questions by examining comedy in its social and intellectual context and by using approaches from modern literary theory to cast light on the ancient material
