This work is concerned with the diplomatic history of the United States since the first settlers set foot on the shores of the continent It is a handbook to serve a general public interested in American diplomacy as well as students engaged in course work in that area      Manual of American History, Diplomacy, and Government Albert Bushnell Hart, 1908      **The Diplomacy of the American Revolution, by Samuel Flagg Bemis,...** **The Foundations of American Diplomacy, 1775-1823** Samuel Flagg Bemis,      **The Law of Nations in Early American Foreign Policy** Willem Theo Oosterveld, 2016-01-12

In *The Law of Nations in Early American Foreign Policy* Willem Theo Oosterveld provides the first general study of international law as interpreted and applied by the generation of the Founding Fathers A mostly neglected aspect in the historiography of the early republic this study argues that international law was in fact an integral part of the Revolutionary creed Taking the reader from colonial debates about the law of nations to the discussions about slavery in the early 19th century this study shows the zest of the Founders to conduct foreign policy on the basis of treatises such as Vattel's *The Law of Nations* But it also highlights the deep ambiguities and sometimes personal struggles that arose when applying international law      *The Foundations of American Foreign Policy* Albert Bushnell Hart, 1901      *The Obligation of Empire* James J. Hentz, 2021-12-14

Some of the nation's most respected scholars of international affairs examine the debates over U S grand strategy in light of U S security policies and interests in tactical regions around the world The contributors begin by describing the four grand strategies currently competing for dominance of U S foreign policy neo isolationism argues that the United States should not become involved in conflicts outside specifically defined national interests selective engagement proposes that the United States despite its position as the world's only remaining superpower should limit its involvement in foreign affairs cooperative security advocates that the United States is not and should not act as an imperial country primacy asserts that the United States is an empire and therefore it should conduct an expansive foreign policy Focusing on regions that present new challenges to U S grand strategy such as Sub Saharan Africa the Middle East and Latin America the contributors offer the most current examinations of U S policies and assess the effectiveness of competing strategies in each region *The Obligation of Empire* offers an innovative set of foreign policy initiatives that explore the tensions between global agendas and regionalist approaches Contributors Andrew J Bacevich Doug Bandow Dale Davis Thomas Donnelly James J Hentz Clifford Kiracofe Charles Kupchan Jeffrey Stark S Frederick Starr and Brantley Womack James J Hentz associate
