Finding God in a Leaf Brian Grogan, 2021-04-01
God Pope Francis affirms is present in nature and he wants us to share that perspective because he believes that it can generate in us a sense of wonder awe reverence and love for nature in all its aspects This sense will make us strong enough to dedicate ourselves to the demanding task of caring for what he calls our common home When my home is under threat I will fight tooth and nail to protect it and those living in it because I love it Such commitment is needed today if our small and fragile planet is to be brought back to health Brian Grogan brings the background of Ignatian spirituality and a lived appreciation of God's creation to his book of meditations on Pope Francis Encyclical Laudato Si Rather than an exhaustive explanation of the encyclical this book serves as a daily invitation to notice in ordinary creation the invitation of God to love and care for all God's creation Read slowly each morning it could give a focus for living the day in recognising God in all things and the call of God to be a co creator of his beautiful world each day

Granada Steven

Nightingale,2015-02-01 Andalusia ancient homeland of the mysterious Iberians birthplace of Roman emperors seedbed of modern Anarchism and unmarked gravesite of Spain s greatest lyric poet Perhaps most importantly Andalusia is home to the city of Granada where a hybrid culture composed of Islamic Jewish and Christian traditions gave rise to an intellectual vanguard whose achievements can be compared only with those of classical Athens Ming China or Renaissance Italy Granada resident Steven Nightingale excavates the rich past of his adopted city and its surrounding countryside finding there a lavish

story of utopian ecstasy political intrigue and finally anguish Part of that region in southern Spain named by its Islamic rulers Al Andalus medieval Granada witnessed a flourishing of poetry in several languages the first modern translations of Greek philosophy the birth of algebra and the construction of architectural masterpieces such as the Alhambra and the Generalife Yet with Ferdinand and Isabella s sack of Granada in 1492 regarded as the culmination of the Reconquista which sought to reclaim Spain for the Vatican a Catholic mythology of Spain began to erode Granada s centuries old reputation as an artistically vital haven for multiple ethnic and religious groups Linking the disastrous afterlife of the Reconquista to the Catholic nationalism of the Franco regime whose execution of Granadan poet Federico Garcia Lorca symbolizes the suppression of Andalusia s cultural heritage Nightingale demonstrates the extent to which this Catholic triumphalism also obscured the source of much cultural wealth bequeathed by Al Andalus to Christian Europe Nightingale s own account of the region s medieval zenith recovers the intellectual pageantry and aesthetic splendor of this astounding period in Western history and the marvelous city that was its cultural center *The Country Gentleman* ,1856 *Comfort* ,1922 *A Manual of English Literature and of the History of the English Language* George Lillie Craik,1883 **Sketches of the History of Literature and Learning in England from the Norman Conquest to the accession of Elizabeth.
