The Organization of Hope Howell S. Baum,2012-02-01 The Organization of Hope tells the stories of a Jewish community and a white ethnic community as they plan for their futures Though they differ in class ethnicity and culture they struggle with the same questions What identity will hold their communities together How can they plan for their communities economic social and spiritual survival The book analyzes the future of urban communities and presents models for community planning **Forgiveness and Love** Glen Pettigrove,2012-08-30 What is forgiveness When is it appropriate How is it encouraged or inhibited Answering these questions one way rather than another can alter our lives and our relationships in dramatic ways If we think that forgiveness is or involves a passion that we experience but over which we have little control then we will respond to it differently than if we think forgiving is something we choose to do or refrain from doing If we think forgiveness involves restoring a relationship then we will treat it differently than if we think it merely

a matter of managing our emotions If we think forgiveness is something that must be earned or deserved then we will not even consider forgiving certain agents whereas if we think it is something that can be freely given then forgiving these agents may become a live option Glen Pettigrove explores the nature and norms of forgiveness drawing attention to important dimensions that have been neglected by other discussions of the topic He highlights the significance of character both of the forgiver and of the forgiven for common perspectives on what forgiveness is and when it is appropriate Pettigrove explores the relationship between forgiving understanding and loving And he revives a virtue that has too long been neglected namely grace
