**Forestalled; Or, The Life-quest** Matilda Betham-Edwards, 1880      *The Collected Works of L. M. Montgomery: 20 Novels & 170+ Short Stories, Poems, & Autobiography* Lucy Maud Montgomery, 2023-12-06 In *The Collected Works of L M Montgomery* readers are presented with an expansive anthology that encapsulates the rich literary tapestry crafted by one of Canada's most beloved authors. The collection comprises 20 novels and over 170 short stories along with poignant poems and autobiographical pieces showcasing Montgomery's signature blend of lyrical prose and intricate emotional landscapes. The works embody themes of nature, personal growth, female agency, and the intersection of fantasy and reality, often set against the backdrop of the idyllic yet turbulent Prince Edward Island. Montgomery's ability to evoke vivid imagery and relatable characters invites readers into a world where imagination flourishes and the human spirit reigns supreme. Lucy Maud Montgomery (1874-1942) was a trailblazing figure in Canadian literature, best known for her iconic *Anne of Green Gables*. Her upbringing in the picturesque landscape of Prince Edward Island profoundly influenced her writing, infusing it with a sense of place and belonging. Montgomery's personal struggles, including her battles with depression, permeate her narratives, granting them authenticity and depth. Her extensive literary output reflects the resilience and creativity of a woman ahead of her time, navigating societal expectations and personal aspirations. This collection is a testament to Montgomery's literary legacy and an invitation to explore the depths of her imagination. Whether you are a longtime fan or a newcomer to her work, this anthology richly rewards readers with insights into the human condition, the beauty of nature, and the transformative power of storytelling. Discover the magic woven throughout these pages and allow Montgomery's voice to resonate within your heart.

*Television and Serial Adaptation* Shannon Wells-Lassagne, 2017-01-20 As American television continues to garner considerable esteem, rivalling the seventh art in its cinematic aesthetics and the complexity of its narratives, one aspect of its development has been relatively unexamined. While film has long acknowledged its tendency to adapt, an ability that contributed to its status as narrative art capable of translating canonical texts onto the screen, television adaptations have seemingly been relegated to the miniseries or classic serial. From remakes and reboots to transmedia storytelling, loose adaptations, or adaptations which last but a single episode, the recycling of pre-existing narrative is a practice that is just as common in television as in film, and this text seeks to rectify that oversight, examining series from *M.A.S.H.* to *Game of Thrones*, *Pride and Prejudice* to *Castle*.
