Incertain Silence:

The Persistence of the Human Matthew Escobar, 2016-09-07 Recent narrative fiction and film increasingly exploit explore and thematize the embodied mind revealing the tenacity of a certain brand of humanism The presence of narratively based concepts of personal identity even in texts which explore posthuman possibilities is strong proof that our basic understanding of what it means to be human has despite appearances remained mostly unchanged This is so even though our perception of time has been greatly modified by the same technology which both interrupts and allows for the rearrangement of our experience of time at a rate and a level of ease which until recently had never been possible Basing his views on a long line of philosophers and literary theorists such as Paul Ricoeur Daniel Dennett and Francisco Varela Escobar maintains in *The Persistence of the Human* that narrative plays an essential role in the process of constituting and maintaining a sense of self It is narrative's effect on the embodied mind which gives it such force Narrative projects us into possible spaces shaping a temporary corporeality termed the meta body a hybrid shared by the lived body and an imagined corporeal sense The meta body is a secondary embodiment that we inhabit for however long our narrative immersion lasts something which in today's world may be a question of milliseconds or hours The more agreeable the meta body is the less happy we are upon being abruptly removed from it though the return is essential We want to be able to slip back and forth between this secondary embodiment and that of our lived body each move entails both forgetting and remembering different subject positions loss and recuperation being salient themes in the works which highlight this process The negotiation of the transfer between these states is shaped by culture and technology and this is something which is precisely in flux now as multiple ephemeral narrative immersion experiences are created by the different screens we come into contact with

In Certain Circles Elizabeth Harrower, 2014-04-23 Winner Voss Literary Prize 2015 *In Certain Circles* is the long lost final novel by the internationally acclaimed author of *The Watch Tower* Zoe Howard is seventeen when her brother Russell introduces her to Stephen Quayle Aloof and harsh Stephen is unlike anyone she has ever met a weird irascible character out of some dense Russian novel His

sister Anna is shy and thoughtful a little orphan Zoe and Russell Stephen and Anna they may come from different social worlds but all four will spend their lives moving in and out of each other's shadow Set amid the lush gardens and grand stone houses that line the north side of Sydney Harbour In Certain Circles is an intense psychological drama about family and love tyranny and freedom Elizabeth Harrower was born in Sydney in 1928 and moved to London in 1951 She travelled extensively and began to write fiction Her first novel Down in the City was published in 1957 and was followed by The Long Prospect a year later In 1959 she returned to Sydney where she began working for the ABC and as a book reviewer for the Sydney Morning Herald In 1960 she published The Catherine Wheel the story of an Australian law student in London her only novel not set in Sydney The Watch Tower appeared in 1966 No further novels were published until May 2014 when Harrower's lost novel In Certain Circles was released Her work is austere intelligent ruthless in its perceptions about men and women She was admired by many of her contemporaries including Patrick White and Christina Stead and is without doubt among the most important writers of the postwar period in Australia Elizabeth Harrower died in Sydney on 7 July 2020 at the age of ninety two In Certain Circles is a pin sharp psychological drama about two pairs of siblings set on the shores of Sydney Harbour Harrower's searing spare prose is breathtaking as is her depiction of dashed promise and the gulf between the sexes Di Speirs BBC Radio Books Editor Harrower was right about In Certain Circles being well written but surely wrong to take its superb style for granted as if mere literary muscle memory Like the rest of her work the novel is severely achieved the coolly exact prose cannot be distinguished from the ashen exhaustion of its tragic fires The book belongs with her best work with The Watch Tower and The Long Prospect It is more explicit than Harrower's earlier work about ideological tensions between men and women It is also broader in scope and not as angry wiser and less hopeless James Wood New Yorker Harrower can pierce your heart Michael Dirda Washington Post A scandalously overlooked writer Michelle de Kretser She is brilliant on power isolation and class Ramona Koval Australian In Certain Circles is subtle yet wounding and very much alive Guardian Australia Reading In Certain Circles gave me the thrill that only comes from the work of a major novelist The Conversation Her insights into the nature of love the role of women and the torsions of power in even the most ordinary relationship are bitter and sometimes cruel wielded in the way that acute honesty may be like a whip Yet they are always delivered via the honeyed dipper of her prose Geordie Williamson Monthly Her portrait of two north shore Sydney families stands without stoop or shrug in a tradition of genius that includes Jane Austen Henry James and Shirley Hazard I felt like I was looking really looking at life in a way that Iris Murdoch might call moral Sydney Morning Herald The Power of Silence Colum Kenny, 2018-03-21 This book demonstrates that silence is eloquent powerful beautiful and even dangerous It surrounds and permeates our daily lives Drawing on a wide range of cross cultural literary and historical sources the author explores the uses and abuses of silence He explains how silence is not associated with solitude alone but has a much broader value within society The main themes of The Power of Silence are positive and negative uses of silence and the various ways

in which silence has been understood culturally socially and spiritually The book s objectives are to equip people with a better appreciation of the value of silence and to enable them to explore its benefits and uses more easily for themselves

Im on the road again in my car I think Ive been here before it looks familiar to me The ocean looks different when the moon hits it at night Even the road looks longer from the shine The same mountains and curves nothing has changed since I last came out this way Somehow I feel this trip is different though like it has a reason for my coming Im in the driveway now Lots of cars are here The house is the same as always Im looking up at the window no one is there as usual I put my key in the door and open it as I walk inside It seems like I should know Im home but this isnt my house Its always the same feeling and I tell myself maybe tonight will be different I reach the stairs and there he is waiting for me His hand is outstretched but I wont take it I cant breathe I have to leave Im in my car now and driving away fast Hes in the window now looking at me as I drive away I can see you standing there in the distance I know youre there I can hear your

voice I know you're near me You are just the way I imagined you too be I have had this dream since I was 13 years old
