Female Perversions:

Dead Time Elissa Marder, 2001 This book explores how modernity gives rise to temporal disorders when time cannot be assimilated and integrated into the realm of lived experience It turns to Baudelaire and Flaubert in order to derive insights into the many temporal disorders such as trauma addiction and fetishism that pervade contemporary culture *Female Fetishism* Lorraine Gamman, Merja Makinen, 1995 The aura of passivity that has for centuries surrounded female sexuality in popular culture psychology and literature has in recent years dissipated And yet fetishism one of the most intriguing and mysterious forms of sexual expression is still cast as an almost exclusively male domain Most psychoanalytic thought for instance excludes the very possibility of female fetishism The first book on the subject *Female Fetishism* engagingly documents women's involvement in this form of sexuality Lorraine Gamman and Merja Makinen describe a wide array of female fetishisms from the obsessional behavior of pop fans and pop performers such as Madonna to fetishism in advertising to women's involvement in the world of dress clubs and fetish magazines The authors provide provocative evidence of food fetishism among women arguing that many eating disorders are best understood from this perspective A latter portion of the book includes a discussion of how feminists have treated the political and cultural significance of female fetishism

but that they have the power to reframe experiences and consequently to transform life A major contribution to feminist scholarship that will appeal to scholars of both gender and film Cinematic Howling is written in an approachable and inviting style full of vivid examples and attention to detail which will suit both undergraduate and graduate courses in gender film and cultural studies
