**The Ancient Story of God-With-Us** Ray C. Robles,2025-04-08 What is forming you We often assume that our identities are formed and created only when we intend them to be But what if our quest for discerning the deepest truths about ourselves our God and our world are already governed by appetites and ways of thinking that are so fixed in our collective imaginations we don t even know that they re there This book is aimed at exposing those hidden assumptions that have kept us feeling like God is distant while we remain divided anxious and afraid despite our best efforts to overcome through private prayer and Bible reading The Ancient Story of God With Us is about the good news that you don t have to think or pray your way out of this wilderness by yourself Through our storied identity with God we have been gifted deep wells from which to draw again and again as the Spirit woos us deeper into the inexhaustible mystery of the triune God with us God is alive We have nothing to fear

Freedom and Equality Clare Chambers,2024-03-13 Should the state recognise gender Can a liberal state discourage traditional family structures Is women s sport compatible with equality of opportunity Should feminists defend women s freedom to choose cosmetic surgery Is genital cutting always wrong or is it only wrong for girls Freedom and Equality investigates the contours of feminist liberalism a philosophical approach that is appealing but elusive Its hallmark is a liberalism that prioritises equality and individual autonomy while offering a rigorous critique of using individuals choices as the measure of justice Liberalism without feminism prioritises individual choice a strategy that has played a crucial role in the liberal defence of freedom against authoritarianism and conformity However as feminism shows relying on individual choice is insufficient to render an outcome just because people often choose things that harm or disadvantage themselves From beauty norms to the gendered division of labour from marriage to religion women and men choose to arrange their lives in ways that perpetuate inequality Often these choices are made in response to social norms including unjust unequal or harmful norms It follows that relying on individual choice as a measure of justice actually leaves unjust social structures intact Any defender of autonomy and equality must be prepared to criticise individuals choices while prioritising individual choosers The essays in this collection cover a wide range of issues fundamental to liberalism to feminism and to their intersection They explore the foundational philosophical concepts of choice equality of opportunity ideology and the state and they engage directly with key political controversies including women s sport the state recognition of gender the regulation of cosmetic and cultural surgeries and state action to secure equality in the family Clare Chambers argues that feminist liberalism is both possible and necessary It is possible because the two doctrines of feminism and liberalism are compatible their fundamental values of freedom and equality aligned But feminism is necessary because liberalism has shown that it is simply not up to the task of securing

gender equality and women s liberation alone      **Heavenly Arcana which are in the Sacred Scripture Or Word of the Lord, Laid Open, Together with Wonderful Things which Were Seen in the World of Spirits and in the Heaven of Angels** Emanuel Swedenborg,1838
