Foucault And The Iranian Revolution Gender And The Seductions Of Islamism:

Foucault and the Iranian Revolution Janet Afary, Kevin B. Anderson, 2010-07-15 In 1978 as the protests against the Shah of Iran reached their zenith philosopher Michel Foucault was working as a special correspondent for *Corriere della Sera* and *le Nouvel Observateur*. During his little known stint as a journalist Foucault traveled to Iran met with leaders like Ayatollah Khomeini and wrote a series of articles on the revolution. *Foucault and the Iranian Revolution* is the first book length analysis of these essays on Iran the majority of which have never before appeared in English. Accompanying the analysis are annotated translations of the Iran writings in their entirety and the at times blistering responses from such contemporaneous critics as Middle East scholar Maxime Rodinson as well as comments on the revolution by feminist philosopher Simone de Beauvoir. In this important and controversial account Janet Afary and Kevin B. Anderson illuminate Foucault's support of the Islamist movement. They also show how Foucault's experiences in Iran contributed to a turning point in his thought influencing his ideas on the Enlightenment, homosexuality and his search for political spirituality. *Foucault and the Iranian Revolution* informs current discussion on the divisions that have reemerged among Western intellectuals over the response to radical Islamism after September 11. Foucault's provocative writings are thus essential for understanding the history and the future of the West's relationship with Iran and more generally to political Islam. In their examination of these journalistic pieces Afary and Anderson offer a surprising glimpse into the mind of a celebrated thinker.

Foucault in Iran, 1978-1979 Johann Beukes, 2020-12-31 In 1978 Michel Foucault went to Iran as a distinguished intellectual but novice political journalist controversially reporting on the unfolding revolution undeniably compromising and wounding his reputation in the European intellectual community. Given the revolution's bloody aftermath and its violent theocratic development is Foucault's Iranian expedition simply to be understood as a critical error in judgement with disastrous consequences for his legacy? What exactly did Foucault hope to achieve in Iran in 1978-1979 explicitly supporting the cause of the revolting masses and effectively isolating himself from the European intellectual community and the Western liberal tradition? The book investigates this open nerve in the Foucault scholarship by interpreting Foucault's primary texts from this period commenting on the various positions in the scholarship over the past three decades and eventually proposes that Foucault's mistake resulting from his self-consciousness and uncertainty was indeed a highly philosophical endeavour but was completely misinterpreted by his contemporaries and even his most noteworthy biographers. The issue of Foucault's involvement in Iran is still a relatively unexplored theme in Foucault research and one that is actually bypassed by the majority of Foucault scholars since the general view is that it was a breathtaking mistake comparable to Heidegger's flirtation with National Socialism. This book will provide value and advance knowledge in this area firstly by presenting the three concepts that are in my opinion key to understand Foucault's involvement in the Iranian revolution: Otherness, Present history and Political spirituality. Secondly by providing a thorough overview of what really happened in Iran after Foucault.

arrived in Tehran in September 1978 and what really happened was not conforming to the West's idea of progression but an Iranian idea of progression on its own terms Thirdly by disseminating Foucault's reports back to France in a detailed and forensic fashion Fourthly by providing a solid overview of the interpretations on this issue however reluctant and scarce from the scholarship over the past three decades Fifthly by presenting Foucault's involvement in the Iranian revolution not as a mistake or a critical error in judgement but as a deeply philosophical position that actually corresponds to many of Foucault's theoretical positions on power death madness uncertainty spirituality Orientalism and Otherness preceding the revolution in Iran The detailed historical overview of Foucault's involvement in the Iranian revolution the responsible and non polemical overview of the scholarship's attempts to deal with the issue and the author's original interpretation and presentation of the legitimacy of Foucault's presence in Iran from September 1978 to April 1979 In an age where it has become urgent to reinterpret both Shia and Sunni legacies within the context of radicalised Islam the book argues for a Foucaultian recognition of the Orient Other as nothing more than An Other Self *Foucault and Power* Marcelo Hoffman, 2013-11-21 Michel Foucault is one of the most preeminent theorists of power yet the relationship between his militant activities and his analysis of power remains unclear The book explores this relationship to explain the development of Foucault's thinking about power Using newly translated and unpublished materials it examines what led Foucault to take on the question of power in the early 1970s and subsequently refine his thinking working through different models war and government and modalities disciplinary biopolitical and governmental Looking at Foucault's political trajectory from his immersion in the prisoner support movement to his engagements with the Iranian revolution and Solidarity in Poland the book shows the militant underpinning of his interest in the question of power and its various shifts and mutations This thorough account which includes the first translation of a report edited by Foucault on prison conditions will provide students in contemporary political theory with a better understanding of Foucault's thinking about power and of the interplay between political activities and theoretical productions *On the Arab Revolts and the Iranian Revolution* Arshin Adib-Moghaddam, 2013-10-10 On the Arab Revolts and the Iranian Revolution Power and Resistance Today is the first comparative analysis of two central political events that have altered our world forever the Arab uprisings which started in Tunisia and the Iranian revolution in 1979 Adib Moghaddam demonstrates how contemporary forms of protest are changing our understanding about the way power and resistance function In a theoretical tour de force which is substantiated with a range of primary material he argues that acts of protest in Tehran to Cairo can be entirely linked to the same act in New York London Madrid and Athens Breaking through the east west north south divide Adib Moghaddam shows how the Arab revolts promise to shift the discourse away from the idea that Arabs and Muslims are peculiar that Middle Eastern Studies cannot be linked to political theory that the dynamics of rebellion there are fundamentally different from the politics of revolt here Adib Moghaddam argues that the dialectics of power and resistance are truly universal and that they are unfolding within a

globalised political context that is increasingly interconnected In order to illuminate this argument theoretically the study is organised around conceptual terms that feed into forms of power and resistance such as revolution radicalism dissent knowledge neighbour and reform These terms and concepts are discussed and deconstructed via an empirical discussion of pivotal events beyond the non western world demonstrating that for a long time and without realising it we have been living in the end times of unitary categories such as west and east

Sexual Politics in Modern Iran Janet Afary, 2009-04-09 Janet Afary is a native of Iran and a leading historian Her work focuses on gender and sexuality and draws on her experience of growing up in Iran and her involvement with Iranian women of different ages and social strata These observations and a wealth of historical documents form the kernel of this book which charts the history of the nation's sexual revolution from the nineteenth century to today What comes across is the extraordinary resilience of the Iranian people who have drawn on a rich social and cultural heritage to defy the repression and hardship of the Islamist state and its predecessors It is this resilience the author concludes which forms the basis of a sexual revolution taking place in Iran today one that is promoting reforms in marriage and family laws and demanding more egalitarian gender and sexual relations

Foucault's Analysis of Modern Governmentality Thomas Lemke, 2019-03-05 Tracking the development of Foucault's key concepts Lemke offers the most comprehensive and systematic account of Michel Foucault's work on power and government from 1970 until his death in 1984 He convincingly argues using material that has only partly been translated into English that Foucault's concern with ethics and forms of subjectivation is always already integrated into his political concerns and his analytics of power The book also shows how the concept of government was taken up in different lines of research in France before it gave rise to governmentality studies in the Anglophone world Foucault's *Analysis of Modern Governmentality* provides a clear and well structured exposition that is theoretically challenging but also accessible for a wider audience Thus the book can be read both as an original examination of Foucault's concept of government and as a general introduction to his genealogy of power

Starve and Immolate Banu Bargu, 2014-09-09 Starve and Immolate tells the story of leftist political prisoners in Turkey who waged a deadly struggle against the introduction of high security prisons by forging their lives into weapons Through an innovative approach that

weaves together contemporary and critical political theory with political ethnography Starve and Immolate analyzes the death fast struggle as an exemplary but not exceptional instance of self destructive practices that should be understood as a consequence of retort to and refusal of the increasingly biopolitical forms of sovereign power deployed as a response to terrorism around the globe The Turkish state s pursuit of high security prisons based on cellular confinement which would reconfigure traditional wards allowing political prisoners to live a communism in practice led to a protracted movement in which dozens of political prisoners starved and immolated themselves Banu Bargu chronicles the experiences rituals values beliefs ideological self representations and contentions of these protesters against the history of Turkish democracy and the treatment of dissent in a country where prisons have become sites of political confrontation Bargu connects the increasing turn to self destructive practices with the revamping of Turkish state sovereignty through a process of biopolitical securitization against terrorism A critical response to Michel Foucault s *Discipline and Punish* Starve and Immolate centers on new forms of struggle that arise from the asymmetric antagonism between the state and its contestants in the contemporary prison Bargu ultimately positions the weaponization of life as an emergent repertoire of political action a bleak violent and ambivalent form of insurgent politics that seeks to wrench the power of life and death away from the modern state on corporeal grounds and increasingly theologized forms Drawing attention to the existential commitment sacrificial morality and militant martyrdom that transforms these struggles into a complex amalgam of resistance Bargu advances a critical theoretical interpretation of human weapons that explores the global ramifications of their practices of resistance as well as their possibilities and limitations

A Foucault for the 21st Century Sam Binkley, Jorge Capetillo-Ponce, 2009-01-23 How relevant is Foucault s social thought to the world we inhabit today This collection comprises several essays considering the contemporary

relevance of the work of Michel Foucault While Foucault is best remembered for his historical inquiries into the origins of disciplinary society in a period extending from the 16th to the 19th centuries it seems that today under the conditions of global modernity the relevance of his ideas are called into question With the increasing ubiquity of markets the break up of centralized states and the dissolution of national boundaries together with new scientific and political discourses on biological life the world of today seems far removed from the bounded disciplinary societies Foucault described in his most famous books Yet in recent years it has become apparent that Foucault s thoughts on modern society have not been exhausted and indeed that much remains to be explored Within this volume novel interpretations and thematic developments of key Foucauldian concepts are presented in the works of 24 authors Prominent among them are new forms of neoliberal economic conduct framed by distinct governmentalities new critical concepts of biological life reflected in Foucault s analysis of biopower and new theoretical treatments of the effects of subjectivation Moreover included among these theoretical departures are empirical studies of contemporary formations of religion and spiritual practice consumerism race and racism the discourse of genetics and the life sciences surveillance and incarceration and new social movements Drawn from a conference held at the University of Massachusetts Boston bearing the same title *A Foucault for the 21st Century* Governmentality Biopolitics and Discipline in the New Millennium both expands our understanding of Foucault s central theoretical legacy and applies his ideas to a range of contemporary empirical phenomena *Limits of Islamism* Maidul Islam, 2015-03-09 The book examines the dynamics from the formation of Islamist politics for the struggle for hegemony to failure to become a hegemonic force in Bangladesh The contradiction between Islamic universalism Islamist populism on one hand and a politics of Muslim particularism in India on the other is revealed in this study **Gender, Sexuality, and Diaspora** Fataneh Farahani, 2017-09-27 To what extent do women accept adjust and challenge the intersecting and shifting relations of cultural political and religious discourses that organize their sexual lives Seeking to expand the focus on changing gender roles and construction of diasporic femininities and sexualities in migration studies Farahani presents an original analysis of first generation Iranian immigrant women in Sweden Certainly highlighting the hybrid experiences of Swedish Iranians Farahani explores the tensions that develop between the process of self disciplining women s bodies and the coping tactics that women employ Subsequently *Gender Sexuality and Diaspora* demonstrates how migratory experiences impact sexuality and conversely how sexuality is constitutive of migratory processes A timely book rich with empirical and theoretical insights on the subject of gender diaspora and sexuality it will appeal to scholars and undergraduate and postgraduate students of gender studies anthropology sociology sexuality studies diaspora postcolonial and Middle Eastern studies *Going to Tehran* Flynt Leverett, Hillary Mann Leverett, 2013-01-08 An eye opening argument for a new approach to Iran from two of America s most informed and influential Middle East experts Balanced sober impressively document and rich in insight a valuable antidote to the warmongering that passes for analysis of Iran and US Iranian relations Andrew J

Bacevich author of *Breach of Trust* Less than a decade after Washington endorsed a fraudulent case for invading Iraq similarly misinformed and politically motivated claims are pushing America toward war with Iran Today the stakes are even higher such a war could break the back of America's strained superpower status Challenging the daily clamor of US saber rattling Flynt and Hillary Mann Leverett argue that America should renounce thirty years of failed strategy and engage with Iran just as Nixon revolutionized U S foreign policy by going to Beijing and realigning relations with China Former analysts in both the Bush and Clinton administrations the Leveretts offer a uniquely informed account of Iran as it actually is today not as many have caricatured it or wished it to be They show that Iran's political order is not on the verge of collapse that most Iranians still support the Islamic Republic and that Iran's regional influence makes it critical to progress in the Middle East Drawing on years of research and access to high level officials *Going to Tehran* explains how Iran sees the world and why its approach to foreign policy is hardly the irrational behavior of a rogue nation A bold call for new thinking the Leveretts indispensable work makes it clear that America must go to Tehran if it is to avert strategic catastrophe There is a whole slew of highly dubious assumptions and narratives about Iran that are rarely challenged in any meaningful way in media circles *Going to Tehran* is vital to thinking critically about these claims Because of their expertise and their long immersion in these issues the Leveretts and this book deserve a prominent voice in any serious debate about Iran Glenn Greenwald The Guardian Read this book You'll find a lot of information that's not generally available and valuable insights that are sharply at odds with conventional views in the United States This book may help if it's widely enough understood to halt a very clear drift toward what could be a terrible war Noam Chomsky

Islam and Anarchism Mohamed Abdou, 2022-06-20 One of the fiercest books I've ever read Jasbir K Puar *Discourse around Muslims and Islam* all too often lapses into a false dichotomy of Orientalist and fundamentalist tropes A popular reimagining of Islam is urgently needed Yet it is a perhaps unexpected political philosophical tradition that has the most to offer in this pursuit anarchism *Islam and Anarchism* is a highly original and interdisciplinary work which simultaneously disrupts two commonly held beliefs that Islam is necessarily authoritarian and capitalist and that anarchism is necessarily anti religious and anti spiritual Deeply rooted in key Islamic concepts and textual sources and drawing on radical Indigenous Islamic anarchistic and social movement discourses Abdou proposes Anarcha Islam Constructing a decolonial non authoritarian and non capitalist Islamic anarchism *Islam and Anarchism* philosophically and theologically challenges the classist sexist racist ageist queerphobic and ableist inequalities in both post and neo colonial societies like Egypt and settler colonial societies such as Canada and the USA
