Fortunes Crobing:

Fortune's Obsession Jerome Reyer, 2001-08-29 Fortune's obsession is the story of a young man who stumbles into a web of intrigue, danger, and romance after innocently taking some snapshots on a sunny day in New York City's Central Park. The novel follows him on a breathtaking journey to save America's space program. **Fallen Fortunes** Evelyn

Everett-Green, 2024-11-24 The speaker had just pushed his horse over the brow of a slope which he and his servant had for some time been mounting through the steamy warmth of a foggy May morning. The thick haze which lay heavy in this region of marshy ground had hidden the surrounding country from them hitherto, but as they reached the summit of the gradual rise they had been ascending, the cloud wreaths suddenly drifted away and the sun began to shine out upon the undulating plain stretched before their eyes, and lo! the plain was alive with squadrons of soldiers, infantry, cavalry, artillery drawn up in battle array, and the note of the bugle rang through the air whilst away in the distance on the opposite side of the plain there was a movement which told that already the battle had begun. A sullen roar from the guns boomed forth, and the whole plain shook with the reverberation. Great masses of smoke rolled along and slowly dispersed after each salvo, but it was upon the evolutions of the bodies of horsemen and footmen that the keen eyes of the youthful traveller were intently fixed. Dicon he cried, this is in all sooth a battle, and where the battle rages there will the great victor of Blenheim be. We have not chanced upon this route in vain. Men warned us of the perils of seeking passage through a country which has become the theatre of war, but Fortune's star has befriended us thus far, and now if I mistake me not, we stand within sight of the greatest warrior of the age. For greatly shall I be astonished if the Duke of Marlborough himself be not conducting the evolutions of yonder squadrons. The brilliant dark eyes of the young man lighted with a great glow of excitement and admiration. He shaded them with his hand and intently followed the evolutions of the moving masses in the plain stretched before his eyes. He was looking upon the village of Tavi res and the mound of Ottomond, and the waters of the Mehaighn rolled below at his feet. The right wing of the French army rested here, as he quickly saw, but for the moment the main activity lay over in the distance beyond Ramillies and Offuz in the direction of Anderkirk. Yet as the traveller stood intently gazing, he saw a movement in the line of the allied army on this nearer side, and he exclaimed aloud in his excitement, See Dicon, see! That attack yonder is but a feint. The key of the position lies here beneath us at Tavi res with its Tomb of Ottomond. See yonder those regiments of marching soldiers creeping round beneath the shelter of that rising ground. They will fling themselves upon the enemy's right whilst the French general is diverting his available forces to protect his left. Villeroi, my friend, you did not well to dispose your forces in concave lines. You lose time in passing from place to place, and with such a general as our English Duke pitted against you, you cannot afford to lose any point in the game. Ha! See that! The Dutch and English soldiers are charging down upon Tavi res. Watch how they come on a great resistless tide of well drilled veterans. See how they sweep all before them. See how the French fly forth. Ha! Villeroi, what think you now? Yes, you see your error, fain would you hurry back your reserves from left to

right But the time has gone by They are miles away and here are the Allies carrying all before them Hurrah for old England hurrah for the great Duke Dicon have you stomach for the fight Do you remember Barcelona and Mountjuich If we were men enough to help there why not here too **Fortune's Frenzy** Eilene Lyon,2023-09-08 The road to hell is paved with good intentions and gold dust When Henry Jenkins s sawmill business goes bust and his family loses their Indiana farm to foreclosure he sees gold as the answer to his financial woes Joining a company of younger men Jenkins and the other prospective miners sign fraudulent promissory notes to borrow from a ruthless businessman Allen Makepeace to reach the gold mines They sail the risky route via Panama to the mines in 1851 But gold is not so easy to find by then Making enough to survive and get home will be difficult repaying Makepeace could be impossible As Henry Jenkins becomes mired in mining his wife Abby struggles to meet the needs of her large family amidst crop failures waves of deadly disease and harassment by Henry s creditors When Henry s sons in law follow in his wake they find themselves on a notorious death ship stranded in the vast Pacific Will any of these frantic men make it home to their distressed families Fortune s Frenzy reveals the plight of miners who borrowed at extortionate rates to get to California and explores the dangerous and deadly sea routes to the west coast that killed roughly 10 percent of those who risked the journey Alternating between the miners trials and terrors and the challenges for the wives children and mothers left behind Fortune s Frenzy delves into the country s pressing social economic and nationalist issues in the pre Civil War decades The theme is age old and still relevant desperate people falling for get rich quick schemes They fail to consider the sacrifices they will have to make and the dismal odds of their success

conserved on a de facto basis as has been true during centuries of tumultuous agrarian transitions Diversity occurs unevenly however because of the inability of poorer Quechua farmers to plant the same variety as their well off neighbors and because land use pressures differ in different locations Social political and economic upheavals have accentuated the unevenness and Zimmerer's geographical findings are all the more important as a result Diversity is indeed at serious risk but not necessarily for the same reasons that have been cited by others The originality of this study is in its correlation of ecological conservation ethnic expression and economic development This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1997 Two of the world's most pressing needs biodiversity conservation and agricultural development in the Third World are addressed in Karl S Zimmerer's
