another approach to the subject by relating important Spanish Baroque paintings and painters to their cultural milieu A critical survey of the historiography of seventeenth century Spanish painting introduces this two part collection of essays Part One provides the most detailed study to date of the artistic literary academy of Francisco Pacheco and Part Two contains original studies of four major painters and their works Las Meninas of Velázquez Zurbarán's decoration of the sacristy at Guadalupe and the work by Murillo and Valdés Leal for the Brotherhood of Charity Seville The essays are unified by the author's intention to show how the artists interacted with and responded to the prevailing social theological and historical currents of the time While this contextual approach is not uncommon in the study of European art it is newly applied here to restore some of the diversity and substance that Spanish Baroque painting originally possessed
