## **Inca Death Squad:**

The Inca Death Squad Nick Carter,1972      *Dark Places and Little Tramps* Juri Nummelin,2025-05-15 *Dark Places and Little Tramps* collects Juri Nummelin's writings on noir hardboiled sleaze and other literary genres of yesteryear. The author has written extensively about genre fiction and popular culture for more than four decades but this new volume is the first publication of his writings in English. Among many other subjects it features a lengthy section on neo noir and writers like Gillian Flynn, Allan Guthrie, Jason Starr and Duane Swierczynski. He also investigates British spy and crime fiction and includes chapters on western and horror. Nummelin shines new light on many of these areas such as the largely forgotten topic of sleaze paperbacks.

**Serial Vigilantes of Paperback Fiction** Bradley Mengel,2009-10-21 Rough justice has often been served in the pages of serial novels, notably beginning with Don Pendleton's *The Executioner* in 1969. This is the first overview of the serial vigilante genre which featured such hard-boiled protagonists as Nick Carter, Mark Stone, Jake Brand and Able Team among the 130 series that followed. Pendleton's novel *Serial vigilantes* repeatedly take the law into their own hands, establishing and imposing their own moral standards, usually by force. The book examines the connections between the serial vigilante and the pulp hero that preceded him and how the serial vigilante has influenced a variety of tough guys, private eyes, spies and cops in different media. A complete bibliography for each series is featured.

*American Rivals of James Bond* Graham Andrews,2023-02-27 This is a critical history of spy fiction film and television in the United States with a particular focus on the American fictional spies that rivaled and were often influenced by Ian Fleming's James Bond. James Fenimore Cooper's Harvey Birch, based on a real-life counterpart, appeared in his novel *The Spy* in 1821. While Harvey Birch's British rivals dominated spy fiction from the late 1800s until the mid 1930s, American spy fiction came of age shortly thereafter. The spy boom in novels and films during the 1960s, spearheaded by Bond, heavily influenced the espionage genre in the United States for years to come, including series like *The Man from U N C L E* and *Matt Helm*. The author demonstrates that while American authors currently dominate the international spy fiction market, James Bond has cast a very long shadow for a very long time.
