Cary O'Dell

In Search Of Donna Reed:

In Search of Donna Reed Jay Fultz, 1998 This first biography of Donna Reed also contains the first extended discussion of her television show The personal richness that Reed brought to her television role has been filtered out in the caricature perpetuated by pop critics In the media Donna Reed is Donna Stone distorted as a female mannequin who wears pearls and high heels around the house But Donna Reed's long hold on viewers depends on irreducible qualities that have nothing to do with this fixed image as Fultz suggests He follows her development from Iowa farm girl to apprentice in Hollywood to mature juggler of the demands of family and career to antiwar activist Drawing on Reed's letters and on interviews Fultz looks for what was real in a very private person without discarding what is romantic in any pursuit of a public one He shows why the rich and principled life of Donna Reed matters in this more cynical time

The Donna Reed Show Joanne

Morreale, 2012-10-01 Analyzes The Donna Reed Show which aired from 1958 to 1966 as a key moment of cultural transition At a time when television offered limited opportunities for women Donna Reed was an Oscar winning Hollywood actress who became both producer though largely uncredited and star of her own television show Distinct from the patriarchal family sitcoms of the era The Donna Reed Show's storylines focused on the mother instead of the father and its production brought a cinematic aesthetic to television situation comedy In The Donna Reed Show author Joanne Morreale illustrates how the program pushed the boundaries of the domestic sitcom at a time when the genre was evolving and also reflected the subtle shifts and undercurrents of unrest in the larger social and political culture Morreale begins by locating Donna Reed in relation to her predecessors Gertrude Berg and Lucille Ball both of whom were strong female presences in front of and behind the camera She also explores the telefilm aesthetics of The Donna Reed Show and argues that the series is a prime example of the emergent synergy between Hollywood and the television industry in the late fifties In addition Morreale argues that the Donna Stone character's femininity acts as a kind of masquerade as well as provides a proto feminist model for housewives She also examines the show's representation of teen culture and its role in launching the singing careers of its two teenaged stars Finally Morreale considers the legacy of The Donna Reed Show in the representation of its values in later sitcoms and its dialogue with contemporary television texts Morreale illustrates the interplay of gender industry and culture at work in the history of this classic TV series Fans of the show as well as students and teachers of television history will enjoy this close look at The Donna Reed Show

It's a Wonderful Life Michael Newton, 2023-09-07

Frank Capra's *It's a Wonderful Life* is one of the best loved films of Classical Hollywood cinema a story of despair and redemption in the aftermath of war that is one of the central movies of the 1940s and a key text in America's understanding of itself This is a film that remains relevant to our own anxieties and yearnings to all the contradictions of ordinary life while also enacting for us the quintessence of the classic Hollywood aesthetic Nostalgia humour and a tough resilience weave themselves through this movie intertwining it with the fraught cultural moment of the end of World War II that saw its birth It offers a still

compelling merging of fantasy and realism that was utterly unique when it was first released and has rarely been matched since Michael Newton's study of the film investigates the source of its extraordinary power and its long lasting impact. He begins by introducing the key figures in the movie's production notably director Frank Capra and star James Stewart and traces the making of the film and then provides a brief synopsis of the film considering its aesthetic processes and procedures touching on all those things that make it such an astonishing film. Newton's careful analysis explores all those aspects of the film that are fundamental to our understanding of it particularly the way in which the film brings tragedy and comedy together. Finally Newton tells the story of the film's reception and afterlife accounting for its initial relative failure and its subsequent immense popularity.

Searching for John Ford Joseph McBride, 2011-02-11 John Ford's classic films such as Stagecoach The Grapes of Wrath How Green Was My Valley The Quiet Man and The Searchers have earned him worldwide admiration as America's foremost filmmaker a director whose rich visual imagination conjures up indelible deeply moving images of our collective past. Joseph McBride's *Searching for John Ford* described as definitive by both the New York Times and the Irish Times surpasses all other biographies of the filmmaker in its depth originality and insight. Encompassing and illuminating Ford's myriad complexities and contradictions McBride traces the trajectory of Ford's life from his beginnings as Bull Feeney the nearsighted football playing son of Irish immigrants in Portland Maine to his recognition after a long controversial and much honored career as America's national mythmaker. Blending lively and penetrating analyses of Ford's films with an impeccably documented narrative of the historical and psychological contexts in which those films were created McBride has at long last given John Ford the biography his stature demands. *Historical Dictionary of the 1940s*

The Women Who Made Television Funny David C. Tucker, 2015-03-26 Most of the bright and talented actresses who made America laugh in the 1950s are off the air today but their pioneering Hollywood careers irrevocably changed the face of television comedy. These smart and sassy women successfully negotiated the hazards of the male dominated workplace with class and humor and the work they did in the 1950s is inventive still by today's standards. Unable to fall back on strong language shock value or racial and sexual epithets the female sitcom stars of the 1950s entertained with pure talent and screen savvy. As they did so they helped to lay the foundation for the development of television comedy. This book pays tribute to 10 prominent television actresses who played lead roles in popular comedy shows of the 1950s. Each chapter covers the works and personalities of one actress: Lucille Ball I Love Lucy Gracie Allen The George Burns and Gracie Allen Show Eve Arden Our Miss Brooks Spring Byington December Bride Joan Davis I Married Joan Anne Jeffreys Topper Donna Reed The Donna Reed Show Ann Sothern Private Secretary and The Ann Sothern Show Gale Storm My Little Margie and The Gale Storm Show Oh Susanna and Betty White Life with Elizabeth.
