Tropics of Savagery Robert Thomas Tierney, 2010-05-20 *Tropics of Savagery* is an incisive and provocative study of the figures and tropes of savagery in Japanese colonial culture Through a rigorous analysis of literary works ethnographic studies and a variety of other discourses Robert Thomas Tierney demonstrates how imperial Japan constructed its own identity in relation both to the West and to the people it colonized By examining the representations of Taiwanese aborigines and indigenous Micronesians in the works of prominent writers he shows that the trope of the savage underwent several metamorphoses over the course of Japan's colonial period violent headhunter to be subjugated ethnographic other to be studied happy primitive to be exoticized and hybrid colonial subject to be assimilated *Colonizer and Colonized*, 2021-11-08 Over the last two decades the experiences of colonization and decolonization once safely relegated to the margins of what occupied students of history and literature have shifted into the latter's center of attention in the West as elsewhere This attention does not restrict itself to the historical dimension of colonization and decolonization but also focuses upon their impact upon the present for both colonizers and colonized The nearly fifty essays here gathered examine how literature now and in the past keeps and has kept alive the experiences both individual and collective of colonization and decolonization The contributors to this volume hail from the four corners of the earth East and West North and South The authors discussed range from international luminaries past and present such as Aphra Behn Racine Blaise Cendrars Salman Rushdie Graham Greene Derek Walcott Guimar es Rosa J M Coetzee Andr Brink and Assia Djebar to less known but certainly not lesser authors like Gioconda Belli Ren Depestre Amadou Kon Elisa Chimenti Sapho Arthur Nortje Es kia Mphahlele Mark Behr Viktor Paskov Evelyn Wilwert and Le la Houari Issues addressed include the role of travel writing in forging images of foreign lands for domestic consumption the reception and translation of Western classics in the East the impact of contemporary Chinese cinema upon both native and Western audiences and the use of Western generic novel conventions in modern Egyptian literature **Under an Imperial Sun** Faye Yuan Kleeman, 2003-09-30 *Under an Imperial Sun* examines literary linguistic and cultural representations of Japan's colonial South nanp Building on the most recent scholarship from Japan Taiwan and the West it takes a cross cultural multidisciplinary comparative approach that considers the views of both colonizer and colonized as expressed in travel accounts and popular writing as well as scholarly treatments of the area's

cultures and customs Readers are introduced to the work of Japanese writers Hayashi Fumiko and Nakajima Atsushi who spent time in the colonial South and expatriate Nishikawa Mitsuru who was raised and educated in Taiwan and tried to capture the essence of Taiwanese culture in his fictional and ethnographic writing The effects of colonial language policy on the multilingual environment of Taiwan are discussed as well as the role of language as a tool of imperialism and as a vehicle through which Japan's southern subjects expressed their identity one that bridged Taiwanese and Japanese views of self Struggling with these often conflicting views Taiwanese authors including the Nativists Yang Kui and L Heruo and Imperial Subject writers Zhou Jinpo and Chen Huoquan expressed personal and societal differences in their writing This volume looks closely at their lives and works and considers the reception of this literature the Japanese language literature of Japan's colonies both in Japan and in the former colonies Finally it asks What do these works tell us about the specific example of cultural hybridity that arose in Japanese occupied Taiwan and what relevance does this have to the global phenomenon of cultural hybridity viewed through a postcolonial lens
