Intermezzo Poems:

Intermezzo George Gorin, 1984 *Heine's poems* Heinrich Heine, 1906 **Intermezzo. [Poems.].** Henrik SCHOLTE, 1927 *The Complete Songs of Hugo Wolf* Richard Stokes, 2021-10-08 The Complete Songs of Hugo Wolf gathers together for the first time every poem Wolf set to music Alongside the original German texts are translations by leading Lieder expert Richard Stokes who also provides illuminating commentary The 36 poets set by Wolf are each given their own chapter a brief essay on the poet is followed by a note on Wolf's connection with the writer extracts from letters that throw light on the Songs and convey his mood at the time of composition and the texts and translations Short biographies of all Wolf's correspondents flesh out the extraordinary life of this genius This will be an indispensable volume for all lovers of Lieder *Heine's Lyrical Intermezzo* Raymond Charles Meyer, 1979 *Schumann's Dichterliebe and Early Romantic Poetics* Beate Julia Perrey, 2002 This book offers a theory of Romantic song by re-evaluating Schumann's *Dichterliebe* of 1840 one of the most enigmatic works of the repertoire It investigates the poetics of Early Romanticism in order to understand the mysterious magnetism and singular imaginative energy that imbues Schumann's musical language The Romantics rejected the ideal of a coherent and organic whole and cherished the suggestive openness of the Romantic fragment the disconcerting tone of Romantic irony and the endlessness of Romantic reflection thereby realizing an aesthetic of fragmentation Close readings of many songs from *Dichterliebe* show the singer's intense involvement with the piano's voice suggesting a split Self and the presence of the Other Seeing Schumann as the second poet of the poem here of Heine's famous *Lyrisches Intermezzo* this book considers essential issues of musico-poetic intertextuality introducing into musicology a hermeneutic that seeks to synthesize philosophical literary critical music analytical and psycho-analytical modes of thought *Poems* Heinrich Heine, 1906 **MLN.**, 1902 Provides image and full text online access to back issues Consult the online table of contents for specific holdings *Dichterliebe* Robert Schumann, 1912 *Valiant Heart* Philip Kossoff, 1983 Depicts the life of the distinguished German author Heinrich Heine discusses his romances and friendships and analyzes his poetry and prose *Retracing a Winter's Journey* Susan Youens, 2013-01-15 I like these songs better than all the rest and someday you will too Franz Schubert told the friends who were the first to hear his song cycle *Winterreise* These lieder have always found admiring audiences but the poetry he chose to set them to has been widely regarded as weak and trivial Susan Youens looks not only at Schubert's music but at the poetry drawn from the works of Wilhelm Müller who once wrote in his diary perhaps there is a kindred spirit somewhere who will hear the tunes behind the words and give them back to me Youens maintains that Müller in depicting the wanderings of the alienated lover produced poetry that was simple but not simple-minded poetry that embraced simplicity as part of its meaning In her view Müller used the ruder folk forms to give his verse greater immediacy to convey more powerfully the wanderer's complex inner state Youens addresses many different aspects of *Winterreise* the cultural milieu to which it belonged the genesis of both the poetry and the music Schubert's transformation

of poetic cycle into music the philosophical dimension of the work and its musical structure *Of Poetry and Song* Ann Clark Fehn, 2010 This is an anthology of interdisciplinary studies of text music relations in the German Lied The chapters were written by two musicologists and two literature specialists An extensive introduction also considers the fruitful ways in which the four authors meet the challenge of combining literary and musical analysis **The Delineator** R. S. O'Loughlin, H. F. Montgomery, Charles Dwyer, 1904 Issue for Oct 1894 has features articles on Mount Holyoke College and Millinery as an employment for women *Researching the Song* Shirlee Emmons, Wilbur Watkin Lewis, 2008 Original publication and copyright date 2006 *Song of Songs*, 2011-04-26 The book puts forward a literal interpretation of the Song of Songs which the author sees as advancing a theology of human love From the literary angle particular importance is awarded to the structure of the poem highlighting its strongly unitary character **Index to Poetry in Music** Carol June Bradley, 2014-03-18 Encompassing both the art song and Lieder traditions the book includes comprehensive lists of the compositions of 125 major western composers identities of the poets who wrote the lyrics titles used by respective composers with cross references from variant titles used by other composers cross references from the first lines publishers of the individual songs location of individual songs within the collected works of individual composers and date of composition With this resource a reader can find the songs written by a particular composer who published a specific song and which composers might have set a particular poem to music Bradley's guide offers a user friendly contemporary index of information for which scholars previously had to search extensively *A Brief History of German Literature* George Madison Priest, 1909 [The New Mirror](#), 1843 [The Routledge Handbook of Latin American Literary Translation](#) Delfina Cabrera, Denise Kripper, 2023-03-24 The Routledge Handbook of Latin American Literary Translation offers an understanding of translation in Latin America both at a regional and transnational scale Broad in scope it is devoted primarily to thinking comprehensively and systematically about the intersection of literary translation and Latin American literature with a curated selection of original essays that critically engage with translation theories and practices outside of hegemonic Anglo centers In this introductory volume through survey and case study chapters contributing authors cover literary and cultural translation in the region historically geographically and linguistically From the nineteenth to the twenty first century the chapters focus on issues ranging from the role of translation in the construction of national identities to the challenges of translation in the current digital age Areas of interest expand from the United States to the Southern Cone including the Caribbean and Brazil as well as the impact of Latin American literature internationally and paying attention to translation from and to indigenous languages Portuguese English French German Chinese Spanglish and more The first of its kind in English this Handbook will shed light on different translation approaches and invite a rethinking of intercultural and interlingual exchanges from Latin American viewpoints This is key reading for all scholars researchers and students of literary translation studies Latin American literature and comparative literature **Franz Schubert** Graham
