*Formal Contributions to the Theory of Public Choice* Gordon L. Brady, G. Tullock, 2012-12-06 Duncan Black made a significant contribution to the development of public choice theory during his lifetime Upon his death it became apparent that much of his scholarship and critique of economics was never published *Formal Contributions to the Theory of Public Choice* is a collection of Duncan Black's unpublished works representing his continuing contribution to economics and political science It provides an insight into Black's intellectual endeavors and introduces some new ideas and extensions of earlier work

**Institutions and Collective Choice in Developing Countries** Mwangi S. Kimenyi, John Mukum Mbaku, 2019-05-23 First published in 1999 this volume is written by seasoned public choice scholars and is intended to make a significant contribution to the debate on peaceful coexistence and sustainable development in developing countries The book contains a rich mixture of analytical ideas and views on collective choice and macroeconomic performance in developing countries This book breaks new ground in that it is the first comprehensive application of the theory of public choice to collective decision making in developing societies It provides both students of Third World studies and policy makers in developing societies an in depth analysis for institutions for collective choice For countries undergoing major reform of their political and economic institutions public choice theory can provide significant and useful insights and help these societies design and adopt institutional arrangements that enhance peaceful coexistence of groups the creation of wealth and sustainable development Specifically the book successfully shows that 1 the application of economic theory to the study of public policy in the developing countries can provide important insights into collective decision making 2 the application of public choice theory to the study of developing societies can significantly improve the efficiency of bureaucratic and governmental systems and consequently promote economic political and social development and 3 public choice can help developing societies design and sustain effective laws and institutions for peaceful coexistence of groups and achieve sustainable development

**The Theory of Committees and Elections by Duncan Black and Committee Decisions with Complementary Valuation by Duncan Black and R.A. Newing** Iain S. McLean, Alistair McMillan, Burt L. Monroe, 2013-03-09 R H Coase Duncan Black was a close and dear friend A man of great simplicity unworldly modest diffident with no pretensions he was devoted to scholarship In his single minded search for the truth he is an example to us all Black's first degree at the University of Glasgow was in mathematics and physics Mathematics as taught at Glasgow seems to have been designed for engineers and did not excite him and he switched to economics which he found more congenial But it was not in a lecture in economics but in one on politics that he found his star One lecturer A K White discussed the possibility of constructing a pure science of politics This question caught his imagination perhaps because of his earlier training in physics and it came to absorb his thoughts for the rest of his life But almost certainly nothing would have come of it were it not for his appointment to the newly formed Dundee School of Economics where the rest of the

teaching staff came from the London School of Economics At Glasgow economics as in the time of Adam Smith was linked with moral philosophy At Dundee Black was introduced to the analytical x The Theory o Committees and Elections approach dominant at the London School of Economics This gave him the approach he used in his attempt to construct a pure science of politics *Two Essays in Public Economics* Marianne Frances Johnson,1999 Contemporary Economic Issues in Developing Countries John Baffoe-Bonnie,Mohammed Khayum,2003 Reader aimed at undergraduate and graduate students in economic development Sheds light on issues emerging with increased globalization including international indebtedness population change and poverty reduction at the turn of the millenium problems relating to corruption government and defence spending etc Budget and Control A.
