Feminism And Men Reconstructing Gender Relations:

Feminism and Men Steven Schacht, Doris Ewing, 1998-10 Too often feminism has been defined as a woman only arena or in competitive terms of male versus female privilege rather than a cooperative effort to improve the quality of life for everyone Contributors to FEMINISM AND MEN argue that the feminist movement should no longer view with suspicion those men who have proved themselves sympathetic to issues of gender equity **Feminism with Men** Steven P.

Schacht, Doris W. Ewing, 2004-10-08 How can men participate in feminism as a full and equal partner respecting gender differences yet sharing a common vision with women for an oppression free future This book provides both male and female perspectives academic insights and practical suggestions for pro feminist men seeking new ways to increase mutual understanding and to create cooperative efforts with feminist women **Men and Feminism** Shira Tarrant, 2009-05-12 A

latest installment in a successful series that includes *Feminism and Pop Culture* and *Women and Violence* evaluates feminism as a human issue counseling male readers on key topics in historical and modern feminism and women's studies Original

The Men's Section Elana Maryles Sztokman, 2011 A provocative look at the inner world of Orthodox Jewish men who attend partnership synagogues *Forging Radical Alliances Across Difference* Jill M. Bystydzienski, Steven P. Schacht, 2001 As we enter the twenty first century scholars activists and others concerned with social change increasingly realize that in order to transform society effective coalitions among different groups working for social justice need to be created and maintained However most of the research and writing about coalitions provide rather limited approaches to the study and understanding of radical alliances i.e. coalitions whose goals are to fundamentally change interpersonal relations and social structure in order to achieve equality and true social justice This anthology challenges dominant approaches of explaining social movements and coalition building Based on numerous case studies of alliances created between disparate peoples and among a variety of groups the authors show that both resource mobilization theories and identity politics frameworks for the most part are inadequate for conceptualizing how alliances have been and can be created across boundaries of gender race ethnicity class nationality ideology sexual orientation and age The theoretical approach we propose suggests that coalitions are fluid sites of collective behavior where the blending of multiple identities with political activism interact with structural conditions to influence the development of commitments strategies and specific actions This analogy makes a contribution to a body of knowledge that aims to understand and explain how radical coalitions work in order to enable the development of visions and plans for change that advance and sustain political and social activity **The Drag Queen Anthology** Lisa Underwood, 2013-01-11 Examine the cultural and political implications of male to female gender performance The Drag Queen Anthology The Absolutely Fabulous but Flawlessly Customary World of Female Impersonators examines the phenomena of male to female gender performance and the people who live it This provocative collection of original essays explores the possibilities limitations ironies and controversies surrounding men who perform as women to an audience that

knows the truth but celebrates the illusion The book's contributors call on extensive backgrounds in sociology anthropology theater literature even military studies and use a variety of approaches to address common themes and genres of presentation performance and style in a wide range of historical settings and cultures The Drag Queen Anthology explores female impersonation in the past and present addressing the often contradictory cultural impulses found in the performance of femininity The book examines the important issues of this unique form of gendering including the cultural and sociopolitical implications of drag the symbolic cultural ideals associated with women the impact of the performer's social identities on his performance and the reactions of the GLBT straight and feminist communities to drag The book looks at traditional drag performance challenges accepted perceptions about female impersonation and exposes the notion of the effeminate drag queen as an outdated myth The Drag Queen Anthology examines the important issues of male to female gender performance including how drag queen performance is used to attain situational status and power how drag queens challenge contemporary notions of gender what embodiment occurs when men undertake performances of femininity how drag queen performance is viewed as a theatrical presentation of self what representations of drag queens in film suggest about current gender relations why communities organize around drag queen performers how drag queen performance differs on stage and off how male to female gendered performance intersects with performances of sexual identity social class race age and ethnicity The Drag Queen Anthology The Absolutely Fabulous but Flawlessly Customary World of Female Impersonators is an indispensable resource on drag's core elements of performance and parody and how each affects contemporary notions of gender

Gendered Futures in Higher Education Becky Ropers-Huilman, 2012-02-01 This volume addresses the ways in which gender takes shape in and is shaped by higher education environments Focusing on historical knowledge and contemporary experience the contributors identify several key gender issues affecting students faculty and leaders in higher education They examine such diverse topics as what lessons women's colleges have to offer violence on campus women faculty and part time employment and intersecting identities of race and gender and they apply critical perspectives to suggest needed change While they may not agree on the necessary strategies to improve higher education environments they do agree that those environments are currently deeply and problematically gendered

Transgender Identities Sally Hines, Tam Sanger, 2010-04-05 In recent years transgender has emerged as a subject of increasing social and cultural interest This volume offers vivid accounts of the diversity of living transgender in today's world The first section Emerging Identities maps the ways in which social cultural legal and medical developments shape new identities on both an individual and collective level Rather than simply reflecting social change these shifts work to actively construct contemporary identities The second section Trans Governance examines how law and social policy have responded to contemporary gender shifts The third section Transforming Identity explores gender and sexual identity practices within cultural and subcultural spaces The final section Transforming Theory offers a theoretical reflection on the increasing visibility of trans people in today's society

and traces the challenges and the contributions transgender theory has brought to gender theory queer theory and sociological approaches to identity and citizenship Featuring contributions from throughout the world this volume represents the cutting edge scholarship in transgender studies and will be of interest to scholars and students interested in gender sexuality and sociology *Gender and Women's Studies, Second Edition* Margaret Hobbs, Carla Rice, 2018-05-03 Now in its second edition *Gender and Women's Studies Critical Terrain* provides students with an essential introduction to key issues approaches and concerns of the field This comprehensive anthology celebrates a diversity of influential feminist thought on a broad range of topics using analyses sensitive to the intersections of gender race class ability age and sexuality Featuring both contemporary and classic pieces the carefully selected and edited readings centre Indigenous racialized disabled and queer voices With over sixty percent new content this thoroughly updated second edition contains infographics original activist artwork and a new section on gender migration and citizenship The editors have also added chapters on issues surrounding sex work as labour the politics of veiling trans and queer identities Indigenous sovereignty decolonization masculinity online activism and contemporary social justice movements including Black Lives Matter and Idle No More The multidisciplinary focus and the unique combination of scholarly articles interviews fact sheets reports blog posts poetry artwork and personal narratives reflect the vitality of the field and keep the collection engaging and varied Concerned with the past present and future of gender identity gendered representation feminism and activism this anthology is an indispensable resource for students in gender and women's studies classrooms across Canada and the United States **The New Politics of Masculinity** Fidelma Ashe, 2007-11-30 Explores the new politics of masculinity and gender identity examining the contemporary discourses of masculinity by focusing on male pro feminist movements and locating them within the context of feminist debates *Becoming an Ally, 3rd Edition* Anne Bishop, 2020-05-27T00:00:00Z *Becoming an Ally* is a book for men who want to end sexism white people who want to end racism straight people who want to end heterosexism able bodied people who want to end ableism for all people who recognize their privilege and want to move toward a more just world by learning to act as allies Has oppression always been with us just part of human nature What does individual healing have to do with social justice What does social justice have to do with individual healing Why do members of the same oppressed group fight one another sometimes more viciously than they fight their oppressors Why do some who experience oppression develop a life long commitment to fighting oppression while others turn around and oppress those with less power In this accessible and enlightening book now in its third edition Anne Bishop examines history economic and political structures and individual psychology in a search for the origins of racism sexism heterosexism ableism ageism and all the other forms of oppression that divide us *Becoming an Ally* looks for paths to justice and lays out guidelines for becoming allies of oppressed peoples when we are in the privileged role A new chapter in this third edition offers a greatly expanded discussion of effective approaches to educating allies which is meant for teachers of adults particularly those who teach

about diversity equity and anti oppression In this chapter Bishop examines the ways in which Western culture prevents us from recognizing our roles as members of privileged groups and explores how to challenge this with participatory exercises and group discussion

African Masculinities L. Ouzgane,R. Morrell,2005-03-15 While masculinity studies enjoys considerable growth in the West there is very little analysis of African masculinities This volume explores what it means for an African to be masculine and how male identity is shaped by cultural forces The editors believe that to tackle the important questions in Africa the many forms of violence wars genocides familial violence and crime and the AIDS pandemic it is necessary to understand how a combination of a colonial past patriarchal cultural structures and a variety of religious and knowledge systems creates masculine identities and sexualities The work done in the book particularly bears in mind how vulnerability and marginalization produce complex forms of male identity The book is interdisciplinary and is the first in depth and comprehensive study of African men as a gendered category

Drag Queens at the 801 Cabaret Leila J. Rupp,Verta Taylor,2015-10-02 It s Saturday night in Key West and the Girlie Show is about to begin at the 801 Cabaret The girls have been outside on the sidewalk all evening seducing passersby into coming in for the show The club itself is packed tonight and smoke has filled the room When the lights finally go down statuesque blonds and stunning brunettes sporting black leather miniskirts stiletto heels and see through lingerie take the stage En Vogue s Free Your Mind blares on the house stereo The crowd roars in approval In this lively book Leila J Rupp and Verta Taylor take us on an entertaining tour through one of America s most overlooked subcultures the world of the drag queen They offer a penetrating glimpse into the lives of the 801 Girls the troupe of queens who perform nightly at the 801 Cabaret for tourists and locals Weaving together their fascinating life stories their lavish costumes and eclectic music their flamboyance and bitchiness and their bawdy exchanges with one another and their audiences the authors explore how drag queens smash the boundaries between gay and straight man and woman to make people think more deeply and realistically about sex and gender in America today They also consider how the queens create a space that encourages camaraderie and acceptance among everyday people no matter what their sexual preferences might be Based on countless interviews with more than a dozen drag queens more than three years of attendance at their outrageous performances and even the authors participation in the shows themselves *Drag Queens at the 801 Cabaret* is a witty and poignant portrait of gay life and culture When they said life is a cabaret they clearly meant the 801

Men in the American Women's Rights Movement, 1830-1890 Hélène Quanquin,2020-11-29 This book studies male activists in American feminism from the 1830s to the late 19th century using archival work on personal papers as well as public sources to demonstrate their diverse and often contradictory advocacy of women s rights as important but also cumbersome allies Focussing mainly on nine men William Lloyd Garrison Wendell Phillips James Mott Frederick Douglass Henry B Blackwell Stephen S Foster Henry Ward Beecher Robert Purvis and Thomas Wentworth Higginson the book demonstrates how their interactions influenced debates within and outside the movement marriages and

friendships as well as the evolution of self definitions of masculinity throughout the 19th century Re evaluating the historical evolution of feminisms as movements for and by women as well as the meanings of identity politics before and after the Civil War this is a crucial text for the history of both American feminisms and American politics and society This is an important scholarly intervention that would be of interest to scholars in the fields of gender history women s history gender studies and modern American history International Perspectives on Educating for Democracy in Early Childhood Stacy Lee

DeZutter,2023-05-08 This book brings together established and emerging scholars from around the globe to highlight new directions for research on young children as active engaged citizens of classrooms Divided into three sections the volume draws on innovative methods to explore diverse conceptualizations of citizenship children s understandings and effective practice Rejecting traditional views of children as citizens in preparation the volume explores how young children can and do live as citizens and how early childhood educational settings serve as civic forums Chapters discuss the child as citizen in relation to issues including gender class race tribal status and linguistic diversity and ultimately illustrate how sociocultural processes in early years settings can be harnessed to promote the development of democratic dispositions and skills This book establishes citizenship enactment in early childhood education as a robust and growing research area with the potential to shape research policy and practice worldwide As such it will appeal to researchers and academics with an interest in citizenship education democracy and early childhood education as well as postgraduate students of teacher education and those working across international and comparative education more broadly Chapter 20 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Men to Boys Gary S. Cross,2008 When did maturity become the ultimate taboo Men have gone from idolizing Cary Grant to aping Hugh Grant shunning marriage and responsibility well into their twenties and thirties Gary Cross renowned cultural historian identifies the boy man and his habits examining the attitudes and practices of three generations to make sense of this gradual but profound shift in American masculinity Cross matches the rise of the American boy man to trends in twentieth century advertising popular culture and consumerism and he locates the roots of our present crisis in the vague call for a new model of leadership that ultimately failed to offer a better concept of maturity

Revenge Capitalism Max Haiven,2020-05-20 Capitalism is in a profound state of crisis Beyond the mere dispassionate cruelty of ordinary structural violence it appears today as a global system bent on reckless economic revenge its expression found in mass incarceration climate chaos unpayable debt pharmaceutical violence and the relentless degradation of common life In *Revenge Capitalism* Max Haiven argues that this economic vengeance helps us explain the culture and politics of revenge we see in society more broadly Moving from the history of colonialism and its continuing effects today he examines the opioid crisis in the US the growth of surplus populations worldwide and unpacks the central paradigm of unpayable debts both as reparations owed and as a methodology of oppression *Revenge Capitalism* offers no easy answers but is a powerful

call to the radical imagination **Feminist Solidarity at the Crossroads** Kim Marie Vaz, Gary L. Lemons, 2012-03-12
Women's studies programs and departments face ongoing fallout from an economic crisis in higher education. Taking the form of budget cuts, reduction of faculty lines and other resource allocations for some programs and departments, it has meant at best a loss of disciplinary autonomy through consolidation and at worst academic foreclosure. *Feminist Solidarity at the Crossroads* articulates a politics of commitment, hope and possibility wrought in the coming together of a group of feminist women and men across racial, cultural, nation, state, sexual and gender differences during a tough budgetary time threatening Women's Studies programs across the nation. This anthology affirms the continued necessity of bridge building alliances in women's studies and contemplates with promise the theory and practice of feminist solidarity forged through the course of its production. While the essays in this book display a complex diversity of feminist thought and modes of intersectional strategies, they reflect a unity of comradeship and a spirit of collectivity so necessary for these turbulent times.

African Americans Doing Feminism Aaronette M. White, 2012-02-01 How might ordinary people apply feminist principles to everyday situations? How do feminist ideas affect the daily behaviors and decisions of those who seek to live out the basic idea that women are as fully human as men? This collection of essays uses concrete examples to illuminate the ways in which African Americans practice feminism on a day-to-day basis. Demonstrating real-life situations of feminism in action, each essay tackles an issue such as personal finances, parenting, sexual harassment, reproductive freedom, incest, depression and addiction or romantic relationships and articulates a feminist approach to engaging with the problem or concern. Contributors include African American scholars, artists, activists and business professionals who offer personal accounts of how they encountered feminist ideas and are using them now as a guide to living. The essays included reveal how feminist principles affect people's perceptions of their ability to change themselves and society because the personal is not always self-evidently political.

Gender, Nationalism and Conflict Transformation Fidelma Ashe, 2019-03-07 Utilising Northern Ireland as a case study, this book presents an analysis of the gender and sexual politics of conflict transformation. The book synthesises a vast array of international sources with the author's empirical and theoretical research to produce a powerful gendered critique of conflict transformation in Northern Ireland. It maps the negative effects of the region's violent conflict on gender and sexual equality and explores the potential of the conflict transformational processes set in motion by the 1998 Peace Agreement to transform relationships between different genders and sexualities. Starting from the feminist proposition that building peace requires the inclusion of issues of gender and sexual equality, the author analyses how the new institutional and semantic structures of conflict transformation in Northern Ireland preserved older conservative narratives about gender and sexuality. As older narratives clashed with progressive forms of sexual and gender politics, the core sites of conflict transformation became arenas of gender and sexual struggles. The book outlines these struggles and charts the positive and inclusive visions of peace developed by activists throughout the period of conflict transformation. This book will

be of much interest to students of gender studies conflict transformation ethnic conflict peace studies and Irish politics
