## **Festivals In Asia:**

Japanese Film Festivals in the Asia-Pacific Teck Fann Goh, 2024-10-26 This book represents the first in depth research dedicated to examining the historical and contemporary developments of Japanese film festivals as sites of cultural diplomacy. It focuses on the proliferation network and operation of Japanese Film Festivals (JFFs) in the Asia Pacific from the late 1970s until 2020. Through case examples in Australia, Malaysia and Thailand, the book explores how the formation and recent developments of JFFs in the region reflect wider changes in the function of Japanese cultural diplomacy through films, particularly with the intensification of economic, cultural and diplomatic opportunities presented in this geopolitical space.

**Technology Application in Tourism Fairs, Festivals and Events in Asia** Azizul Hassan, 2022-03-30 It is an unconditional reality that the tourism industry in Asia is becoming exposed to innovative technologies more than ever before. This book reports the latest research in the application of innovative technology to the tourism industry, covering the perspectives, innovativeness, theories, issues, complexities, opportunities and challenges affecting tourism in Asia. A blend of comprehensive and extensive efforts by the contributors and editors, it is designed especially to cover technology applications in tourism fairs, festivals and events in Asia. The application and practice of technologies in tourism, including the relevant niches of fairs, festivals and events, are also covered, with a focus on the importance of technology in tourism. This book highlights, in a comprehensive manner, technologies that are impacting the tourism industry in Asia, as well as the constraints it is facing. It deals with distinct topics such as tourism promotion, technology-driven sustainable tourism development, social media accessibility and so on, to cover fairs, festivals and events. This book is a significant contribution towards the very limited knowledge in this identified research area, with examples from selected Asian countries. This book is designed to accommodate both qualitative and quantitative research, linking theory and practice. This book has a clear focus on outlining the research issues. Each chapter of the book highlights a methodology that was used, with rationale for its use. This book addresses a number of revisions that unify the theme or framework to integrate the chapters.

Entanglements and Ambivalences Hongwei Bao, Daniel H. Mutibwa, 2025-02-18 This book explores the media and cultural exchanges between Africa and China in the twenty-first century against the backdrop of the rise of Africa and China in global geopolitics. It situates these cultural encounters in historical and contemporary contexts and through the critical lens of the Global South. It identifies a rising Global South consciousness despite lingering historical entanglements and emotional ambivalences that continue to characterise Africa-China relations. Bringing together scholars from various disciplines and from different parts of the world, this book examines a wide range of cultural expressions such as arts, literature, translated works, traditional and digital media artefacts and services, and film festivals. It also interrogates emerging cultural interactions, experiences and practices engendered by the increasingly digitalised information and communication technology infrastructure underpinning Africa-China connections and links. In doing so, the book contributes to a more nuanced understanding of Africa-China

relations today and the concept of the Global South
