## **Individualism And Educational Theory:**

Individualism and Educational Theory J. Watt, 2012-12-06      *The Evolution of the Concept of Individualism in Educational Theory* Menno Simon Kuehny, 1928      The SAGE Handbook of Philosophy of Education Richard Bailey, Robin Barrow, David Carr, Christine McCarthy, 2010-03-23 This book provides an authoritative yet accessible guide to the Philosophy of Education its scope its key thinkers and movements and its potential contribution to a range of educational concerns The text offers a balanced view of three key dimensions first in giving an equal weight to different styles and modes of philosophy second by including past and present perspectives on philosophy of education and third in covering both the general perennial issues in philosophy and issues of more contemporary concern Section one of the book exemplifies different styles of philosophy paying attention to the contemporary debates as to the nature possibilities and limitations of these different approaches to philosophy of education Section two is devoted to particular thinkers of the past and more general coverage of the history of philosophy of education Section three is dedicated to contemporary philosophic thought on education providing the basis and reference point for an exploration of contemporary issues The handbook is designed primarily to be useful to students studying the field of philosophy of education in the context of the study of educational foundations or theory But it is also designed to be of use to practising teachers who wish to gain easy access to current philosophical thinking on particular contemporary educational issues and to educationalists of all types who want a succinct guide to questions relating to the nature the history and the current state of the art of philosophy of education      **The Educational Theory of Jean Jacques Rousseau** William Boyd, 1911      *The Indiana School Journal*, 1898      **Individualism, Holism and the Central Dilemma of Sociological Theory** Jiří Šubrt, 2019-05-13 This book examines individualism and holism the two interpretive perspectives that have divided sociological theory into two camps examines attempts to overcome this antinomy and sets out a new approach to resolving this dilemma via critical reconfigurationism      **The Nature of Educational Theories** Tone Kvernbeek, 2021-06-16 This important book offers a meta theoretical account of educational theories and how they work It offers a classification scheme of distinct types of educational theory in which the account developed can inform the work of educational theorists and practitioners Kvernbeek observes throughout how meta theoretical knowledge of the structure of theory types will improve the understanding and representation of educational phenomena and enhance theorists and practitioners ability to change those phenomena for the better She explains how philosophical accounts of scientific theories can help us understand the nature of educational theories by applying two influential but different theory conceptions the Received View and the Semantic Conception to the field of education Kvernbeek argues that educational theories like other scientific theories are representational devices that allow us to understand describe and explain phenomena and when desired to change them The classification scheme offered allows us to discriminate distinct types of educational theory goal directed equivalence and interlevel theories Examples of all three types are discussed explaining their structure what they

say about the phenomena and how they say it The book also offers a critical overview of different conceptions of practice and different understandings of the theory practice relationship Encouraging a strong understanding of what theories say about the phenomena they represent this book will be of interest to educational researchers and postgraduate students in the fields of philosophy of education education theory and education policy and to philosophers of science and philosophers working on practical philosophical issues

**On the Politics of Educational Theory** Tomasz Szkudlarek,2016-11-03 On the Politics of Educational Theory considers the political significance of educational theory as a specific genre of public discourse Rather than understanding educational theories solely as addressing issues of childrearing and instruction this book aims to view educational theories in a broader socio political context It explores the role of educational theories in the construction of collective and political identities and analyses them as rhetorical strategies operating as political discourses Defining the methodological framework through the perspectives of Michel Foucault and Ernesto Laclau each chapter examines the ways in which theories of education contribute to the creation of social realities and identities Such issues as the construction of visibility and invisibility of power the tropes of temporality or the use of postulational language where theorists say what should be done in and by education are some of the threads that weave through particular theories from Rousseau to the discourse of education in the knowledge based society analysed as ontological rhetorics constitutive of political identities This book suggests a direction for a more conscious way of dealing with the political in education As such it will appeal to researchers academics and postgraduate students in the fields of educational research philosophy of education curriculum studies social and political theory and theory of education The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9781315712505> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
